disabilities would be counted as 0.25 pupil, rather than 0.5 or 0.6 under current law. Children with disabilities in a K4 program would continue to be counted as under current law. Specify that the 0.25 or 0.35 reduction in the count of pupils not considered children with disabilities would be removed from all years of the three-year rolling average under revenue limits and the general school aid, computer aid and property taxes attributable to the 0.25 or 0.35 reduction would be excluded from base revenues in the 2004-05 revenue limit calculation. It is estimated that this would reduce revenue limit authority by \$38 million annually. Delete \$23,000,000 GPR annually from general school aids.

12. Transfer Revenue from the Patients Compensation Fund to Support MA Benefits. Delete the Governor's recommendation to transfer \$200,000,000 from the patients compensation fund to a new segregated fund, the health care provider and cost control (HCPCC) fund, to support medical assistance (MA) benefits. Delete all provisions in SB 44 relating to the HCPCC fund. Reduce funding budgeted in OCI by \$200,000,000 SEG in 2003-04 and delete the OCI appropriation that would be created in the bill for this purpose. Delete the SB 44 provisions that would: (a) require OCI to administer the fund; and (b) create a sum sufficient GPR appropriation to pay any portion of a medical malpractice claim that the patients compensation fund is required to pay but is unable to pay because of insufficient funds. Delete the DHFS MA benefits appropriation from the HCPCC (-\$200,000,000 SEG in 2003-04). Increase MA benefits funding by \$200,000,000 GPR in 2003-04.

13. Shared Revenue Funding Source. Specify that all of the funding that is available as a grant to the state with the enactment of P.L. 108-27, the Jobs and Growth Tax Relief Reconciliation Act of 2003, would be used for shared revenue payments in 2003. Create a federal appropriation under shared revenue for this purpose and estimate the 2003-04 amount in this appropriation at \$182,400,000 FED. Specify that the portion of shared revenue payments paid from this appropriation must be used for the provision of police and fire services. In addition, provide \$17,600,000 SEG in 2003-04 from the balances in the utility public benefits fund for 2003 shared revenue payments. Reduce the GPR appropriation for shared revenue by \$200,000,000 in 2003-04. Specify that the allocation of GPR, FED, utility public benefits SEG, and transportation fund SEG to 2003 shared revenue payments shall be determined by the Department of Revenue.

Section 1659 of the bill, please add cross-references to s. 20.835(1)(m) and (u)

LRBb0372/3

Page 1, line 11 at end of line, replace "," with "."

This section should be repealed and recreated to eliminate the cross-references to s. 20.835(1)(t) and (u) after those appropriations are repealed in year 2. Joe and I previously talked about both of these issues, so he may have already addressed them.

Amend Section 665 of the bill to refer to the 3 newly created distributions -- ss. 79.043, 79.044 and 79.045

Page 3, line 16 insert "would have" before "received" Previously, this was in the bill and still is needed.

Page 12, line 12 please add a cross reference to s. 79.01(2f), the Municipal Aid Distribution Account
