Analysis by the Legislative Reference Bureau

CREDIT UNIONS AND UNIVERSAL BANKS

This bill makes numerous changes to the chapter that governs the formation,
operation, and regulation of credit unions in this state and creates a new type of
financial institution called a universal bank. The major provisions relating to credit
unions and universal banks include the following:

Credit Unions

Credit union membership

Under current law, credit union membership is open to groups having a
common bond of occupation or association; residents within a well-defined
neighborhood, community, or rural district; employees of related industries or
industries that operate within a well-defined neighborhood, community, or rural
district; members of certain fraternal, labor, educational, or other similar
organizations; and credit union employees. Furthermore, credit union membership
is open to the immediate family of all individuals who are qualified for membership.
Current law defines “members of the immediate family” as any relative of a member
or of a member’s spouse who is living with the member and as the member’s spouse,
parents, stepchildren, and children. In addition, current law permits a credit union
to accept an organization or association as a member if a majority of the members
of the organization or association are eligible for membership.

This bill expands the pool of individuals, organizations, and associations that
are eligible for membership in a credit union. Under this bill, credit union
membership is open to individuals who reside or are employed in well-defined,
contiguous neighborhoods and communities, except that, if the Office of Credit
Unions determines, subsequent to a merger, that it is inappropriate to require the
members of a credit union to reside or be employed in contiguous neighborhoods and
communities, the requirement that these neighborhoods and communities be
contiguous does not apply. In addition, membership is open to individuals who reside
or are employed in well-defined, contiguous rural districts or multicounty regions.

This bill also opens credit union membership to any organization or association
that has a business location within any geographic limits of the credit union’s field
of membership. This bill also permits a credit union to accept any organization or
association as a member, if a majority of the directors, owners, or members of the
organization or association are eligible for membership. Furthermore, this bill
ASSEMBLY BILL 2

repeals the definition of “members of the immediate family” contained in current law and instead requires a credit union’s bylaws to specify the conditions that determine eligibility for membership.

**Credit union investments and credit union service organizations**

Under current law, a credit union may invest up to 1.5% of its total assets in an organization that is organized primarily to provide goods and services to credit unions, credit union organizations, and credit union members (credit union service organization). Under current law, a credit union may invest in a credit union service organization that is a corporation. Current law also specifies the types of goods and services that a credit union service organization may provide. These goods and services include, among other things, credit card services, automated teller services, financial planning, and insurance sales. However, current law is ambiguous as to whether the percentage limitation on a credit union’s investment in credit union service organizations applies to the aggregate total of all credit union investments in credit union service organizations or to a credit union’s investment in each particular credit union service organization.

This bill expands the types of organizations in which a credit union may invest. Under this bill, a credit union may invest in a credit union service organization that is a corporation, limited partnership, limited liability company, or any other entity that is permitted under state law and that is approved by the Office of Credit Unions.

This bill also provides that the Office of Credit Unions may permit a credit union to invest greater than 1.5% of credit union assets in a credit union service organization. In addition, this bill clarifies that the limitation on a credit union’s investment in credit union service organizations applies to the aggregate total of all credit union investments in credit union service organizations.

This bill also expands the types of services that a credit union service organization may provide. Under this bill, a credit union service organization may provide the following types of services, among others, related to the routine daily operations of credit unions: 1) checking and currency services; 2) clerical, professional, and management services; 3) consumer mortgage loan origination services; 4) electronic transaction services; 5) tax preparation services; 6) services regarding the development and administration of individual retirement accounts, specified retirement plans for self-employed individuals, and personnel benefit plans; 7) financial counseling services, including estate planning; 8) fixed asset services; 9) insurance brokerage or agency services; 10) services with regard to leasing real property owned by the credit union service organization or personal property; 11) loan support services; 12) record retention, security, and disaster recovery services; 13) securities brokerage services; 14) shared credit union branch operations; 15) student loan origination services; 16) travel agency services; 17) trust and other fiduciary services; 18) real estate brokerage services. The bill further specifies additional services that are generally related to the 18 listed above. In addition, the bill authorizes the Office of Credit Unions to expand the list of services that are related to the routine daily operations of credit unions that a credit union service organization may provide. The bill also permits a credit union service organization to provide any of these services through an investment by the credit
union service organization in a third-party service provider, subject to certain limitations.

