AN ACT ...; relating to: the budget.

Analysis by the Legislative Reference Bureau

EDUCATION

OTHER EDUCATIONAL AND CULTURAL AGENCIES

Under current law, the Technology for Educational Achievement in Wisconsin (TEACH) Board, which is attached to DOA for administrative purposes, administers certain educational technology programs, including programs under which the TEACH Board awards educational technology block grants to school districts and juvenile secured correctional facilities; awards educational technology training and technical assistance grants to cooperative educational service agencies (CESAs) and to consortia of school districts, charter school sponsors, juvenile secured correctional facilities, public library boards, and CESAs (consortia); provides educational technology infrastructure financial assistance to school districts, charter school sponsors, and public library boards; and provides subsidized telecommunications access to various educational agencies. The TEACH Board is also required to promote the efficient, cost-effective procurement, installation, and maintenance of educational technology by school districts, CESAs, technical college districts, and the University of Wisconsin (UW) System, to enter into cooperative purchasing agreements under which school districts and CESAs may contract for educational technology training for their professional employees, to coordinate the purchasing of educational technology materials, supplies, equipment, and contractual services by DOA for school districts, CESAs, technical college districts, and the UW System,

and to purchase educational technology equipment for use by school districts, CESAs, and public educational institutions and to permit those entities to purchase or lease, with an option to purchase, that equipment from the TEACH Board.

This bill eliminates the TEACH Board and the position of executive director of the TEACH Board and transfers to DPI all of the TEACH Board's duties, assets and liabilities, tangible personal property, contracts, rules and orders, and pending matters. The bill also eliminates all positions authorized for the TEACH Board, except for 2.0 federally funded positions, which, together with the incumbent employees holding those positions, are transferred to DPI. In addition, the bill eliminates the programs under which educational technology block grants are awarded to school districts and juvenile secured correctional facilities and educational technology training and technical assistance grants are awarded to CESAs and consortia and prohibits DPI from providing educational technology infrastructure financial assistance, other than forgiveness of ~~annual debt service costs on~~ loans previously provided, after the general effective date of the bill. Finally, the bill eliminates an annual grant of \$175,000 to the Racine Unified School District for training teachers and pupils in computers and eliminates certain obsolete appropriations relating to educational technology, including an appropriation of general purpose revenues for distance education and educational technology grants, an appropriation of program revenues for grants to public libraries for the installation of high-speed Internet data lines, an appropriation of program revenues received from a settlement with Ameritech Wisconsin for educational technology block grants, and an appropriation of program revenues received from the Wisconsin Advanced Telecommunications Foundation for educational technology block grants. ✓

For further information see the *state* fiscal estimate, which will be printed as an appendix to this bill.

Subject: Draft 666

Hi Gordon --

I noticed a minor problem in draft 666. In section 9141, the draft states that 2.0 FED positions will transfer to 20.255 (4) (mp). This is incorrect:

- ✓0.50 FTE FED will transfer to 20.255 (4)(mp)
- ✓0.50 FTE PR will transfer to 20.255 (1)(jr)
- ✓1.0 FTE GPR will transfer to 20.255 (4)(s) as a 1.0 FTE SEG position.

Sorry if I gave you some incorrect information! Best, Steve

FOR 2003-05 BUDGET — NOT READY FOR INTRODUCTION

AN ACT ..., relating to: the budget.

Analysis by the Legislative Reference Bureau

EDUCATION

OTHER EDUCATIONAL AND CULTURAL AGENCIES

Under current law, the Technology for Educational Achievement in Wisconsin (TEACH) Board, which is attached to DOA for administrative purposes, administers certain educational technology programs, including programs under which the TEACH Board awards educational technology block grants to school districts and juvenile secured correctional facilities; awards educational technology training and technical assistance grants to cooperative educational service agencies (CESAs) and to consortia of school districts, charter school sponsors, juvenile secured correctional facilities, public library boards, and CESAs (consortia); provides educational technology infrastructure financial assistance to school districts, charter school sponsors, and public library boards; and provides subsidized telecommunications access to various educational agencies. The TEACH Board is also required to promote the efficient, cost-effective procurement, installation, and maintenance of educational technology by school districts, CESAs, technical college districts, and the University of Wisconsin (UW) System, to enter into cooperative purchasing agreements under which school districts and CESAs may contract for educational technology training for their professional employees, to coordinate the purchasing of educational technology materials, supplies, equipment, and contractual services by DOA for school districts, CESAs, technical college districts, and the UW System,

and to purchase educational technology equipment for use by school districts, CESAs, and public educational institutions and to permit those entities to purchase or lease, with an option to purchase, that equipment from the TEACH Board.

