(5) **NONRESIDENT SCHOOL DISTRICT ACCEPTANCE AND REJECTION CRITERIA.** School board policies and criteria for accepting and rejecting applications under sub. (6) **RESIDENT SCHOOL DISTRICT REJECTION CRITERIA.** (a) *Individualized education program requirements.* The school board of a pupil's resident school district shall reject a pupil's application to attend a course in a public school in a nonresident school district if the resident school board determines that the course conflicts with the individualized education program for the pupil under s. 115.787 (2).

VII of ch. 121, its ability to pay tuition costs for the pupil and the per pupil costs for children continuing to be served by the resident school district.

(8) **APPEAL OF REJECTION.** If an application is rejected under sub. (5) or a pupil is prohibited from attending a course in a public school in a nonresident school district under sub. (6), the pupil's parent may appeal the decision to the department within 30 days after the decision. (9) **RIGHTS AND PRIVILEGES OF NONRESIDENT PUPILS.** A pupil attending a course in a public school in a nonresident school district under this section has all of the rights and privileges of pupils residing in that school district and is subject to the same rules and regulations as pupils residing in that school district.

(10) **DISCIPLINARY RECORDS.** Notwithstanding s. 118.125, the resident school board shall provide to the nonresident school board to which a pupil has applied under this section, upon request by that school board, a copy of any expulsion findings and orders, a copy of records of any pending disciplinary proceeding involving the pupil, a written explanation of the reasons for the expulsion or pending disciplinary proceeding and the length of the term of the expulsion or the possible outcomes of the pending disciplinary proceeding.

(11) **TRANSPORTATION.** (a) *Responsibility.* The parent of a pupil attending a course in a public school in a nonresident school district under this section is responsible for transporting the pupil to and from the course that the pupil is attending.

(b) *Low-income assistance.* The parent of a pupil who is attending a course in a public school in a nonresident school district under this section may apply to the department for reimbursement of the costs incurred by the parent for the transportation of the pupil to and from the pupil's residence or school in which the pupil is enrolled and the school at which the pupil is attending the course if the pupil and parent are unable to pay the cost of such transportation. The department shall determine the reimbursement amount and shall pay the amount from the appropriation under s. 20.255 (2) (cy). The department shall give preference under this paragraph to those pupils who are eligible for a free or reduced-price lunch under 42 USC 1758 (b).

(12) **TUITION.** The resident school board shall pay to the nonresident school board, for each pupil attending a course in a public school in the nonresident school district under this section, an

amount equal to the cost of providing the course to the pupil, calculated in a manner determined by the department.

(c) If the pupil is attending a private institution of higher education, the lesser of the following:

1. The actual cost of tuition, fees, books and other necessary materials directly related to the course.

2. An amount determined by dividing the state total net cost of the general fund in the previous school year by the state total membership in the previous school year, dividing that quotient by the statewide average number of high school credits taken by full-time pupils in the previous school year, as determined by the state superintendent, and multiplying that quotient by the number of high school credits taken by the pupil at the private institution of higher education, as determined under sub. (3) (b). In this subdivision, "net cost" has the meaning given in s. 121.004 (6), and "membership" has the meaning given in s. 121.004 (5).

(6) RESPONSIBILITY OF PUPIL FOR TUITION AND FEES; INSTITUTION OF HIGHER EDUCATION. (a) A pupil taking a course at an institution of higher education for high school credit under this section is not responsible for any portion of the tuition and fees for the course if the school board, or the state superintendent on appeal under sub. (3) (b), has determined that the course is not comparable to a course offered in the school district.

(b) A pupil taking a course at an institution of higher education for high school credit under this section is responsible for the tuition and fees for the course if the school board has determined that the course is comparable to a course offered in the school district, unless the state superintendent reverses the school board's decision on appeal under sub. (3) (b).

(c) A pupil taking a course at an institution of higher education for postsecondary credit under this section is responsible for the tuition and fees for the course.

(7g) TRANSPORTATION. The parent or guardian of a pupil who is attending an institution of higher education or technical college under this section and is taking a course for high school credit may apply to the state superintendent for reimbursement of the cost of transporting the pupil between the high school in which the pupil is enrolled and the institution of higher education or technical college that the pupil is attending if the pupil and the pupil's parent or guardian are unable to pay the cost of such transportation. The state superintendent shall determine the reimbursement amount and shall pay the amount from the appropriation under s. 20.255 (2) (cw). The state superintendent shall give preference under this subsection to those pupils who are eligible for a free or reduced-price lunch under 42 USC 1758 (b).

2. The pupil is in good academic standing.
3. The pupil notifies the school board of his or her intent to attend a technical college under this subsection by March 1 if the pupil intends to enroll in the fall semester and by October 1 if the pupil intends to enroll in the spring semester.
4. The pupil is not a child at risk, as defined in s. 118.153 (1) (a).

(am) A school board may refuse to permit a pupil to attend a technical college under this subsection if the pupil is a child with a disability, as defined in s. 115.76 (5), and the school board determines that the cost to the school district under par. (dm) would impose an undue financial burden on the school district.

(b) The technical college district board shall admit the pupil if he or she meets the requirements and prerequisites of the course or courses for which he or she applied, except that the district board may reject an application from a pupil who has a record of disciplinary problems, as determined by the district board.

(c) If a child attends a technical college under this subsection, the technical college shall ensure that the child's educational program meets the high school graduation requirements under s. 118.33. At least 30 days before the beginning of the technical college semester in which the pupil will be enrolled, the school board of the school district in which the pupil resides shall notify the pupil, in writing, if a course in which the pupil will be enrolled does not meet the high school graduation requirements and whether the course is comparable to a course offered in the school district. If the pupil disagrees with the school board's decision regarding comparability of courses or satisfaction of high school graduation requirements, the pupil may appeal the school board's decision to the state superintendent within 30 days after the decision. The state superintendent's decision is final and is not subject to review under subch. III of ch. 227. The pupil is eligible to receive both high school and technical college credit for courses successfully completed at the technical college.

(d) For each pupil attending a technical college under this subsection, the school board shall pay to the technical college district board, in 2 installments payable upon initial enrollment and at the end of the semester, for those courses taken for high school credit, an amount equal to the cost of tuition, course fees and books for the pupil at the technical college.

2. Notwithstanding subd. 1., if the pupil is attending the technical college for less than 10 credits during any semester, the school board is not responsible for payment for any courses that are comparable to courses offered in the school district. If the pupil is attending the technical college for 10 or more credits during any semester, the school board is responsible for payment for courses that are comparable to courses offered in the school district for one-half of the credits taken but no more than 6 credits.

(dm) If a pupil who is attending a technical college under this subsection is a child with a disability, as defined in s. 115.76 (5), the payment under par. (d) shall be adjusted to reflect the cost of any special services required for the pupil.

(e) The school board is not responsible for transporting a pupil attending a technical college under this subsection to or from the technical college that the pupil is attending.

(f) A pupil taking a course at a technical college for high school credit under this subsection is not responsible for any portion of the tuition and fees for the course if the school board is required to pay the technical college for the course under par. (d).
