**Compulsive Gambling Grants.** Provide \$100,000 PR annually to DWD from tribal gaming revenue to fund grants, as follows: (a) \$50,000 annually to organizations that assist persons of Southeast Asian origin with compulsive gambling issues; and (b) \$50,000 annually to organizations that assist persons who are African-American with compulsive gambling issues. Under SSA 1 to SB 44, \$24,630,300 PR annually in tribal gaming revenue would be allocated to agencies for a variety of purposes. The remaining tribal gaming revenue (\$78,405,500 PR in 2003-04 and \$79,272,100 PR in 2004-05) would be deposited in the general fund. The fiscal effect of this provision would be to increase expenditure authority in DWD and reduce general fund revenue by the same amounts.

**Levy Limit.** Make the following modifications to the levy limit program. Provide that the limit does not apply to the amount that a county levies for a county children with disabilities education board. Replace the provisions that sunset the limit after June 30, 2006, with provisions that sunset the limit beginning three years after the effective date of the biennial budget act. Modify the debt service adjustment by changing the date by which debt must be approved from the effective date of the biennial budget act to July 1, 2003. Provide an additional adjustment relative to the determination of levy increase limits pertaining to certain annexed territories. Extend the adjustment to any city or village that has been providing services for a fee to a town for at least ten years and the city or village annexes territory from the town. Set the adjustment as the amount equal to the city's or village's mill rate multiplied by the current assessed value of the annexed territory. Provide that the levy increase limit of the town from which the territory was annexed be reduced by an amount equal to the town's tax rate multiplied by the assessed value of the annexed territory, both for the year the territory was last subject to taxation by the town.