Credit union powers

Currently, to the extent permitted by federal law, a credit union may act as trustee of member tax deferred funds and as a depository for member deferred compensation funds. This bill expands this authority, allowing a credit union, to the extent permitted by federal law, to act as a trustee or custodian of member tax deferred retirement funds, individual retirement accounts, medical savings accounts, and other employee benefit accounts or funds. In addition, this bill allows a credit union, to the extent permitted by federal law, to act as a depository for member qualified and nonqualified deferred compensation funds.

Under current law, funds held in trust under a burial agreement (commonly known as a funeral trust) must be deposited in a bank, savings bank, savings and loan association, or credit union. This bill clarifies that a credit union may accept these deposits if the deposits are made by a credit union member.

Currently, a federal credit union is permitted to accept deposits from nonmembers if the federal credit union is designated as a low-income credit union by the National Credit Union Administration. To obtain such a designation, a federal credit union must serve predominantly low-income members. This bill permits a state credit union to accept deposits from any person if the state credit union satisfies the federal requirements for designation as a low-income credit union and files a statement with the Office of Credit Unions agreeing to be bound by requirements and conditions that are substantially identical to those imposed on federally designated low-income credit unions.

This bill also permits credit unions to sell insurance products.

Branch offices of Wisconsin credit unions

Under current law, if the need exists, a credit union may establish branch offices within this state or no more than 25 miles outside of this state. In addition, if certain conditions are met, a credit union may establish a limited service office outside of this state to serve members of the credit union. A credit union seeking to establish a branch office or limited service office must first obtain the approval of the Office of Credit Unions.

This bill expands the authority of a credit union to establish branch offices. Under this bill, with the permission of the Office of Credit Unions, a credit union may establish branch offices anywhere inside or outside of this state. This bill repeals the authority for a credit union to establish a limited service office, although a credit union may continue to operate a limited service office that is in existence on the effective date of this bill.

Branch offices of non-Wisconsin credit unions

Current law does not specifically permit a credit union organized under the laws of another state (non-Wisconsin credit union) to establish a branch office in this state. This bill specifies that a non-Wisconsin credit union may establish a branch office in this state if the Office of Credit Unions finds that certain conditions apply to the non-Wisconsin credit union. For example, the non-Wisconsin credit union must be organized under laws similar to ch. 186, must be financially solvent, and
must have federal insurance for member deposits. In addition, the Office of Credit Unions must find that credit unions organized under the laws of this state are allowed to do business under similar conditions in the home state of the non-Wisconsin credit union.

**Interstate mergers and acquisitions of credit unions**

Under current law regarding interstate mergers and acquisitions of credit unions, a credit union organized in this state may only merge with, acquire, or be acquired by a state or federal credit union that has its principal office in Illinois, Indiana, Iowa, Kentucky, Michigan, Minnesota, Missouri, or Ohio. This bill repeals this geographic limitation on mergers and acquisitions of credit unions and, thus, expands the number of credit unions that are eligible to merge with, acquire, or be acquired by a credit union organized in this state.

**Credit union reports and financial privacy**

Current law contains several credit union reporting requirements and, with certain exceptions, requires the Office of Credit Unions annually to examine the records and accounts of each credit union. The employees of the Office of Credit Unions and members of the Credit Union Review Board must keep information obtained in the course of examinations confidential, with limited exceptions. A violation of this confidentiality requirement is subject to a forfeiture of up to $200.

This bill expands the confidentiality requirement to also include information contained in certain reports that a credit union provides to the Office of Credit Unions. In addition, this bill specifies that, with certain exceptions, any employee of the Office of Credit Unions or member of the Credit Union Review Board who discloses any information about the private account or transactions of a credit union or who discloses any information obtained in the course of an examination is subject to a fine of not less than $100 nor more than $1,000, imprisonment for not less than six months nor more than three years, or both, and may be required to forfeit his or her office or position.

This bill also requires credit unions to comply with certain federal laws relating to customer financial privacy and requires the Office of Credit Unions to examine credit unions for compliance with these federal laws.

