1           **(2r)** To the extent that it is excluded from the scope of 15 USC 7003, this

**ASSEMBLY BILL 755****SECTION 13**

1 created, generated, sent, communicated, received, stored, or otherwise processed or  
2 used by electronic means or in electronic form.

3 (2) This subchapter applies only to transactions between parties each of which  
4 has agreed to conduct transactions by electronic means. Whether the parties agree  
5 to conduct a transaction by electronic means is determined from the context and  
6 surrounding circumstances, including the parties' conduct.

7 (3) A party that agrees to conduct a transaction by electronic means may refuse  
8 to conduct other transactions by electronic means. The right granted by this  
9 subsection may not be waived by agreement.

10 (4) Except as otherwise provided in this subchapter, the effect of any provision  
11 of this subchapter may be varied by agreement. Use of the words "unless otherwise  
12 agreed," or words of similar import, in this subchapter shall not be interpreted to  
13 preclude other provisions of this subchapter from being varied by agreement.

14 (5) Whether an electronic record or electronic signature has legal consequences  
15 is determined by this subchapter and other applicable law.

16 **137.14 Construction.** This subchapter shall be construed and applied:

17 (1) To facilitate electronic transactions consistent with other applicable law;

18 (2) To be consistent with reasonable practices concerning electronic  
19 transactions and with the continued expansion of those practices; and

20 (3) To effectuate its general purpose to make uniform the law with respect to  
21 the subject of this subchapter among states enacting laws substantially similar to  
22 the Uniform Electronic Transactions Act as approved and recommended by the  
23 National Conference of Commissioners on Uniform State Laws in 1999.

**ASSEMBLY BILL 755**

1           **137.15 Legal recognition of electronic records, electronic signatures,**  
2           **and electronic contracts. (1)** A record or signature may not be denied legal effect  
3           or enforceability solely because it is in electronic form.

4           **(2)** A contract may not be denied legal effect or enforceability solely because an  
5           electronic record was used in its formation.

6           **(3)** If a law requires a record to be in writing, an electronic record satisfies that  
7           requirement in that law.

8           **(4)** If a law requires a signature, an electronic signature satisfies that  
9           requirement in that law.

10           **137.16 Provision of information in writing; presentation of records.**

11           **(1)** If parties have agreed to conduct a transaction by electronic means and a law  
12           requires a person to provide, send, or deliver information in writing to another  
13           person, a party may satisfy the requirement with respect to that transaction if the  
14           information is provided, sent, or delivered, as the case may be, in an electronic record  
15           capable of retention by the recipient at the time of receipt. An electronic record is not  
16           capable of retention by the recipient if the sender or its information processing  
17           system inhibits the ability of the recipient to print or store the electronic record.

18           **(2)** If a law other than this subchapter requires a record to be posted or  
19           displayed in a certain manner, to be sent, communicated, or transmitted by a  
20           specified method, or to contain information that is formatted in a certain manner,  
21           then:

22           (a) The record shall be posted or displayed in the manner specified in the other  
23           law.

24           (b) Except as otherwise provided in sub. (4) (b), the record shall be sent,  
25           communicated, or transmitted by the method specified in the other law.

**ASSEMBLY BILL 755****SECTION 13**

1 (c) The record shall contain the information formatted in the manner specified  
2 in the other law.

3 (3) If a sender inhibits the ability of a recipient to store or print an electronic  
4 record, the electronic record is not enforceable against the recipient.

5 (4) The requirements of this section may not be varied by agreement, but:

6 (a) To the extent a law other than this subchapter requires information to be  
7 provided, sent, or delivered in writing but permits that requirement to be varied by  
8 agreement, the requirement under sub. (1) that the information be in the form of an  
9 electronic record capable of retention may also be varied by agreement; and

10 (b) A requirement under a law other than this subchapter to send,  
11 communicate, or transmit a record by 1st-class or regular mail or with postage  
12 prepaid may be varied by agreement to the extent permitted by the other law.

13 **137.17 Attribution and effect of electronic records and electronic**  
14 **signatures. (1)** An electronic record or electronic signature is attributable to a  
15 person if the electronic record or electronic signature was created by the act of the  
16 person. The act of the person may be shown in any manner, including a showing of  
17 the efficacy of any security procedure applied to determine the person to which the  
18 electronic record or electronic signature was attributable.

19 (2) The effect of an electronic record or electronic signature that is attributed  
20 to a person under sub. (1) is determined from the context and surrounding  
21 circumstances at the time of its creation, execution, or adoption, including the  
22 parties' agreement, if any, and otherwise as provided by law.

