Statute Information  
for hybrid...

**Subject:** Statute Information for hybrids

Dear Jennifer,

After clarifying the issues with Jeff, I realized that there is indeed an electronic version of the statute we were talking about. It is Wisconsin Statute 16.045.

Here is the link...

[http://folio.legis.state.wi.us/cgi-bin/om\\_isapi.dll?clientID=83966&infobase=stats.nfo&j1=16.045&jump=16.045&softpage=Browse\\_Frame\\_Pg](http://folio.legis.state.wi.us/cgi-bin/om_isapi.dll?clientID=83966&infobase=stats.nfo&j1=16.045&jump=16.045&softpage=Browse_Frame_Pg)

The problem is that the list of alternative fuels is not clearly defined. Note that electricity is covered on the list of alternative fuels, but this only includes Zero Emissions Vehicles. Electric vehicles and Hybrid Electric Vehicles are considered different fuel types. Jeff suggested adding hybrid-electric vehicles to the list of available alternative fuels and adding a definition (below) to the clarification language would make it easier for him to integrate more hybrids into his fleet.

16.045 (1)(e)

(d) "Hybrid-Electric" means a chemically fueled internal combustion engine capable of running of gasoline, alternative fuels, diesel or gas turbine, combined with an electric motor and an energy storage device resulting in increase in fuel efficiency and a decrease in greenhouse gas emissions.

Please let me know if you would like any additional information.

Maria

SECTION #.

2003-2004 DRAFTING INSERT  
FROM THE  
LEGISLATIVE REFERENCE BUREAU

LRB-2483/lins2  
JTK.....

Currently, the department of admistration (DOA) is directed to require state employees to utilize gasohol or alternative fuel for the operation of all state-owned or state-leased motor vehicles whenever such utilization is feasible. DOA is also directed to encourage distribution of gasohol and alternative fuels by officers and employees who use personal motor vehicles on state business and by residents of this state generally. DOA is further directed to annually report to the appropriate legislative standing committees concerning distribution and usage of gasohol and alternative fuels in this state. ✓

This bill directs DOA to require state employees to utilize hybrid-electric vehicles or vehicles that operate on gasohol or alternative fuels for all state-owned or state-leased motor vehicles whenever such utilization is feasible. The bill also requires DOA to encourage use of hybrid-electric vehicles or vehicles that operate on gasohol or alternative fuel by officers or employees of this state who use personal motor vehicles on state business and by residents of this state generally. The bill further directs DOA to annually report to the appropriate legislative standing committees concerning usage of hybrid-electric vehicles and vehicles that operate on gasohol or alternative fuels in this state. The bill defines "hybrid-electric vehicle" to mean a vehicle that has a chemically fueled internal combustion engine which is capable or operating on gasoline, one or more alternative fuels, or diesel fuel, or by means of a gas turbine, and is also equipped with an electric motor and an energy storage device.

For further information see the *state* fiscal estimate, which will be printed as an appendix to this bill.