This bill eliminates the TEACH Board and the position of executive director of the TEACH Board and transfers to DPI all of the TEACH Board's duties, assets and liabilities, tangible personal property, contracts, rules and orders, and pending matters. The bill also eliminates all positions authorized for the TEACH Board, except for 2.0 federally funded positions, which, together with the incumbent employees holding those positions, are transferred to DPI. In addition, the bill eliminates the programs under which educational technology block grants are awarded to school districts and juvenile secured correctional facilities and educational technology training and technical assistance grants are awarded to CESAs and consortia and prohibits DPI from providing educational technology infrastructure financial assistance, other than forgiveness of loans previously provided, after the general effective date of the bill. Finally, the bill eliminates an annual grant of \$175,000 to the Racine Unified School District for training teachers and pupils in computers and eliminates certain obsolete appropriations relating to educational technology, including an appropriation of general purpose revenues for distance education and educational technology grants, an appropriation of program revenues for grants to public libraries for the installation of high-speed Internet data lines, an appropriation of program revenues received from a settlement with Ameritech Wisconsin for educational technology block grants, and an appropriation of program revenues received from the Wisconsin Advanced Telecommunications Foundation for educational technology block grants.

For further information see the *state* fiscal estimate, which will be printed as an appendix to this bill.

Hi Gordon --

I have some further edits to draft 666 to give you:

- ✦ In the draft, federal e-rate aid from appropriation 20.255(4)(mp) is being used to pay debt service costs incurred by the state and school districts/libraries. The draft should specify that 50% of e-rate aid be used for the state's GPR portion of the repayments and that the other 50% of e-rate aid be used for the school district/library PR repayments.
- ✦ In Section 98 (p. 20), please add the following text after "and public library boards" and before "under this section":
, including municipalities that entered into loans on behalf of public library boards,
- ✦ In Section 9150 (p. 23), please change lines 11 and 12 on this page so that they read as follows (new words are underlined):
... by the secretary of administration, including any loans made under {44.72(4)(b)}, shall be assigned to and become the assets and liabilities of the department of public instruction. The department of public instruction shall take such necessary actions for the effective assignment of such assets, including appropriate notification.
- ✦ Please remove all statutory references (current and proposed) that allow charter schools to participate in the wiring loan program. - But - no more loans to anyone after eff. date

Thank you! Steve

Yes. If we apply all of the federal E-rate aid to the school district/library repayments, we will lose all of the GPR lapse to the general fund we formerly received when we were using E-rate aid to supplant technology block grant funding. By making this change, we will capture 1/2 of the \$4,300,000 in federal E-rate aid we expect to receive in each fiscal year (E-rate aid will be used to supplant state GPR debt service repayments on wiring loans.) Best, Steve

Steve: Does your first bullet point reflect a slight change in policy? If the federal e-rate will be applied 50/50 to local debt service (PR) and state debt service (GPR), a change will also be needed to Section 115.999 (3m), which currently states that all e-rate goes first to forgive repayment of loans made to schools/libraries, and if any remains, would be applied to the State (GPR) debt service.

Subject: RE: TEACH Draft

Steve - The following are responses to your questions/comments.

- I assume your question relates to the language that was added to this section. If so, I don't see a need to include county boards in Section 98 - the municipalities that have acted on behalf of public library boards have been cities and villages.
- We understand that the bill will essentially end the TEACH Wiring Loan program, but we still would like to remove the references to charter schools. What if the Legislature changes/amends this bill in a manner that TEACH Wiring Loan program are actually permissible in the future? Removing the references to charter schools removes any hope that charter schools can realistically receive a TEACH wiring loan.
- The Section 9150 changes are from Quarles & Brady. I will have Julie Ebert of Quarles & Brady contact Gordon to discuss these changes.

Subject: TEACH Draft

Hi David --

Gordon Malaise from the Reference Bureau called back yesterday regarding some of the changes I described in my e-mail:

- In Section 98, do you want to include county boards along with municipalities?
- Regarding the charter schools, no new loans will be permissible after the effective date of the bill. This will make removing charter school eligibility redundant as no entity will be able to access loans at the point.
- Regarding the Section 9150 changes, Gordon raised some technical issues regarding that section. Please contact him directly about this.
