Becky,

Please draft an amendment to AB 187 to require any state agency that creates a publication on newsprint to comply with the recycled content standards that apply to newspaper publishers.

Please let me know if you have questions or need more information. Thank you.

Bill Graf:

Under current s. 16.75 (8) (a) 2., state agencies are required to ensure that the average recycled or recovered content of paper that they purchase is not less than 40%. Thus, it might be argued that the requirement in this amendment is unnecessary. Note, though, that the definitions of "recycled or recovered content" and "recycled material" in s. 16.70 (12) and(13) are broader than the definition of "recycled content" in s. 287.31 (1) (b), which is limited to postconsumer waste.

Please let me know if you have any questions about this.
