

Fiscal Estimate Narratives

DOA 3/6/2003

LRB Number 03-1858/1	Introduction Number AB-57	Estimate Type Original
Subject University of Wisconsin-Madison cogeneration facility		

Assumptions Used in Arriving at Fiscal Estimate

The bill repeals a section of the non-statutory language in 2001 Act 109 that required the Department of Administration and the UW to negotiate an agreement for a co-generation plant to serve the campus of the UW-Madison of a certain size. Removal of the requirement does not establish other choices with known costs different from the original proposal for the utility needs.

Long-Range Fiscal Implications

Unknown.
