Laura D. Rose, Deputy Director

TO: REPRESENTATIVE LEAH VUKMIR
FROM: Richard Sweet, Senior Staff Attorney
RE: WLC: 0135/4 (Drug Enforcement Administration Numbers)
DATE: May 2, 2003

Attached is WLC: 0135/4, relating to use of federal Drug Enforcement Administration (DEA) registration numbers and providing a penalty.

Feel free to contact me if I can be of further assistance.

RNS:rv:wu:ksm;jal

Attachment

1 **AN ACT** *to create* 146.87 of the statutes; **relating to:** use of federal drug enforcement
2 administration registration numbers and providing a penalty.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

3 **SECTION 1.** 146.87 of the statutes is created to read:

4 **146.87 Restrictions on use of federal registration number.** (1) In this section:

5 (a) "Controlled substance" has the meaning given in s. 961.01 (4).

6 (b) "Federal registration number" means the federal drug enforcement administration
7 number that authorizes a practitioner to prescribe controlled substances.

8 (c) "Practitioner" has the meaning given in s. 450.01 (17).

9 (2) No person may require that a prescription bear a federal registration number if the
10 drug prescribed is not a controlled substance.

11 (3) No person may offer for sale, sell, or lease a federal registration number for any
12 reason.

13 (4) A person who violates this section is subject to a forfeiture of not more than \$10,000.

Subject: Bill Draft - DEA#s

Good morning Debora this is Dean Cady in Representative Vukmir's office. I realize that you are out of the office, but I thought I should send an Email regardless. A few weeks back I had requested that a Bill be drafted concerning the "regulation of identification numbers issued to health professionals by the US Drug Enforcement Administration for the dispensing of controlled substances."

I am not sure who exactly is drafting the Bill, but Representative Vukmir asked that the language in the latest bill draft prepared by Dick Sweet (July 3, 2003) at Leg. Council be used. I have attached the bill draft Dick has prepared and the memo. If you have any questions please feel free to give me or Dick a phone call. My phone number is 266.9180.

Thankx a lot Debora.

~~PRELIMINARY DRAFT - NOT READY FOR INTRODUCTION~~

D-Note

Gen Cat.

1 AN ACT ...; relating to: use of federal registration numbers required for
2 prescribers of controlled substances and providing a penalty.

Analysis by the Legislative Reference Bureau

Federal law requires certain people and entities that manufacture, distribute, prescribe, dispense, or administer controlled substance to register with the federal Drug Enforcement Administration (DEA) and obtain a DEA number. Controlled substances include opiates, hallucinogenic substances, depressants, stimulants, and narcotics. Under federal law, a person who prescribes a controlled substance must include his or her DEA number on the prescription. Federal law prohibits a pharmacist from dispensing a controlled substance if the prescriber's DEA number is not included on the prescription for the controlled substance.

Also under federal law, the U.S. Health Insurance Portability and Accountability Act, commonly known as "HIPAA," requires the U.S. Department of Health and Human Services to adopt a unique identifier that health care providers will be required to use.

This bill prohibits any person from requiring that (practitioner) a person authorized to prescribe drugs include his or her DEA number on a prescription for a drug or device that is not a controlled substance. The bill further prohibits any person from disclosing a practitioner's DEA number without the practitioner's consent for any purpose other than complying with or enforcing federal or state law related to controlled substances. Finally, the bill prohibits any person from using a practitioner's DEA number without the practitioner's consent to identify or monitor the practitioner's prescribing practices for purposes other than complying with or

3/20/03

enforcing federal or state law related to controlled substances. Under the bill, these prohibitions are effective 12 months after the U.S. Department of Health and Human Services requires use of unique identifiers for health care providers under HIPAA.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

1 SECTION 1. 146.87 of the statutes is created to read:

2 146.87 Federal registration numbers for prescribers of controlled
3 substances. (1) In this section:

4 (a) "Controlled substance" has the meaning given in s. 961.01 (4).

5 (b) "Health care provider" has the meaning given in 42 USC 1320d (3).

6 (c) "Federal registration number" means the registration number required
7 under 21 USC 822 for practitioners who prescribe controlled substances.

8 (d) "Practitioner" has the meaning given in s. 450.01 (17).

9 (e) "Prescription order" has the meaning given in s. 450.01 (21).

10 (2) Beginning the first day of the 12th month beginning after the U.S.
11 Department of Health and Human Services requires use of a unique identifier for
12 health care providers under 42 USC 1320d-2 (b), no person may do any of the
13 following:

14 (a) Require that a practitioner include his or her federal registration number
15 on a prescription order for a drug or device that is not a controlled substance.

16 (b) Disclose a practitioner's federal registration number without the
17 practitioner's consent for any purpose other than complying with or enforcing federal
18 or state law related to controlled substances.

1 (c) Use a federal registration number to identify or monitor the prescribing
2 practices of a practitioner, except for the purpose of complying with or enforcing
3 federal or state law related to controlled substances.

4 (3) A person who violates this section may be required to forfeit not more than
5 \$10,000 for each violation.

