Subject: Family Care Amendment

Importance: High

I am not sure if I was clear on this or not...but dollars aside what my intent with the amendment is that should the money come in, I do not want it to have to go through the process of creating separate legislation to implement Family Care...the other motion; the one in #497, only requires JFC approval, not separate legislation. I would like DHFS to be able to implement it without having to draft separate legislation.

Thank you. I appreciate your help on this amendment and I understand your time constraints, and look forward to seeing the amendment whenever you can make it available.

It looks like they would still like to fund this item w/SEG (if the funds become available). I hadn't seen the email before I spoke to you.

There are a number of transfers among GPR appropriations in the Gov's proposal to expand Family Care to Kenosha county that net to zero-in addition to the SEG funding (4w) we talked about. Please let me know if you need this information, too.

I spoke to both of you on June 11th regarding this amendment. The amendment was to include the following provision similar to the following wording in JFC motion# 497:

Include session provisions that would express the Legislature's intent to consider funding each of the items described in the previous paragraph. Authorize the Joint Committee on Finance, under a 14-day passive review process, to approve a plan submitted by the DOA Secretary to support the items described in the previous paragraph if the Committee determines that there is sufficient funding to support projected MA base costs in the 2003-2005 biennium and there is sufficient funding available to support these initiatives.

We would like to draft an amendment that would allow DHFS to implement Family Care **without** separate legislation should sufficient federal funding become available. The current bill **requires** separate legislation for Family Care if sufficient federal MA funding becomes available.

I need this amendment by 9am tomorrow (Tuesday) for caucus.

Thank you.
