authority

### substitute amendment Analysis by the Legislative Reference Bureau

This ~~bill~~ enumerates four projects for the University of Wisconsin (UW) System as additions to the 2003-05 Authorized State Building Program. The projects are:

Madison - School of Business Graduate School facility, \$40,000,000 (financed with \$10,000,000 existing general fund supported borrowing authority and \$30,000,000 gifts, grants and other receipts)

Madison - Ogg Residence Hall demolition and replacement, \$35,900,000 (financed with \$34,900,000 program revenue supported borrowing and \$1,000,000 moneys appropriated to the Board of Regents of the UW System derived from any revenue source)

existing

Oshkosh - Taylor Hall renovation, \$13,000,000 (financed with existing program revenue supported borrowing authority)

River Falls - Hunt Arena and Knowles Physical Education and Recreation Center addition and renovation, \$2,206,000 (financed with \$1,876,000 existing general fund supported borrowing authority and \$330,000 existing program revenue supported borrowing authority)

Under current law, the Department of Commerce is required to promulgate rules requiring every residence hall and dormitory over 60 feet in height, the initial construction of which was begun before April 26, 2000, that is owned or operated by

1 AN ACT ~~to amend~~ 23.0917 (5m) (a); and ~~to create~~ 23.0917 (6m) of the statutes;  
 2 ~~relating to: Joint Committee on Finance review of stewardship acquisitions.~~

### *Analysis by the Legislative Reference Bureau*

Before 2003 Wisconsin Act 33, the 2003-05 budget bill, if a land acquisition or development project under the stewardship program would cost more than \$250,000, the Department of Natural Resources (DNR) could not obligate money from the stewardship fund for that activity until DNR gave written notice of the proposed activity to the Joint Committee on Finance (JCF) and gave JCF time to respond to that notice. If the chairpersons of JCF did not notify DNR within 14 days after the date of the DNR's notification that JCF had scheduled a meeting to review the proposed activity, DNR could obligate the money. If the cochairpersons notified DNR that JCF had scheduled a meeting to review the proposed activity, DNR could obligate the money only if JCF approved the proposed activity.

2003 Wisconsin Act 33, as affected by the vetoes, eliminates the requirement that the DNR proposed land acquisition and development projects under the stewardship program be subject to the JCF 14-day passive review process.

This ~~bill~~ reinstates the JCF review of stewardship land acquisition and development projects as it existed before the passage of 2003 Wisconsin Act 33.

This substitute amendment enumerates four projects for the University of Wisconsin (UW) System as additions to the 2003-05 Authorized State Building Program. The projects are:

Madison — School of Business Graduate School facility, \$40,000,000 (financed with \$10,000,000 existing general fund supported borrowing authority and \$30,000,000 gifts, grants and other receipts)

River Falls — Hunt Arena and Knowles Physical Education and Recreation Center addition and renovation, \$2,206,000 (financed with \$1,876,000 existing general fund supported borrowing authority and \$330,000 existing program revenue supported borrowing authority)

Under current law, the Department of Commerce is required to promulgate rules requiring every residence hall and dormitory over 60 feet in height, the initial construction of which was begun before April 26, 2000, that is owned or operated by the Board of Regents of the UW System to contain an automatic fire sprinkler system on each floor by January 1, 2006. This substitute amendment exempts Ogg Residence Hall from those rules until January 1, 2008.

2003-2004 DRAFTING INSERT  
FROM THE  
LEGISLATIVE REFERENCE BUREAU

LRB0338/2ins  
JTK.....

INS 2A:

Currently, with certain exceptions, when the state contracts for construction work the cost of which is estimated to exceed \$30,000, the Department of Administration (DOA) must solicit bids preceded by public notice. However, when the Building Commission determines that innovative types of design and construction processes will make better use of the resources and technology available in the building industry, the commission may waive bidding and certain other statutory requirements for state building projects. Also, when the governor determines that an emergency situation exists involving the public health, safety, or welfare or contracting with public utilities, the governor may waive solicitation of bids on a state building project. In addition, when DOA believes that it is in the best interest of the state to contract for the purchase of articles or materials for state construction work from only one source, it may do so without soliciting bids.

