

2003 Senate Bill 120

Date of enactment: **April 7, 2004**
Date of publication*: **April 21, 2004**

2003 WISCONSIN ACT 186

AN ACT *to renumber* 250.07; *to amend* 20.465 (3) (e), 166.03 (2) (a) 1., 2. and 3., 166.03 (5) (a), 166.03 (10) and 250.042 (1); and *to create* 15.197 (13), 20.435 (1) (c), 66.0312, 66.03125, 66.0314, 166.02 (6m) and (6r), 250.07 (1m) and 252.06 (10) (c) of the statutes; **relating to:** creating a public health council, reimbursement for quarantine costs, intrastate mutual aid, requiring use of the incident command system in an emergency, exemption from liability during a state of emergency, and making appropriations.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

PREFATORY NOTE: This bill was prepared for the Joint Legislative Council's Special Committee on the Public Health System's Response to Terrorism and Public Health Emergencies.

Public Health Council

The bill creates a 23-member Public Health Council in the Department of Health and Family Services (DHFS). The council must include representatives of health care consumers, health care providers, health professions educators, local health departments and boards, public safety agencies, and the Public Health Advisory Committee established by the Secretary of DHFS.

The council is required to advise DHFS, the governor, the legislature, and the public on progress in implementing DHFS's 10-year public health plan and coordination of responses to public health emergencies.

Reimbursement for Quarantine Costs

The bill requires the state to reimburse local health departments for all of their expenses incurred in quarantining a person outside his or her home during a declared state of emergency related to public health and not reimbursed from federal funds.

Reimbursement would be made from one of 2 state sum sufficient appropriations: (1) a DHFS appropriation created in this bill, if the governor has called a state of emergency

related to public health under s. 166.03 (1) (b) 1. and has designated DHFS as the lead state agency; or (2) an existing Department of Military Affairs (DMA) appropriation, if the governor has called a state of emergency related to public health under s. 166.03 (1) (b) 1. but has not designated DHFS as the lead state agency.

Intrastate Mutual Aid

The bill establishes a statewide system of mutual aid for emergency management programs, emergency medical services (EMS) programs, fire departments, and local health departments.

Currently, law enforcement agencies are authorized to enter into mutual aid agreements with other law enforcement agencies in the state, under s. 66.0313 (2), stats. The personnel of the agency furnishing assistance are considered employees of the requesting agency while providing assistance. Law enforcement agencies may also enter into mutual aid agreements with law enforcement agencies in adjacent states.

The state is party to a compact for interstate emergency management mutual aid, but there is no specific statutory provision for intrastate emergency management mutual aid. The statutes provide that counties, towns, and municipalities may cooperate through an intergovernmental contract to provide and finance emergency management services and combine offices. Generally, this contracting has been between adjacent counties.

Fire departments throughout the state operate under mutual aid agreements with other in-state fire departments that are not specifically provided for in statutes. These mutual

* Section 991.11, WISCONSIN STATUTES 2001-02 : Effective date of acts. "Every act and every portion of an act enacted by the legislature over the governor's partial veto which does not expressly prescribe the time when it takes effect shall take effect on the day after its date of publication as designated" by the secretary of state [the date of publication may not be more than 10 working days after the date of enactment].

aid agreements appear to fall under the general language of s. 66.0301, stats., which permits municipalities to enter into intergovernmental cooperation agreements. A provision of the Wisconsin administrative code relating to fire department dues provides that a fire department may use mutual aid agreements as a means of providing fire protection services. [s. Comm. 14.48 (1) (b) 1., Wis. Adm. Code.]

Some local fire departments are also parties to interstate fire mutual aid agreements under the general statutory provision authorizing municipal interstate cooperation agreements. [s. 66.0303, stats.]

Under the bill, upon the request of a county, city, village, or town, or a person acting under an incident command system (ICS), the personnel of any emergency management program, EMS program, fire department, or local health department may assist the requester within the requester's jurisdiction, without regard to any other jurisdictional provision. The entity employing the personnel acting in response to a request for assistance is responsible for the personnel-related costs incurred in providing the assistance. The bill defines "incident command system" using language from the definition in s. Comm. 30.01 (16), Wis. Adm. Code, and from the state of Washington's ICS statutes.

Incident Command System

The bill requires utilization of the ICS in managing emergencies and training of specified personnel in the use of the ICS.