23 **137.18 Effect of change or error. (1)** If a change or error in an electronic  
24 record occurs in a transmission between parties to a transaction, then:

**ASSEMBLY BILL 755**

1 (a) If the parties have agreed to use a security procedure to detect changes or  
2 errors and one party has conformed to the procedure, but the other party has not, and  
3 the nonconforming party would have detected the change or error had that party also  
4 conformed, the conforming party may avoid the effect of the changed or erroneous  
5 electronic record.

6 (b) In an automated transaction involving an individual, the individual may  
7 avoid the effect of an electronic record that resulted from an error made by the  
8 individual in dealing with the electronic agent of another person if the electronic  
9 agent did not provide an opportunity for the prevention or correction of the error and,  
10 at the time the individual learns of the error, the individual:

11 1. Promptly notifies the other person of the error and that the individual did  
12 not intend to be bound by the electronic record received by the other person;

13 2. Takes reasonable steps, including steps that conform to the other person's  
14 reasonable instructions, to return to the other person or, if instructed by the other  
15 person, to destroy the consideration received, if any, as a result of the erroneous  
16 electronic record; and

17 3. Has not used or received any benefit or value from the consideration, if any,  
18 received from the other person.

19 **(2)** If neither sub. (1) (a) nor (b) applies, the change or error has the effect  
20 provided by other law, including the law of mistake, and the parties' contract, if any.

21 **(3)** Subsections (1) (b) and (2) may not be varied by agreement.

22 **137.19 Notarization and acknowledgement.** If a law requires a signature  
23 or record to be notarized, acknowledged, verified, or made under oath, the  
24 requirement is satisfied if the electronic signature of the person authorized to  
25 administer the oath or to make the notarization, acknowledgment, or verification,

**ASSEMBLY BILL 755****SECTION 13**

1 together with all other information required to be included by other applicable law,  
2 is attached to or logically associated with the signature or record.

3 **137.20 Retention of electronic records; originals. (1)** Except as provided  
4 in sub. (6), if a law requires that a record be retained, the requirement is satisfied  
5 by retaining the information set forth in the record as an electronic record which:

6 (a) Accurately reflects the information set forth in the record after it was first  
7 generated in its final form as an electronic record or otherwise; and

8 (b) Remains accessible for later reference.

9 **(2)** A requirement to retain a record in accordance with sub. (1) does not apply  
10 to any information the sole purpose of which is to enable the record to be sent,  
11 communicated, or received.

12 **(3)** A person may comply with sub. (1) by using the services of another person  
13 if the requirements of that subsection are satisfied.

14 **(4)** Except as provided in sub. (6), if a law requires a record to be presented or  
15 retained in its original form, or provides consequences if the record is not presented  
16 or retained in its original form, a person may comply with that law by using an  
17 electronic record that is retained in accordance with sub. (1).

18 **(5)** Except as provided in sub. (6), if a law requires retention of a check, that  
19 requirement is satisfied by retention of an electronic record containing the  
20 information on the front and back of the check in accordance with sub. (1).

21 **(6)** (a) Except as provided in sub. (6), a record retained as an electronic record  
22 in accordance with sub. (1) satisfies a law requiring a person to retain a record for  
23 evidentiary, audit, or like purposes, unless a law enacted after the effective date of  
24 this paragraph .... [revisor inserts date], specifically prohibits the use of an electronic  
25 record for the specified purpose.

**ASSEMBLY BILL 755**

1           (b) A governmental unit that has custody of a record is also further subject to  
2 the retention requirements for public records of state agencies, and the records of the  
3 University of Wisconsin Hospitals and Clinics Authority established under ss. 16.61,  
4 and 16.611 and the retention requirements for documents of local governmental  
5 units established under s. 16.612.

6           (7) The public records board may promulgate rules prescribing standards  
7 consistent with this subchapter for retention of records by state agencies, the  
8 University of Wisconsin Hospitals and Clinics Authority and local governmental  
9 units.

10           (8) This section does not preclude a governmental unit of this state from  
11 specifying additional requirements for the retention of any record subject to the  
12 jurisdiction of that governmental unit.

13           **137.21 Admissibility in evidence.** In a proceeding, a record or signature  
14 may not be excluded as evidence solely because it is in electronic form.

15           **137.22 Automated transactions.** In an automated transaction:

16           (1) A contract may be formed by the interaction of electronic agents of the  
17 parties, even if no individual was aware of or reviewed the electronic agent's actions  
18 or the resulting terms and agreements.

19           (2) A contract may be formed by the interaction of an electronic agent and an  
20 individual, acting on the individual's own behalf or for another person, including by  
21 an interaction in which the individual performs actions that the individual is free to  
22 refuse to perform and which the individual knows or has reason to know will cause  
23 the electronic agent to complete the transaction or performance.

24           (3) The terms of a contract under sub. (1) or (2) are governed by the substantive  
25 law applicable to the contract.

