Subject					
Permissible length and width of mobile homes and motor homes without a permit					

Assumptions Used in Arriving at Fiscal Estimate

2003 AB 501 makes two changes in the legal configuration of recreational vehicles and recreational vehicles as defined in chapter 340, Wis. Stats.

Specifically, AB 501 amendment s.348.05(2)(i), Wis. Stats., permits recreational vehicles (ref. s.340.01(48r), Wis.Stats.) and motor homes (ref. s.340.01(33m), Wis.Stats.) used as temporary or recreational dwellings which have a realistic body width of 8' 6", to have up to an additional 4" on the left side and 6" on the right side for appurtenances attached to the vehicle. Appurtenances are mechanical devices related to the structure of the vehicle such as retracted awnings, vent grates, electrical outlet covers and door handles. Furthermore, these appurtenances are to be no less than 8' from the ground and must be installed upon the vehicle by a manufacturer or dealer.

Additionally, AB 501 amends s.348.07(2)(c), Wis.Stats., increasing the maximum permitted length of motor homes to 45', making the maximum length equal to that of mobile homes and motor buses.

Though the Department of Transportation (DOT), Division of Motor Vehicles (DMV) will have to amend one form and one permit code, there will be no fiscal impact on DMV to perform these tasks.

The DOT Division of State Patrol (DSP) will not incur any additional costs to implement the the new laws. Any changes to statutes will be incorporated into routine communications and training among DSP personnel.

Long-Range Fiscal Implications

None
