- (c) Interest shall cease to accrue on an appropriation obligation on the date that the obligation becomes due for payment if payment is made or duly provided for, but the obligation and accrued interest shall continue to be a binding obligation according to its terms until 6 years overdue for payment, or such longer period as may be required by federal law. At that time, unless demand for its payment has been made, it shall be extinguished and considered no longer outstanding.
- (d) All money borrowed by the state pursuant to evidences of appropriation obligation issued under this section shall be lawful money of the United States, and all appropriation obligations shall be payable in such money.
- (e) At the time of, or in anticipation of, contracting for the appropriation obligations and at any time thereafter so long as the appropriation obligations are

- outstanding, the department may enter into agreements and ancillary arrangements relating to the appropriation obligations, including trust indentures, liquidity facilities, remarketing or dealer agreements, letter of credit agreements, insurance policies, guaranty agreements, reimbursement agreements, indexing agreements, or interest exchange agreements. Any payments made or received pursuant to any such agreement or ancillary arrangement shall be made from or deposited into a program revenue appropriation account in the general fund.
- (f) All evidences of appropriation obligation owned or held by any state fund are outstanding in all respects and the state agency controlling the fund shall have the same rights with respect to an evidence of appropriation obligation as a private party, but if any sinking fund acquires evidences of appropriation obligation that gave rise to such fund, the obligations are considered paid for all purposes and no longer outstanding and shall be canceled as provided in sub. (8) (e). All evidences of appropriation obligation owned by any state fund shall be registered to the fullest extent registrable.
- (g) The state shall not be generally liable on evidences of appropriation obligation and evidences of appropriation obligation shall not be a debt of the state for any purpose whatsoever. Evidences of appropriation obligation, including the principal thereof and interest thereon, shall be payable only from amounts that the legislature may, from year to year, appropriate for the payment thereof.
- (5) PROCEDURES. (a) No evidence of appropriation obligation may be issued by the state unless the issuance is pursuant to a written authorizing certification. The certification shall set forth the aggregate principal amount of appropriation obligations authorized thereby, the manner of sale of the evidences of appropriation

obligation, and the form and terms thereof. The certification shall be signed by the secretary, or his or her designee, and shall be transmitted to the governor.

- (b) Appropriation obligations may be sold at either public or private sale and may be sold at any price or percentage of par value. The department may provide in any authorizing certification for refunding obligations under sub. (7) that they be exchanged privately in payment and discharge of any of the outstanding obligations being refinanced. All appropriation obligations sold at public sale shall be noticed as provided in the authorizing certification. Any bid received at public sale may be rejected.
- **(6)** FORM. (a) Evidences of appropriation obligation may be in the form of bonds, notes, or other evidences of obligation, and may be issued in book–entry form or in certificated form. Notwithstanding s. 403.104 (1), every evidence of appropriation obligation is a negotiable instrument.
- (b) Every evidence of appropriation obligation shall be executed in the name of and for the state by the governor and shall be sealed with the great seal of the state or a facsimile thereof. The facsimile signature of the governor may be imprinted in lieu of the manual signature of such officer, as the department directs, if approved by such officer. An evidence of appropriation obligation bearing the manual or facsimile signature of a person in office at the time such signature was signed or imprinted shall be fully valid notwithstanding that before or after the delivery thereof such person ceased to hold such office.
- (c) Every evidence of appropriation obligation shall be dated not later than the date issued, shall contain a reference by date to the appropriate authorizing certification, shall state the limitation established in sub. (4) (g), and shall be in accordance with the authorizing certification.