**Board of directors action by unanimous, written consent**

Currently, if an action is required or permitted to be authorized at a credit union board of directors meeting, the directors must either meet in person or via certain approved communications media to authorize the action. This bill permits an action to be authorized without a meeting, if that action is authorized by all directors and is evidenced by one or more written statements, signed by each director, describing and consenting to the action.

**Other credit union changes**

Under current law, a credit union is required to semiannually determine its gross income and transfer amounts to its reserve account, which is an account established by the credit union to cover losses. The National Credit Union Administration determines the required amount of the transfer. This bill repeals the requirement that a credit union determine its gross income and semiannually
ASSEMBLY BILL 2

transfer amounts to its reserve account. Under this bill, a credit union must establish and maintain a reserve account and must transfer amounts to the reserve account as required by the National Credit Union Administration.

Under current law, the Office of Credit Unions must conduct an annual examination of each credit union, unless the Office of Credit Unions accepts an audit report of the condition of the credit union that satisfies certain conditions. This bill requires the Office of Credit Unions to conduct an examination of each credit union at least once every 18 months, and repeals the authority of the Office of Credit Unions to accept an audit report.

Current law specifically requires any officer or employee of a credit union who sells credit life insurance or credit accident or sickness insurance on behalf of the credit union to pay to the credit union all commissions received from the sale. This bill clarifies that an officer or employee of a credit union must pay to the credit union all commissions received from the sale of any authorized insurance product sold on behalf of the credit union.

This bill also creates a crime for knowingly falsifying certain credit union reports or statements. Any person who commits this crime may be fined not less than $1,000 nor more than $5,000 or imprisoned for not less than one year nor more than 15 years or both.

Under current law, credit unions are subject to the provisions of chs. 93 to 100 (agriculture, trade, and consumer protection statutes) that apply to businesses generally. Banks, savings banks, and savings and loan associations are specifically exempted from the definition of “business” that applies in the agriculture, trade, and consumer protection statutes. This bill specifically exempts credit unions from this definition.

UNIVERSAL BANKS

Generally

Under current law, the Division of Savings Institutions regulates state savings banks and state savings and loan associations, and the Division of Banking regulates state banks. This bill allows a state savings bank, state savings and loan association, or state bank (financial institution) to apply to the Division of Banking to become certified as a universal bank. If certified as a universal bank, a financial institution may exercise certain powers, in addition to those that are granted under the statutes under which the financial institution is organized. A universal bank retains its status as a savings and loan association, savings bank, or state bank and remains subject to existing regulatory and supervisory requirements, except to the extent that these requirements are inconsistent with the requirements applicable to universal banks. Universal banks are subject to the following provisions:

Certification of universal banks

A financial institution may apply to become certified as a universal bank by filing a written application with the Division of Banking. In order to be certified as a universal bank, the financial institution must meet all of the following requirements: 1) the financial institution must have been in existence and continuous operation for at least three years; 2) the financial institution must be “well-capitalized,” as defined in federal law; 3) the financial institution must not
exhibit moderately severe or unsatisfactory financial, managerial, operational, and compliance weaknesses; 4) the financial institution must not have been the subject of any enforcement action within the 12 months preceding the application; 5) the most recent evaluation of the financial institution under the federal Community Reinvestment Act must rate the financial institution as “outstanding” or “satisfactory” at helping to meet the credit needs of its entire community; and 6) the most recent report received by the financial institution evaluating the financial institution’s compliance with certain federal laws relating to customer privacy must indicate that the financial institution is in substantial compliance with these federal laws. If these requirements are met, the Division of Banking must certify the financial institution as a universal bank. If a universal bank fails to maintain compliance with these requirements, the Division of Banking must limit the universal bank's exercise of universal banking powers. In addition, a universal bank may be decertified if it fails to maintain compliance with these requirements. With the approval of the Division of Banking, a universal bank may also elect to terminate its certification. As a precondition to elective decertification, the universal bank must terminate the exercise of all universal banking powers.

Organization and regulation of universal banks

A financial institution that is certified as a universal bank remains subject to all of the requirements and duties, and remains able to exercise all of the powers, that applied to the financial institution prior to its certification as a universal bank, except to the extent that such requirements, duties, and powers are inconsistent with the requirements, powers, and duties of universal banks. After a financial institution becomes certified as a universal bank, the Division of Banking is responsible for establishing the capital requirements applicable to the universal bank.