Under current law:

1. Department of Commerce administrative rules governing fire department incident management require that every public sector fire department establish an ICS which has written guidelines applying to all fire fighters involved in emergency operations and which identifies fire fighter roles and responsibilities relating to the safety of operations. These rules define "incident command system" as an organized system of roles, responsibilities, and suggested operating guidelines used to manage and direct emergency operations. Under these rules, fire departments are required to train all fire fighters involved in emergency operations in the ICS and assign safety responsibilities to supervisory personnel at each level of operations. [ss. Comm. 30.14 (1) (a) to (c) and 30.01 (16), Wis. Adm. Code.] A footnote to the incident command rule provision indicates that suggested operating guidelines have been developed and published by the Wisconsin Technical Colleges System Board.

2. Department of Natural Resources administrative rules relating to hazardous substance discharge response provide that when deemed appropriate to effectively coordinate all actions at the scene of a hazardous substance discharge, an ICS shall be implemented. In these rules, "incident command system" is defined as an organized approach used to effectively control and manage operations at the scene of a hazardous substance discharge. [ss. NR 702.09 (2) and 702.03, Wis. Adm. Code].

3. The state Emergency Operations Plan (EOP) developed by the Division of Emergency Management (known as "Wisconsin Emergency Management" or "WEM") provides that an ICS "will be used in disaster response". However, the EOP does not indicate specifically what the ICS system entails or who must use it. The EOP further states that unified command is to be used in situations which affect multiple jurisdictions or multiple agencies within a jurisdiction or which require response by multiple levels of government. The EOP notes that these command and control systems require the participation of the chief elected officials. The EOP also provides that as the lead state agency for direction and control, WEM is to direct and coordinate emergency operations to support incident command at the local level.

At present, there are no statutory provisions pertaining to incident command.

This bill does the following:

1. Defines the term "incident command system", using language from the definition in s. Comm. 30.01 (16), Wis. Adm. Code, and from the State of Washington's incident command statutes.

2. Requires that an incident command system be used by all emergency response agencies, including local health departments, in responding to, managing, and coordinating multi-agency or multi-jurisdiction incidents, when a state or local emergency declaration has been made or in any other emergency situation.

3. Requires the Adjutant General, in developing state-wide emergency training and exercise programs, to provide training to officers and employees of local health departments and to elected and appointed local government officials in use of the ICS in managing emergencies. The Adjutant General must consult with DHFS regarding the ICS training for local health department personnel. The bill requires the Adjutant General to utilize federal funding to provide this training, to the extent possible.

Exemption From Liability

Current law provides an exemption from liability for a person who provides equipment or services during a state of emergency declared by the governor for the death of or injury to any person or damage to any property caused by his or her actions. The immunity does not apply if the person acted intentionally or with gross negligence. Under current law, the exemption from liability applies if the person provides the equipment or services under the direction of the governor, the adjutant general, or the head of emergency management services in any county, town, or municipality.

The bill amends the law so that the exemption from liability also applies if the person provides the equipment or services under the direction of DHFS, if that department is designated by the governor as the lead state agency to address a public health emergency, or at the direction of a local health department that is acting as the agent of DHFS.

SECTION 1. 15.197 (13) of the statutes is created to read:

15.197 (13) PUBLIC HEALTH COUNCIL. There is created in the department of health and family services a public health council consisting of 23 members, nominated by the secretary of health and family services, and appointed for 3-year terms. The council shall include representatives of health care consumers, health care providers, health professions educators, local health departments and boards, federally recognized American Indian tribes or bands in this state, public safety agencies, and, if created by the secretary of health and family services under s. 15.04 (1) (c), the public health advisory committee.

SECTION 2. 20.435 (1) (c) of the statutes is created to read:

20.435 (1) (c) *Public health emergency quarantine costs.* A sum sufficient to reimburse local health departments under s. 252.06 (10) (c) 1.

SECTION 3. 20.465 (3) (e) of the statutes is amended to read:

20.465 (3) (e) *Disaster recovery aid; public health emergency quarantine costs.* A sum sufficient to pay the

state share of grants to individuals and, to make payments to local governments as defined in 42 USC 5122 (6) under federal disaster recovery programs as authorized in s. 166.03 (2) (b) 8., and to reimburse local health departments under s. 252.06 (10) (c) 2.

SECTION 3m. 66.0312 of the statutes is created to read:

66.0312 Local health departments; mutual assistance. (1) In this section “local health department” has the meaning given in s. 66.0314 (1) (e).