- (d) An evidence of appropriation obligation shall be in such form and contain such statements or terms as determined by the department, and may not conflict with law or with the appropriate authorizing certification.
- (7) Refunding obligations. (a) 1. The department may authorize the issuance of appropriation obligation refunding obligations. Refunding obligations may be issued, subject to any contract rights vested in owners of obligations being refinanced, to refinance all or any part of one or more issue of obligations notwithstanding that the obligations may have been issued at different times. The principal amount of the refunding obligations may not exceed the sum of: the principal amount of the obligations being refinanced; applicable redemption premiums; unpaid interest on the obligations to the date of delivery or exchange of the refunding obligations; in the event the proceeds are to be deposited in trust as provided in par. (c), interest to accrue on the obligations from the date of delivery to the date of maturity or to the redemption date selected by the department, whichever is earlier; and the expenses incurred in the issuance of the refunding obligations and the payment of the obligations.
- 2. A determination by the department that a refinancing is advantageous or that any of the amounts provided subd. 1. should be included in the refinancing shall be conclusive.
- (b) If the department determines to exchange refunding obligations, they may be exchanged privately for and in payment and discharge of any of the outstanding obligations being refinanced. Refunding obligations may be exchanged for such principal amount of the obligations being exchanged therefor as may be determined by the department to be necessary or advisable. The owners of the obligations being refunded who elect to exchange need not pay accrued interest on the refunding

- obligations if and to the extent that interest is accrued and unpaid on the obligations being refunded and to be surrendered. If any of the obligations to be refinanced are to be called for redemption, the department shall determine which redemption dates are to be used, if more than one date is applicable and shall, prior to the issuance of the refunding obligations, provide for notice of redemption to be given in the manner and at the times required by the certification authorizing the outstanding obligations.
- (c) 1. The principal proceeds from the sale of any refunding obligations shall be applied either to the immediate payment and retirement of the obligations being refinanced or, if the obligations have not matured and are not presently redeemable, to the creation of a trust for and shall be pledged to the payment of the obligations being refinanced.
- 2. If a trust is created, a separate deposit shall be made for each issue of appropriation obligations being refinanced. Each deposit shall be with the secretary of administration or a bank or trust company that is a member of the Federal Deposit Insurance Corporation. If the total amount of any deposit, including money other than sale proceeds but legally available for such purpose, is less than the principal amount of the obligations being refinanced and for the payment of which the deposit has been created and pledged, together with applicable redemption premiums and interest accrued and to accrue to maturity or to the date of redemption, then the application of the sale proceeds shall be legally sufficient only if the money deposited is invested in securities issued by the United States or one of its agencies, or securities fully guaranteed by the United States, and only if the principal amount of the securities at maturity and the income therefrom to maturity will be sufficient and available, without the need for any further investment or reinvestment, to pay

- at maturity or upon redemption the principal amount of the obligations being refinanced together with applicable redemption premiums and interest accrued and to accrue to maturity or to the date of redemption. The income from the principal proceeds of the securities shall be applied solely to the payment of the principal of and interest and redemption premiums on the obligations being refinanced, but provision may be made for the pledging and disposition of any surplus.
- 3. Nothing in this paragraph may be construed as a limitation on the duration of any deposit in trust for the retirement of obligations being refinanced that have not matured and that are not presently redeemable. Nothing in this paragraph may be construed to prohibit reinvestment of the income of a trust if the reinvestments will mature at such times that sufficient cash will be available to pay interest, applicable premiums, and principal on the obligations being refinanced.
- (8) FISCAL REGULATIONS. (a) The department shall act as registrar for each evidence of appropriation obligation. No transfer of a registered evidence of appropriation obligation is valid unless made on a register maintained by the department, and the state may treat the registered owner as the owner of the instrument for all purposes. Payments of principal and interest shall be by electronic funds transfer, check, share draft, or other draft to the registered owner at the owner's address as it appears on the register, unless the department has otherwise provided. Information in the register is not available for inspection and copying under s. 19.35 (1). The department may make any other provision respecting registration as it considers necessary or useful. The department may enter into a contract for the performance of any of its functions relating to appropriation obligations.