A universal bank continues to operate under the articles of incorporation and bylaws that were in effect prior to its certification as a universal bank, and these articles and bylaws may be amended in accordance with the law governing savings banks, savings and loan associations, or state banks, whichever is applicable to the financial institution. Current law generally prohibits a savings bank or a savings and loan association from using the term “bank” in its corporate name without also using the term “savings.” Notwithstanding these provisions, the bill allows any financial institution that becomes certified as a universal bank to use the term “bank” in its corporate name without using the word “savings,” subject to certain limitations relating to the distinguishability of the name.

Under current law, the Division of Banking regulates mergers and acquisitions of state banks, and the Division of Savings Institutions regulates mergers and acquisitions of savings banks and savings and loan associations. Under the bill, the Division of Banking assumes responsibility for reviewing and approving the mergers and acquisitions of all financial institutions that have been certified as universal banks, including savings banks and savings and loan associations. The standards to be used by the Division of Banking in reviewing a merger or acquisition of a universal bank generally track the standards currently applicable to the various financial institutions that may become certified as universal banks, except that
universal banks may generally acquire or merge with any type of financial institution.

**Powers of universal banks**

The bill expands the powers of a financial institution that becomes certified as a universal bank. Currently, savings banks, savings and loan associations, and banks have differing powers under both state and federal law. Under the bill, a universal bank is authorized to engage in any activity authorized for any savings bank, savings and loan association, or state bank beginning on the first day of the third month beginning after the bill’s publication. In addition, the bill specifically permits a universal bank to exercise all of the following powers:

1) **Federal powers:** Under the bill, a universal bank may exercise all powers that may be exercised directly by a national bank, a federally chartered savings and loan association, or a federally chartered savings bank. In addition, a universal bank may exercise through a subsidiary all powers that a subsidiary of these federal financial institutions may exercise. The Division of Banking must approve the initial exercise of a federal power by a universal bank under these provisions, but thereafter any universal bank generally may exercise that power. The Division of Banking may, however, require a universal bank to exercise a federal power through a subsidiary of the universal bank to limit the risk exposure of the universal bank.

2) **Lending powers:** Under current law, the lending powers of a financial institution depend on whether the financial institution is organized as a savings bank, savings and loan association, or state bank. The lending powers granted to universal banks under the bill are most similar to the lending powers granted to state banks under current law. Current law imposes some restrictions on the types and purposes of loans that savings banks and savings and loan associations may make. Under the bill, a universal bank may make, sell, purchase, arrange, participate in, invest in, or otherwise deal in loans or extensions of credit for any purpose. Like state banks, the limitations imposed on a universal bank’s lending generally focus on the total amount of liabilities of any one lender at any one time. Although the limit varies depending on the lender and on the type of security pledged for the loan, the general rule is that the total liabilities of any one person to a universal bank may not exceed 20% of the universal bank’s capital.

The lending limits for universal banks are generally the same as for state banks, except that universal banks are granted additional authority to lend, through the universal bank or its subsidiaries, an aggregate amount to all borrowers from the universal bank and all of its subsidiaries not to exceed 20% of the universal bank’s capital. Generally, however, the loans to any one borrower made under any lending authority of the universal bank may not exceed 20% of the universal bank’s capital. Loans made under this additional authority are not subject to rules regarding bad debts or classification of losses for a period of two years from the date of the loan. This additional authority may be suspended by the Division of Banking. Among the factors that may be considered by the Division of Banking in suspending this authority are a universal bank’s capital adequacy, management, earnings, liquidity, and sensitivity to market risk. The bill prohibits a universal bank, in determining whether to make a loan or extension of credit, from considering any health
information obtained from the records of an affiliate of the universal bank that is engaged in the business of insurance, unless the person to whom the health information relates consents.

