DPI 6/9/2003

LRB Number 03-2795/1	Introduction Number AB-393	Estimate Type Original
Subject Open enrollment; victims of violent crimes		

Assumptions Used in Arriving at Fiscal Estimate

This bill allows certain pupils who are victims of violent crimes to transfer to a public school in another school district if there is no other public school in the pupil's school district that is appropriate. The school board of the pupil's school district of residence must pay tuition to the school district that the pupil will attend.

The amount of tuition will vary by school district. In addition, the number of pupils transferring to another school district under this proposal is unknown. Therefore, the local fiscal effect is indeterminate.

There is no state fiscal effect.