- (b) The department, or the department's agent, shall maintain records containing a full and correct description of each evidence of appropriation obligation issued, identifying it, and showing its date, issue, amount, interest rate, payment dates, payments made, registration, destruction, and every other relevant transaction.
- (c) The secretary may appoint one or more trustees and fiscal agents for each issue of appropriation obligations. The secretary may be denominated the trustee and the sole fiscal agent or a cofiscal agent for any issue of appropriation obligations. Every other fiscal agent shall be an incorporated bank or trust company authorized by the laws of the United States or of the state in which it is located to do a banking or trust company business. There may be deposited with a trustee, in a special account, moneys to be used only for the purposes expressly provided in the certification authorizing the issuance of evidences of appropriation obligation or an agreement between the department and the trustee. The department may make other provisions respecting trustees and fiscal agents as the department considers necessary or useful and may enter into a contract with any trustee or fiscal agent containing such terms, including compensation, and conditions in regard to the trustee or fiscal agent as the department considers necessary or useful.
- (d) If any evidence of appropriation obligation is destroyed, lost, or stolen, the department shall execute and deliver a new evidence of appropriation obligation, upon filing with the department evidence satisfactory to the department that the evidence of appropriation obligation has been destroyed, lost, or stolen, upon providing proof of ownership thereof, and upon furnishing the department with indemnity satisfactory to it and complying with such other rules of the department

- and paying any expenses that the department may incur. The department shall cancel the evidences of appropriation obligation surrendered to the department.
- (e) Unless otherwise directed by the department, every evidence of appropriation obligation paid or otherwise retired shall be marked "canceled" and delivered, through the secretary if delivered to a fiscal agent other than the secretary, to the auditor who shall destroy them and deliver to the department a certificate to that effect.

in this section, except that "state agency" does not include the department of employee trust funds or the investment board.

- (2) Lapses and transfers required. If obligations are issued under s. 16.526 or 16.527, or both, any executive budget bill prepared under s. 16.47 (1) shall require the secretary during the fiscal biennium to which the executive budget bill relates to lapse to the general fund from each appropriation of program revenues, program revenues—service, and federal revenues and to lapse to the applicable fund from each appropriation of segregated fund revenues, segregated fund revenues—service, and segregated federal revenues and subsequently transfer to the general fund an amount equal to that portion of the total amount of principal and interest to be paid on the obligations during the succeeding fiscal biennium that is allocable to the appropriation, as determined under sub. (3). The secretary shall ensure that each state agency includes in the program and financial information forwarded under s. 16.42 (1) an itemization of each amount that is required to be lapsed, or lapsed and transferred, under this subsection.
- (3) Determination of allocated amount. The secretary shall determine the amount of the allocations required under sub. (2) as follows:
- (a) The secretary shall first compute the total amount that would have been expended from all appropriations, had obligations under s. 16.526 or 16.527 not been issued, under s. 40.05 (2) (b) and (4) (b), (bc), and (bw) and subch. amount that would have been required to be expended from the appropriation, had
the obligations not been issued, under s. 40.05 (2) (b) and (4) (b), (bc), and (bw) and
subch. IX of ch. 40 during the fiscal biennium during which the obligations are
issued.

(c) For each appropriation identified under par. (b), the secretary shall then apply the percentage calculated under par. (b) to the total amount of principal and interest to be paid during the succeeding fiscal biennium on obligations issued under ss. 16.526 and 16.527. This amount is the portion of the total amount of principal and interest paid on the obligations during that fiscal biennium that is allocable to each appropriation.

SECTION 267. 18.58 (2) of the statutes is repealed.