**ASSEMBLY BILL 755****SECTION 13**

1           **137.23 Time and place of sending and receipt. (1)** Unless otherwise  
2 agreed between the sender and the recipient, an electronic record is sent when it:

3           (a) Is addressed properly or otherwise directed properly to an information  
4 processing system that the recipient has designated or uses for the purpose of  
5 receiving electronic records or information of the type sent and from which the  
6 recipient is able to retrieve the electronic record;

7           (b) Is in a form capable of being processed by that system; and

8           (c) Enters an information processing system outside the control of the sender  
9 or of a person that sent the electronic record on behalf of the sender or enters a region  
10 of the information processing system designated or used by the recipient which is  
11 under the control of the recipient.

12           **(2)** Unless otherwise agreed between a sender and the recipient, an electronic  
13 record is received when:

14           (a) It enters an information processing system that the recipient has  
15 designated or uses for the purpose of receiving electronic records or information of  
16 the type sent and from which the recipient is able to retrieve the electronic record;  
17 and

18           (b) It is in a form capable of being processed by that system.

19           **(3)** Subsection (2) applies even if the place where the information processing  
20 system is located is different from the place where the electronic record is deemed  
21 to be received under sub. (4).

22           **(4)** Unless otherwise expressly provided in the electronic record or agreed  
23 between the sender and the recipient, an electronic record is deemed to be sent from  
24 the sender's place of business and to be received at the recipient's place of business.  
25 For purposes of this subsection:

**ASSEMBLY BILL 755**

1 (a) If the sender or recipient has more than one place of business, the place of  
2 business of that person is the place having the closest relationship to the underlying  
3 transaction.

4 (b) If the sender or the recipient does not have a place of business, the place of  
5 business is the sender's or recipient's residence, as the case may be.

6 (5) An electronic record is received under sub. (2) even if no individual is aware  
7 of its receipt.

8 (6) Receipt of an electronic acknowledgment from an information processing  
9 system described in sub. (2) establishes that a record was received but, by itself, does  
10 not establish that the content sent corresponds to the content received.

11 (7) If a person is aware that an electronic record purportedly sent under sub.  
12 (1), or purportedly received under sub. (2), was not actually sent or received, the legal  
13 effect of the sending or receipt is determined by other applicable law. Except to the  
14 extent permitted by the other law, the requirements of this subsection may not be  
15 varied by agreement.

16 **137.24 Transferable records. (1)** In this section, "transferable record"  
17 means an electronic record that would be a note under ch. 403 or a record under ch.  
18 407 if the electronic record were in writing.

19 (1m) An electronic record qualifies as a transferable record under this section  
20 only if the issuer of the electronic record expressly has agreed that the electronic  
21 record is a transferable record.

22 (2) A person has control of a transferable record if a system employed for  
23 evidencing the transfer of interests in the transferable record reliably establishes  
24 that person as the person to which the transferable record was issued or transferred.

**ASSEMBLY BILL 755****SECTION 13**

1           **(3)** A system satisfies the requirements of sub. (2), and a person is deemed to  
2 have control of a transferable record, if the transferable record is created, stored, and  
3 assigned in such a manner that:

4           (a) A single authoritative copy of the transferable record exists which is unique,  
5 identifiable, and, except as otherwise provided in pars. (d) to (f), unalterable;

6           (b) The authoritative copy identifies the person asserting control as the person  
7 to which the transferable record was issued or, if the authoritative copy indicates  
8 that the transferable record has been transferred, the person to which the  
9 transferable record was most recently transferred;

10          (c) The authoritative copy is communicated to and maintained by the person  
11 asserting control or its designated custodian;

12          (d) Copies or revisions that add or change an identified assignee of the  
13 authoritative copy can be made only with the consent of the person asserting control;

14          (e) Each copy of the authoritative copy and any copy of a copy is readily  
15 identifiable as a copy that is not the authoritative copy; and

16          (f) Any revision of the authoritative copy is readily identifiable as authorized  
17 or unauthorized.

18           **(4)** Except as otherwise agreed, a person having control of a transferable record  
19 is the holder, as defined in s. 401.201 (20), of the transferable record and has the same  
20 rights and defenses as a holder of an equivalent record or writing under chs. 401 to  
21 411, including, if the applicable statutory requirements under s. 403.302 (1),  
22 407.501, or 409.330 are satisfied, the rights and defenses of a holder in due course,  
23 a holder to which a negotiable record of title has been duly negotiated, or a purchaser,  
24 respectively. Delivery, possession, and endorsement are not required to obtain or  
25 exercise any of the rights under this subsection.

**ASSEMBLY BILL 755**

1           **(5)** Except as otherwise agreed, an obligor under a transferable record has the  
2 same rights and defenses as an equivalent obligor under equivalent records or  
3 writings under chs. 401 to 411.

18 a record generated from an original record stored in optical disk or electronic format
