## 2003 BILL

1 **AN ACT to create** 29.336 of the statutes; **relating to:** the feeding of deer and elk.

---

### *Analysis by the Legislative Reference Bureau*

Current law requires the Department of Natural Resources (DNR) to promulgate rules to regulate the recreational and supplemental feeding of wild animals for purposes other than hunting (recreational feeding rules). Currently, "wild animal" means any mammal, bird, fish, or other creature of a wild nature endowed with sensation and the power of voluntary motion. Under current law, the recreational feeding rules do not apply after June 30, 2004. As of July 18, 2003 (the date on which this analysis was written), these rules had not taken effect.

This bill allows persons to feed elk or deer, other than in a chronic wasting disease eradication, management, or intensive harvest zone, for viewing purposes as an exception to the DNR recreational feeding rules if the site is within 50 yards of an owner-occupied residence and is not less than 100 yards from a highway that has a posted speed limit of more than 45 miles per hour. The bill also allows a person to feed elk or deer for hunting purposes in an area comprising 40 acres or less north of USH 54 during open season for that animal. The same minimum distance from a highway as for recreational feeding applies to feeding for hunting purposes. Under the bill, the total amount of material placed daily for feeding may not exceed two gallons.

***The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:***

# RESEARCH APPENDIX - Draft Transfer/Copy Request Form

- Atty's please complete this form and give to Mike Barman (or Lynn E. in his absence)

(Request Made By: RPN) (Date: 09 / 11 / 2003)

Please transfer the drafting file for

2001 LRB to the drafting file

for 2003 LRB

*Done  
LMB*

The final version of the 2001 draft and the final Request Sheet will be copied on yellow paper, and returned to the original 2001 drafting file. A new cover sheet will be created/included listing the new location of the drafting file's "guts".

For research purposes, because the 2001 draft was incorporated into a 2003 draft, the complete drafting file will be transferred, as a separate appendix, to the new 2003 drafting file. This request form will be inserted into the "guts" of the 2003 draft. If introduced, the appendix will be scanned/added to the electronic drafting file folder.

— OR —

Please copy the drafting file for

2003 LRB - 2969 / 3 (include the version) and place it in the

drafting file for 2003 LRB - 3264

For research purposes, because the original 2003 draft was incorporated into another 2003 draft, the original drafting file will be copied on yellow paper (darkened/auto centered/reduced to 90%) and added, as a separate appendix, to the new 2003 drafting file. This request form will be inserted into the "guts" of the new 2003 draft. If introduced the appendix will be scanned/added to the electronic drafting file folder.

The original drafting file will then be returned, intact, to its folder and filed. For future reference, a copy of the transfer/copy request form will also be added to the "guts" of the original draft.