SECTION 268. 18.60 (2) of the statutes is amended to read:

18.60 (2) If the commission determines to exchange refunding obligations, they may be exchanged privately for and in payment and discharge of any of the outstanding obligations or notes being refinanced. Refunding obligations may be exchanged for a like or greater principal amount of the obligations or notes being exchanged therefor except that the principal amount of the refunding obligations may exceed the principal amount of the obligations or notes being exchanged therefor only to the extent determined by the commission to be necessary or advisable to pay redemption premiums and unpaid interest to the date of exchange not otherwise provided for such principal amount of the obligations or notes being exchanged therefore as may be determined by the commission to be necessary or advisable. The owners of the obligations or notes being refunded who elect to exchange need not pay accrued interest on the refunding obligations if and to the extent that interest is accrued and unpaid on the obligations or notes being refunded and to be surrendered. If any of the obligations or notes to be refinanced are to be called for redemption, the commission shall determine which redemption dates shall be used, if more than one date is applicable and shall, prior to the issuance of the refunding obligations, provide for notice of redemption to be given in the manner and at the times required by the proceedings authorizing the outstanding obligations or notes.

SECTION 269. 18.60 (3) of the statutes is amended to read:

18.60 **(3)** The principal proceeds from the sale of any refunding obligations shall be applied either to the immediate payment and retirement of the obligations or notes being refinanced or, if the obligations or notes have not matured and are not

presently redeemable, to the creation of a trust for and shall be pledged to the payment of the obligations or notes being refinanced. If a trust is created, a separate deposit shall be made for each issue of obligations or notes being refinanced. Each deposit shall be with the state treasurer secretary of administration or a bank or trust company that is then a member of the federal deposit insurance corporation. If the total amount of any deposit, including money other than sale proceeds but legally available for such purpose, is less than the principal amount of the obligations or notes being refinanced and for the payment of which the deposit has been created and pledged, together with applicable redemption premiums and interest accrued and to accrue to maturity or to the date of redemption, then the application of the sale proceeds shall be legally sufficient only if the money deposited is invested in securities issued by the United States or one of its agencies, or securities fully guaranteed by the United States, and only if the principal amount of the securities at maturity and the income therefrom to maturity will be sufficient and available, without the need for any further investment or reinvestment, to pay at maturity or upon redemption the principal amount of the obligations or notes being refinanced together with applicable redemption premiums and interest accrued and to accrue to maturity or to the date of redemption. The income from the principal proceeds of the securities shall be applied solely to the payment of the principal of and interest and redemption premiums on the obligations or notes being refinanced, but provision may be made for the pledging and disposition of any surplus. Nothing in this subsection shall be construed as a limitation on the duration of any deposit in trust for the retirement of obligations or notes being refinanced, but which have not matured and which are not presently redeemable. Nothing in this subsection shall be construed to prohibit reinvestment of the income of a trust if the reinvestments

will mature at such times that sufficient cash will be available to pay interest, applicable premiums, and principal on the obligations or notes being refinanced.

SECTION 276. 19.36 (4) of the statutes is amended to read:

19.36 **(4)** Computer Programs and data. A computer program, as defined in s. 22.03 16.971 (4) (c), is not subject to examination or copying under s. 19.35 (1), but the material used as input for a computer program or the material produced as a product of the computer program is subject to the right of examination and copying, except as otherwise provided in s. 19.35 or this section.

Upon such notification both the state treasurer secretary of administration and the department, municipality, or director shall withhold all payments for compensation, reimbursement of expenses, and other obligations to the official until the board notifies the officers to whom notice of the delinquency was provided that the official has complied with this section.

Section 279. 19.45 (11) (a) of the statutes is amended to read:

(7), if the department determines that the amount paid to the department to purchase creditable service under this subsection, together with the amount transferred under a plan-to-plan transfer, is less than the amount that is required to purchase the creditable service, the department shall notify the participant of the amount of the shortfall. If payment of the amount of the shortfall is not received by the department within 30 calendar days after the date on which the department sends notice to the participant, the department shall complete the creditable service purchase transaction by prorating the amount of creditable service that is purchased based on the payment amount actually received and shall notify the participant of the amount and category of service that is credited. to be appropriated to match state funds, allow the individual the same rights as other
citizens, and at the same time protect the individual from exploitation, abuse and
degrading treatment. This chapter is designed to establish those services and assure
their availability to all persons when in need of them, and to place the least possible
restriction on personal liberty and exercise of constitutional rights consistent with
due process and protection from abuse, exploitation and neglect.