This bill prohibits the Building Commission, the governor, and DOA from exercising their authority to waive statutory bidding procedures with respect to the building projects enumerated in the bill.

INS 5-15:

#

(3) WAIVER OF BIDDING PROCEDURES PROHIBITED. Notwithstanding section 13.48 (19) of the statutes, the <sup>l.c.</sup> Building <sup>l.c.</sup> Commission shall not waive bidding requirements under section 16.855 (2) of the statutes with respect to any building project specified in subsection (1) or (2). Notwithstanding section 16.855 (16) (a) of the statutes, the governor shall not approve waiver of bidding procedures under section 16.855 (2) of the statutes with respect to any building project specified in subsection (1) or (2). SENATE SUBSTITUTE AMENDMENT,  
TO 2003 SENATE BILL 474

Regn

- 1 AN ACT *to amend* 101.14 (4) (b) 3. of the statutes; relating to: the 2003-05  
2 Authorized State Building Program.

*Analysis by the Legislative Reference Bureau*

This substitute amendment enumerates four projects for the University of Wisconsin (UW) System as additions to the 2003-05 Authorized State Building Program. The projects are:

Madison — School of Business Graduate School facility, \$40,000,000 (financed with \$10,000,000 existing general fund supported borrowing authority and \$30,000,000 gifts, grants and other receipts)

Madison — Ogg Residence Hall demolition and replacement, \$35,900,000 (financed with \$34,900,000 existing program revenue supported borrowing authority and \$1,000,000 moneys appropriated to the Board of Regents of the UW System derived from any revenue source)

Oshkosh — Taylor Hall renovation, \$13,000,000 (financed with existing program revenue supported borrowing authority)

River Falls — Hunt Arena and Knowles Physical Education and Recreation Center addition and renovation, \$2,206,000 (financed with \$1,876,000 existing general fund supported borrowing authority and \$330,000 existing program revenue supported borrowing authority)

Under current law, the Department of Commerce is required to promulgate rules requiring every residence hall and dormitory over 60 feet in height, the initial

construction of which was begun before April 26, 2000, that is owned or operated by the Board of Regents of the UW System to contain an automatic fire sprinkler system on each floor by January 1, 2006. This substitute amendment exempts Ogg Residence Hall from those rules until January 1, 2008.

Currently, with certain exceptions, when the state contracts for construction work the cost of which is estimated to exceed \$30,000, the Department of Administration (DOA) must solicit bids preceded by public notice. However, when the Building Commission determines that innovative types of design and construction processes will make better use of the resources and technology available in the building industry, the commission may waive bidding and certain other statutory requirements for state building projects. Also, when the governor determines that an emergency situation exists involving the public health, safety or welfare or contracting with public utilities, the governor may waive solicitation of bids on a state building project. In addition, when DOA believes that it is in the best interest of the state to contract for the purchase of articles or materials for state construction work from only one source, it may do so without soliciting bids.

This bill prohibits the Building Commission, the governor, and DOA from exercising their authority to waive statutory bidding procedures with respect to the building projects enumerated in the bill.

*The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:*

1           SECTION 1. 101.14 (4) (b) 3. of the statutes is amended to read:

2           101.14 (4) (b) 3. The rules of the department shall require every residence hall  
3 and dormitory over 60 feet in height, the initial construction of which was begun  
4 before April 26, 2000, that is owned or operated by the board of regents of the  
5 University of Wisconsin System to contain an automatic fire sprinkler system on  
6 each floor by January 1, 2006, except that those rules shall not apply to Ogg  
7 Residence Hall at the University of Wisconsin — Madison until January 1, 2008.  
8 Notwithstanding par. (c) 1., the rules of the department shall further require every  
9 residence hall and dormitory, the initial construction of which is begun on or after  
10 April 26, 2000, that is owned or operated by the board of regents of the University  
11 of Wisconsin System to have an automatic fire sprinkler system installed on each  
12 floor at the time the residence hall or dormitory is constructed.