DRAFTER'S NOTE
FROM THE
LEGISLATIVE REFERENCE BUREAU

LRB-2697/1dn

RLR: ↑:...

JLD

Jul 11, 2003

Dean Cady:

1. As we discussed, the bill does not prohibit a practitioner for disclosing his or her own DEA number.
2. As we also discussed, the requirement that health care providers use the unique HIPAA identifiers will likely not be effective for several years. I therefore included the effective date provision for the bill in the text of proposed s. 146.87, ~~146.87~~, rather than * in a nonstatutory effective date provision that is not printed in the published statutes.

Robin Ryan
Legislative Attorney

Cc: Sweet, Richard
Subject: FW: DEA draft

Good morning Robin, this is Dean from representative Vukmir's office.
I have a question for you regarding LRB 2697/1, "use of federal registration numbers required for perscribers of controlled substances."

Specifically, my question concerns the bill's initial applicability, section (2), line 10. Would it be possible to have the initial applicability section refer to the date/time the federal regulation takes effect, rather (as Dick Sweet points out) than the time it is promulgated, thus building in a bit more time for those affected to switch identifiers? My question is borne out of a potential concern raised by a group of insurers worried about the amount of time the new identifiers will have been available for claims processors. If this is unrealistic, or the change would have zero impact, then just let me know, k. Dick and I feel that a slight change of this nature might be a simple way to address the insurers concerns. I am passing on this Email from Dick that has language reflecting my question, the insurers concern.

Thankx a bunch for the attention Robin. If you have any questions feel free to give me (6.9180) or Dick a jingle.
cheers,
dean

Subject: DEA draft

Dean,

As we discussed on the phone, you may want to clarify page 2, lines 10 to 13 of LRB-2697/1, so that the provision refers to the time the federal reg takes effect rather than the time it is promulgated (in case there is a lag time between the 2). Those lines could be modified to read:

(2) Beginning on the first day of the 12th month beginning after the effective date of a U.S. Department of Health and Human Services regulation that requires use of a unique identifier for health care providers under 42 USC 1320d-2(b), no person may do any of the following:

RMR

Regen

- 1 AN ACT *to create* 146.87 of the statutes; **relating to:** use of federal registration
2 numbers required for prescribers of controlled substances and providing a
3 penalty.

Analysis by the Legislative Reference Bureau

Federal law requires certain people and entities that manufacture, distribute, prescribe, dispense, or administer controlled substance to register with the federal Drug Enforcement Administration (DEA) and obtain a DEA number. Controlled substances include opiates, hallucinogenic substances, depressants, stimulants, and narcotics. Under federal law, a person who prescribes a controlled substance must include his or her DEA number on the prescription. Federal law prohibits a pharmacist from dispensing a controlled substance if the prescriber's DEA number is not included on the prescription for the controlled substance.

Also under federal law, the U.S. Health Insurance Portability and Accountability Act, commonly known as "HIPAA," requires the U.S. Department of Health and Human Services to adopt a unique identifier that health care providers will be required to use.

This bill prohibits any person from requiring that a person authorized to prescribe drugs (practitioner) include his or her DEA number on a prescription for a drug or device that is not a controlled substance. The bill further prohibits any person from disclosing a practitioner's DEA number without the practitioner's consent for any purpose other than complying with or enforcing federal or state law related to controlled substances. Finally, the bill prohibits any person from using a

BILL

HIPAA

regulation that

effective date of a

practitioner's DEA number without the practitioner's consent to identify or monitor the practitioner's prescribing practices for purposes other than complying with or enforcing federal or state law related to controlled substances. Under the bill, these prohibitions are effective 12 months after the U.S. Department of Health and Human Services requires use of unique identifiers for health care providers under HIPAA.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

SECTION 1. 146.87 of the statutes is created to read:

146.87 Federal registration numbers for prescribers of controlled substances. (1) In this section:

(a) "Controlled substance" has the meaning given in s. 961.01 (4).

(b) "Federal registration number" means the registration number required under 21 USC 822 for practitioners who prescribe controlled substances.

(c) "Health care provider" has the meaning given in 42 USC 1320d (3).

(d) "Practitioner" has the meaning given in s. 450.01 (17).

(e) "Prescription order" has the meaning given in s. 450.01 (21).

(2) Beginning on the first day of the 12th month beginning after the U.S. Department of Health and Human Services requires use of a unique identifier for health care providers under 42 USC 1320d-2 (b), no person may do any of the following:

(a) Require that a practitioner include his or her federal registration number on a prescription order for a drug or device that is not a controlled substance.

(b) Disclose a practitioner's federal registration number without the practitioner's consent for any purpose other than complying with or enforcing federal or state law related to controlled substances.

effective date of a

regulation under 42 USC 1320d-2 (b) that

BILL

1 (c) Use a federal registration number to identify or monitor the prescribing
2 practices of a practitioner, except for the purpose of complying with or enforcing
3 federal or state law related to controlled substances.

4 (3) A person who violates this section [✓] may be required to forfeit not more than
5 \$10,000 for each violation.
