Office

PANZER  
PKG.

Section 3. 121.54 (2) (c) of the statutes is amended to read:

121.54 (2) (c) An annual or special meeting of a common or union high school district, the school board of unified school district, or the board of school directors in charge of the school district operating under ch. 119, may elect to provide transportation for pupils who are not required to be transported in this section, including pupils attending public school under s. 118.145 (4). Transportation may be provided for all or some of the pupils who reside in the school district to and from the ~~public school they entitled to attend the charter school that they attend,~~ whether the public school, including any school under s. 118.40, they are entitled to attend; or the private school, within or outside the school district, within whose attendance area they reside. If transportation is provided for less than all such pupils there shall be reasonable uniformity in the minimum distance that any pupils attending public, charter, and private schools will be transported. Except for elementary school districts electing to furnish transportation under par. (b) 2., this paragraph does not permit a school district operating only elementary grades to provide transportation for pupils attending private schools.

This makes it clear that children who attend charter schools chartered by Milw. City Council, own transportation as kids who attend private or regular charters.

Transportation provision that was in AB 261.
