

**DRAFTER'S NOTE
FROM THE
LEGISLATIVE REFERENCE BUREAU**

LRBa2855/1dn
RCT:jld:jf

March 10, 2004

Ann Molitor:

As we discussed, this is being drafted before the bill is in the Senate because it may go through both houses today. It is possible that action by the Assembly will cause this amendment to be improperly drafted. If you have any questions about this when the bill gets to the Senate, please let me know.
