Fiscal Estimate Narratives

UWS 10/2/2003

LRB Number 03-3325/1	Introduction Number AB-538	Estimate Type Original
Subject Tax credit for new business venture		

Assumptions Used in Arriving at Fiscal Estimate

While this bill primarily creates an income and franchise tax credit for investments in new business ventures, there is also a portion of this bill which affects the University of Wisconsin System. The bill requires the Department of Commerce, in cooperation with the Department of Financial Institutions and the University of Wisconsin System, annually to conduct and publish the results of a study of Wisconsin businesses to determine new business formation trends and identify obstacles faced by new Wisconsin businesses and areas where changes in governmental policy may satisfy the needs of new Wisconsin businesses. In addition, the bill requires the Department of Commerce, in cooperation with the above two listed agencies, to provide education and other support to facilitate the development of networks of investors that review new businesses or proposed new businesses for potential investment. The University of Wisconsin System believes that assistance would most likely be provided by either the University of Wisconsin-Extension Small Business Development Center or any or all of the Schools of Business, it cannot be determined at present the level of involvement that the Department of Commerce would require in these undertakings.

Long-Range Fiscal Implications
