

**ASSEMBLY SUBSTITUTE AMENDMENT 1,  
TO 2003 ASSEMBLY BILL 812**

February 19, 2004 – Offered by COMMITTEE ON AGRICULTURE.

1 **AN ACT** *to create* 95.36 (10) and 95.51 of the statutes; **relating to:** registration  
2 of livestock premises and granting rule-making authority.

---

***Analysis by the Legislative Reference Bureau***

Under current law, the Department of Agriculture, Trade and Consumer Protection (DATCP) conducts various activities to protect animal health and food safety.

This substitute amendment requires certain persons who keep livestock in this state to register with DATCP. For the purposes of this bill, “livestock” means cattle and bison, horses, goats, poultry, sheep, swine, deer, and any other kind of animal that DATCP identifies by rule.

The substitute amendment requires DATCP to assign a premises code to each location where livestock are kept and to maintain a data base containing the codes and related information. Information provided to DATCP under this substitute amendment must generally be kept confidential, except for information that is required to be provided under other laws. The substitute amendment requires DATCP to promulgate rules to govern the release of aggregate information. The substitute amendment authorizes DATCP to contract with an agent to administer the livestock premises registration program.

Under current law, DATCP makes payments to owners of animals that DATCP orders killed to control animal disease. Current law specifies several situations in which owners are not eligible for these payments. Under this substitute

amendment, the owner of an animal that DATCP orders to be killed to control animal disease is not eligible for a payment from DATCP if the person did not register as required by the substitute amendment.