(2) (a) Subject to sub. (3), upon the request of a local health department, the personnel of any other local health department may assist the requester within the requester’s jurisdiction, notwithstanding any other jurisdictional provision.

(b) If a request for assistance is made under par. (a), payment for the requested services shall be made by one of the following methods:

1. If an agreement under s. 66.0301, or any other agreement between the parties, for the payment of such services exists, the terms of the agreement shall be followed.

2. If no agreement described under subd. 1. for the payment of such services exists, the governmental unit that receives the assistance is responsible for the personnel or equipment costs incurred by the responding agency if the responding agency requests payment of those costs.

(3) This section does not apply during a state of emergency declared by the governor under s. 166.03 (1) (b) 1.

SECTION 3p. 66.03125 of the statutes is created to read:

66.03125 Fire departments; mutual assistance.

(1) In this section “fire department” has the meaning given in s. 66.0314 (1) (c).

(2) (a) Subject to sub. (3), upon the request of a fire department, the personnel of any other fire department may assist the requester within the requester’s jurisdiction, notwithstanding any other jurisdictional provision.

(b) If a request for assistance is made under par. (a), payment for the requested services shall be made by one of the following methods:

1. If an agreement under s. 66.0301, or any other agreement between the parties, for the payment of such services exists, the terms of the agreement shall be followed.

2. If no agreement described under subd. 1. for the payment of such services exists, the governmental unit that receives the assistance is responsible for the personnel or equipment costs incurred by the responding agency if the responding agency requests payment of those costs.

(3) This section does not apply during a state of emergency declared by the governor under s. 166.03 (1) (b) 1.

SECTION 4. 66.0314 of the statutes is created to read:

66.0314 State of emergency; mutual assistance.

(1) In this section:

(a) “Emergency management program” means the emergency management program of a city, village, town, or county, under s. 166.03 (4) (a).

(b) “Emergency medical services program” means a program established under s. 146.55.

(c) “Fire department” means any public organization engaged in fire fighting or a private sector employer fire company or fire department organized as a nonstock, nonprofit corporation under ch. 181 or ch. 213 without the input of a municipality.

(d) “Incident command system” means a functional management system established to control, direct, and manage the roles, responsibilities, and operations of all of the agencies involved in a multi-jurisdictional or multi-agency emergency response, which may include authorities designated by a participating tribe or band.

(e) “Local health department” has the meaning given in s. 250.01 (4), and also includes an entity designated by a participating tribe or band as a local health department.

(fe) “Tribe or band” means a federally recognized American Indian tribe or band in this state.

(2) (a) If the governor declares a state of emergency under s. 166.03 (1) (b) 1., upon the request of a city, village, town, or county, or a person acting under an incident command system, the personnel of any emergency management program, emergency medical services program, fire department, or local health department may assist the requester within the requester’s jurisdiction, notwithstanding any other jurisdictional provision.

(b) If a request for assistance is made under par. (a), the governmental unit that receives the assistance is responsible for the personnel or equipment costs incurred by the responding agency to the extent that federal, state, and other 3rd-party reimbursement is available if all of the following apply:

1. The responding agency meets the personnel and equipment requirements in the state plan under s. 166.03 (2) (a) 1.

2. The responding agency requests payment of those costs.

SECTION 5. 166.02 (6m) and (6r) of the statutes are created to read:

166.02 (6m) “Incident command system” means a functional management system established to control, direct, and manage the roles, responsibilities, and operations of all of the agencies involved in a multi-jurisdictional or multi-agency emergency response.

(6r) “Local health department” has the meaning given in s. 250.01 (4).

SECTION 6. 166.03 (2) (a) 1., 2. and 3. of the statutes are amended to read:

166.03 (2) (a) 1. Subject to approval by the governor, develop and promulgate a state plan of emergency management for the security of persons and property which shall be mandatory during a state of emergency. In devel-

oping the plan, the adjutant general shall seek the advice of the department of health and family services with respect to the emergency medical aspects of the plan. The plan shall specify equipment and personnel standards, and shall require the use of the incident command system, and specify the type of incident command system, by all emergency response agencies, including local health departments, during a state of emergency declared under sub. (1) (b) 1. or s. 166.23 (1) or in any other multi-jurisdictional or multi-agency emergency response.

