Subject: Drafting Request

Joint Finance took action on several issues today which will require drafting. Please draft the following items. I will fax motions to you after I send this.

Motion 121 (Paper 573) - Consolidated Brownfields Grant Program. This is similar to (but not the same as current law). Rob, I believe this is the only item in this email you would be involved in. Ron or I can answer questions you might have.

Motion 513 (Papers 570 and 571) - Agrichemical Management and Environmental Fund Revenues. Chris can answer your agchem-related questions. I can answer your environmental fund questions.

Motion 122 (Paper 572) - Vehicle fee. A lot of this is chapter 20 reductions, but the key drafting is no increase above \$9, and extend the sunset to December 31, 2005.

* Paper 574 - Environmental repair bonding, Alternative 3, no increase in bonding.

Motion 118 (Paper 575) - Increase transfer from recycling fund to general fund (be careful here as LRB 105/1 also has a separate increase in the transfer from the recycling fund).

Paper 576 - Alternative 1, Air staff no draft needed.

Paper 577 Air Asbestos - Alternative A1 (no draft needed), B6 (draft needed) and C1 (no draft needed).

Thanks for your help.

estimated revenues of \$26.6 million in 2004-05). If the vehicle environmental impact fee is not continued after December 31, 2003, and if no alternative revenues are provided, these debt service costs would comprise 34.3% of the \$11.0 million in remaining environmental management account revenues in 2004-05.

10. If the provision to convert all general obligation bonding debt service costs for remedial action and contaminated sediment from GPR to SEG is not approved, GPR costs would increase above the levels in the bill.

ALTERNATIVES

1. Approve the Governor's recommendation to: (a) provide an additional \$6,000,000 in general obligation bonding authority to conduct remedial action at contaminated sites, increasing cumulative authority for this purpose to \$47,000,000; (b) provide an additional \$503,700 in 2003-04 and \$1,071,600 in 2004-05 to reestimate debt service payments for general obligation bonds for remedial action and contaminated sediment cleanup to \$3,203,700 in 2003-04 and \$3,771,600 in 2004-05; and (c) convert the environmental fund SEG debt service appropriation from sum certain to sum sufficient and repeal the GPR sum sufficient debt service appropriation.

2. Modify the Governor's recommendation to provide an additional \$3,000,000 instead of \$6,000,000 in general obligation bonding authority. Approve the Governor's recommendation to convert the environmental fund SEG debt service appropriation from sum certain to sum sufficient and repeal the GPR sum sufficient debt service appropriation.

| Alternative 2 | BB |
| 2003-05 REVENUE (Change to Bill) | - \$3,000,000 |

3. Delete the \$6,000,000 in additional general obligation bonding authority for remedial action. Approve the Governor's recommendation to convert the environmental fund SEG debt service appropriation from sum certain to sum sufficient and repeal the GPR sum sufficient debt service appropriation.
