Assumptions Used in Arriving at Fiscal Estimate

Under current law, individuals under age 16 are not allowed to use a tanning facility. The owner of a tanning facility must ensure that these age limitations are met. The Department is required to issue a permit to businesses that have tanning facilities and to investigate complaints but not to monitor the facilities on an ongoing basis.

This bill raises the legal age at which an individual can use a tanning device to 18. This change will have no fiscal effect on the Department.