2. Prescribe and carry out statewide training programs and exercises to develop emergency management proficiency, disseminate information including warnings of enemy action, serve as the principal assistant to the governor in the direction of emergency management activities and coordinate emergency management programs between counties. The training programs shall include training in managing emergency operations utilizing the incident command system for local government officials, officers, and employees whose duties include responding to emergencies, including officers and employees of local health departments. The adjutant general shall consult with the department of health and family services regarding the provision of incident command system training to local health department personnel. To the extent possible, the adjutant general shall utilize federal funding to provide incident command system training.

3. Furnish guidance and develop and promulgate standards for emergency management programs for counties, towns and municipalities, and prescribe nomenclature for all levels of emergency management. The standards shall include a requirement that county, town, and municipal emergency management programs under sub. (4) (a) utilize the incident command system during a state of emergency declared under sub. (1) (b) 1. or s. 166.23 (1) or in any other multi-jurisdictional or multi-agency emergency response.

SECTION 7. 166.03 (5) (a) of the statutes is amended to read:

166.03 (5) (a) The head of emergency management services in each county, town and municipality shall for his or her respective county, town or municipality, develop and promulgate emergency management plans consistent with state plans, direct the emergency management program and perform such other duties related to emergency management as are required by the governing body and the emergency management committee of the governing body when applicable. The emergency management plans shall require the use of the incident command system by all emergency response agencies, including local health departments, during a state of emergency declared under sub. (1) (b) 1. or s. 166.23 (1) or in any other multi-jurisdictional or multi-agency emergency response.

SECTION 8. 166.03 (10) of the statutes is amended to read:

166.03 (10) EXEMPTION FROM LIABILITY. No person who provides equipment or services under the direction of the governor, the adjutant general or the head of emergency management services in any county, town or municipality or federally recognized American Indian tribe or band in this state, the department of health and family services if that department is designated by the governor under s. 166.03 (1) (b) 1., or a local health department acting under s. 251.05 (3) (e) during a state of emergency declared by the governor is liable for the death of or injury to any person or damage to any property caused by his or her actions, except where the trier of fact finds that the person acted intentionally or with gross negligence. This subsection does not affect the right of any person to receive benefits to which he or she would otherwise be entitled under the worker's compensation law or under any pension law, nor does it affect entitlement to any other benefits or compensation authorized by state or federal law.

SECTION 9. 250.042 (1) of the statutes is amended to read:

250.042 (1) If the governor declares a state of emergency related to public health under s. 166.03 (1) (b) 1. and designates the department as the lead state agency to respond to that emergency, the department shall act as the public health authority during the period of the state of emergency. The department shall ensure that the emergency operations during the state of emergency are conducted using the incident command system required under s. 166.03 (2) (a) 1. During the period of the state of emergency, the secretary may designate a local health department as an agent of the department and confer upon the local health department, acting under that agency, the powers and duties of the public health authority.

SECTION 10. 250.07 of the statutes is renumbered 250.07 (1).

SECTION 11. 250.07 (1m) of the statutes is created to read:

250.07 (1m) The public health council shall monitor implementation of any document developed by the department under sub. (1) (a) and shall advise the governor, the legislature, the department, and the public on progress in implementing the document and coordination of responses to public health emergencies.

SECTION 12. 252.06 (10) (c) of the statutes is created to read:

252.06 (10) (c) All expenses incurred by a local health department, or by an entity designated as a local health department by a federally recognized American Indian tribe or band in this state, in quarantining a person outside his or her home during a state of emergency related to public health declared by the governor under s.

2003 Senate Bill 120

2003 Wisconsin Act 186

166.03 (1) (b) 1. and not reimbursed from federal funds shall be paid for under either of the following, as appropriate:

1. If the governor designates the department as the lead state agency under s. 166.03 (1) (b) 1., from the appropriation under s. 20.435 (1) (c).

2. If the governor does not designate the department as the lead state agency under s. 166.03 (1) (b) 1., from the appropriation under s. 20.465 (3) (e).

SECTION 15. Nonstatutory provisions.

(1) PUBLIC HEALTH COUNCIL. Notwithstanding the

length of terms specified for the members of the public health council under section 15.197 (13) of the statutes, as created by this act, the initial members of the public health council shall be appointed by the first day of the 4th month beginning after the effective date of this subsection for the following terms:

(a) Seven members for terms expiring on July 1, 2005.

(b) Eight members for terms expiring on July 1, 2006.

(c) Eight members for terms expiring on July 1, 2007.
