We just found out WI is 48th in defense spending. I also had listed "town governments" twice in the relating to clause. Please knock out the first one. This one should be good to go.

Importance: High

Peter, there are a couple of other corrections that need to be made, and then we should be good:

- ✓ On line 8 of lrb 4448/1, please change to: "per state, receiving \$512 less per capita than the average state; and" (million is struck out and per capita added)
- ✓ Also, pls. change \$297 to \$298 in the new defense spending whereas. The actual number is \$297.95 and needs to be rounded up.

Thank you and sorry for the confusion.

Susan Marcott
