Representative Meyer  
Senator Welch

NATURAL RESOURCES - FORESTRY AND PARKS

Southern Forests Expenditures

Motion:

Move to delete \$242,500 annually from the forestry account of the conservation fund for expenditures under the bill relating to beach water testing, building maintenance, and general operations in southern forests. Further, move to provide \$100,000 annually from the forestry account to restore funding for the forestry education grant program under the Department of Commerce.

Note:

~~Under the bill, \$20,000 would be provided annually for drinking water and wastewater testing and monitoring as well as expanded testing of water at inland public beaches in southern forest properties. In addition, \$30,000 is provided annually for building maintenance costs at new buildings on southern forest properties (such as Kettle Moraine South, Lapham Peak, and Point Beach). Finally, the bill would increase funding available for LTEs, supplies, services, facility maintenance, and utility costs at southern forest properties by \$192,500 annually. The motion would delete these items (page 322, #13 & #14 and page 325, #4).~~

*no drafting*

The motion would restore funding for the forestry education grant program under the Department of Commerce, which would be deleted under the bill (page 103, #14). The program provides grants to nonprofit organizations for forestry education programs for school children conducted in conjunction with the University of Wisconsin-Stevens Point, College of Natural Resources, timber management program.
