

DRAFTER'S NOTE
FROM THE
LEGISLATIVE REFERENCE BUREAU

LRB-2718/1dn
MJL:kmg:pg

May 22, 2003

I interpreted the intent of the person who drafted the language that accompanied the drafting request to add to the list of disqualified persons. Accordingly, I added the first two persons under s. 804.03 (3) (b) of the draft language; I could not, however, figure out who the third person is intended to be. It would seem to be the employee of a court reporting service, but that would mean that depositions could never be taken before court reporters. Can you shed some light on this?
