

DRAFTER'S NOTE
FROM THE
LEGISLATIVE REFERENCE BUREAU

LRB-3171/1dn
RCT:kmg:ch

September 18, 2003

This is the livestock premises identification draft.

Section 97.22 (2) (c), stats., requires dairy plants to pay license fees for milk producers. I was uncertain about how to deal with payment of livestock premises identification fees for dairy farms. Please review the treatment of s. 97.22 (2) (c), stats., in this draft carefully and let me know if it should be changed.

Is the data base intended to be confidential? If not, this should be clarified.

I included a delayed effective date in this draft to provide time for rule making and getting the system ready. Please let me know if you would prefer a different effective date.
