Writing bad checks				

## **Assumptions Used in Arriving at Fiscal Estimate**

This bill decreases the dollar threshhold separating felony bad check violations from misdemeanor violations from \$2,500 to \$1,500.

It is not known how often violations presently involve between \$1,500 and \$2,500 but those offenses would be increased from misdemeanors to felonies under this bill. Accordingly there would be an increase in the amount of court time needed to handle these cases. The court time needed involves judge, court reporter, court staff and juror time. The cost for these is borne by both the state and the county. While it is impossible to predict the increased costs with the data available it is expected that the additional workload would be absorbed by existing court personnel.

**Long-Range Fiscal Implications**