The court or the cooperating agency obtaining the evaluation shall request appropriate information which shall include at least the following:

SECTION 1510. 55.06 (9) (a) of the statutes is amended to read:

55.06 (9) (a) The court may order protective services under s. 55.05 (2) (d) as an alternative to placement. When ordering placement, the court, on the basis of the evaluation and other relevant evidence, shall order the appropriate board specified under s. 55.02 or an agency designated by it to protectively place the individual. Placement by the appropriate board or designated agency is subject to s. 46.279 and shall be made in the least restrictive environment consistent with the needs of the person to be placed and with the placement resources of the appropriate board specified under s. 55.02. section does not replace commitment of a person in need of acute psychiatric treatment under s. 51.20 or 51.45 (13). Placement Subject to s. 46.279, placement may be made to such facilities as nursing homes, public medical institutions, centers for the developmentally disabled under the requirements of s. 51.06 (3), foster care services and other home placements, or to other appropriate facilities but may not be made to units for the acutely mentally ill. If the appropriate board or designated agency proposes to place an individual who has a developmental disability in an intermediate facility or a nursing facility under an order under this paragraph, the county department, or, if s. 46.279 (4m) applies to the individual, the department or the department's contractor shall develop a plan under s. 46.279 (4) and furnish the plan to the board or agency and to the individual's guardian. The board or agency shall place the individual in a noninstitutional community setting in accord with the plan unless the court finds that placement in the intermediate facility or nursing facility is the most integrated setting, as defined in s. 46.279 (1) (bm), that is appropriate to the needs of the individual taking into account information presented by all affected parties. Placement in a locked unit shall require a specific finding of the court as to the need for such action. A placement facility may transfer a patient from a locked unit to a less restrictive environment without court approval.

If it is not feasible to notify the guardian in advance, written notice shall be provided immediately upon transfer, and notice shall also be provided to the court and to the board designated under s. 55.02 or an agency designated by it within a reasonable time, not to exceed 48 hours from the time of the transfer. Upon petition to a court by a guardian, ward, or attorney, or other interested person specifying objections to a transfer, or if the person is transferred to an intermediate facility or to a nursing facility, the court shall order a hearing, within 96 hours after filing of the petition, to determine whether there is probable cause to believe that the transfer is consistent with the requirements specified in par. (a) and is necessary for the best interests of the ward or, if the person is transferred to an intermediate facility or to a nursing facility, to determine if the intermediate facility or nursing facility is the most integrated setting, as defined in s. 46.279 (1) (bm), that is appropriate to the needs of the ward taking into account information presented by all affected parties. The court shall notify the ward, guardian, and petitioner of the time and place of the hearing, and a guardian ad litem shall be appointed to represent the ward. 55.06 **(9)** (c) Transfer Subject to s. 46.279, transfer to a more restrictive placement, including a locked unit, may be made with notice to the guardian, the court and appropriate board designated under s. 55.02 or an agency designated by it in the manner prescribed in par. (b). Upon petition by a guardian, ward or attorney,

or other interested person specifying objections to the transfer <u>or if the person has</u> a developmental disability and is transferred to an intermediate facility or a nursing <u>facility</u>, the court shall order a hearing as provided in par. (b).

The county department so notified or, if s. 46.279 (4m) applies, the department's contractor shall develop a plan under s. 46.279 (4) and furnish the plan to the court that ordered the placement and to the person's guardian. The court shall order that the person be transferred to the noninstitutional community setting in accordance with the plan unless the court finds that placement in the intermediate facility or nursing facility is the most integrated setting, as defined in s. 46.279 (1) (bm), that is appropriate to the needs of the person taking into account information presented by all affected parties.

Upon commencement of such an action in a court of record, the commission division of equal rights has no jurisdiction to process a complaint filed under s. 230.85 except to dismiss the complaint and, if appropriate, to assess costs under this paragraph.