3) Investment powers: A universal bank may purchase, sell, underwrite, and hold investment securities, consistent with safe and sound banking practices, in an amount up to 100% of the universal bank’s capital. Investment securities include commercial paper; banker’s acceptances; marketable securities in the form of bonds, notes, and debentures; and similar instruments. A universal bank may not invest greater than 20% of its capital in any one obligor or issuer. A universal bank may purchase, sell, underwrite, and hold equity securities, consistent with safe and sound banking practices, in an amount up to 20% of the universal bank’s capital, unless the Division of Banking approves a greater percentage. A universal bank may also invest in certain housing properties and projects, except that the total investment in any one project may not exceed 15% of the universal bank’s capital and except that the total amount invested in housing properties and projects may not exceed 50% of the universal bank’s capital. A universal bank may take equity positions in profit-participation projects, including projects funded through loans from the universal bank, in an aggregate amount not to exceed 20% of the universal bank’s capital. The Division of Banking may suspend a universal bank’s authority to invest in profit-participation projects.

The bill permits a universal bank to invest without limitation in certain types of securities, including: 1) obligations of certain federal agencies or federally chartered corporations and associations; 2) deposit accounts or insured obligations of insured financial institutions; 3) securities of certain business development corporations and urban renewal investment corporations; 4) certain securities of bank insurance companies; 5) securities of certain corporations operating automated teller machines; 6) securities of service corporation subsidiaries of the universal bank; 7) advances of federal funds; 8) risk management instruments, including financial futures transactions, financial operations transactions, and forward commitments, but solely for the purpose of reducing, hedging, or otherwise managing its interest rate risk exposure; 9) securities of subsidiaries exercising certain fiduciary powers; and 10) securities of certain agricultural credit corporations. A universal bank may invest in other financial institutions. The investment powers of a universal bank may be exercised directly or indirectly through a subsidiary, unless the Division of Banking requires the investment to be made through a subsidiary to limit the risk exposure of the universal bank. The bill contains specific provisions governing the purchase by a universal bank of its own stock and of stock in banks and bank holding companies.

4) Deposit and trust powers: The bill permits a universal bank to establish the types and terms of deposits that the universal bank will solicit and accept. A universal bank may pledge its assets as security for deposits. With the approval of the Division of Banking, a universal bank may securitize its assets for sale to the public, subject to any procedures established by the Division of Banking. A universal bank may exercise safe deposit powers and have a lien for its safekeeping charges on the contents of property accepted for safekeeping. If these charges remain unpaid
for two years or if property accepted for safekeeping is not called for within two years, a universal bank may sell the property at public auction. The bill authorizes a universal bank to exercise the same trust powers that trust company banks are permitted to exercise under current law.

5) Incidental and related powers: Under the bill, a universal bank may exercise all powers necessary or convenient to effect the purposes for which the universal bank is organized or to further the businesses in which the universal bank is lawfully engaged. Current law does not have a similar provision.

In addition to these necessary or convenient powers, the bill allows a universal bank to engage in activities that are reasonably related or incident to the purposes of the universal bank. With certain exceptions, a universal bank may engage in these activities either directly or indirectly through a subsidiary. Under the bill, any activity permitted under the federal Bank Holding Act satisfies the reasonably related or incidental criterion. The bill also contains a list of specific activities that meet the reasonably related or incidental criterion. The listed activities include: 1) business and professional services; 2) data processing; 3) courier and messenger services; 4) credit-related activities; 5) consumer services; 6) real estate-related services; 7) insurance services, other than insurance underwriting; 8) securities brokerage; 9) investment advice; 10) securities and bond underwriting; 11) mutual fund activities; 12) financial consulting; 13) tax planning and preparation; 14) community development and charitable activities; and 15) debt cancellation contracts.

A universal bank may also engage in activities that the Division of Banking determines are reasonably related or incidental to these listed activities. In addition, the Division of Banking may determine that other activities are reasonably related or incidental activities.

A universal bank must give 60 days' prior written notice to the Division of Banking of the universal bank's intention to exercise a necessary or convenient power or to engage in a reasonably related or incidental activity. The Division of Banking may deny a universal bank the authority to exercise a necessary or convenient power or to engage in a reasonably related or incidental activity, other than an activity that is contained in the specific list of reasonably related or incidental activities, if the Division of Banking determines that the activity is not a reasonably related or incidental activity, that the financial institution is not well-capitalized, that the financial institution is the subject of an enforcement action, or that the financial institution does not have sufficient management expertise for the activity. The Division of Banking may also require a universal bank to engage in certain of these activities through a subsidiary, with appropriate safeguards to limit the risk exposure of the universal bank. Amounts invested in a single subsidiary that engages in these activities may not exceed 20% of the universal bank’s capital, unless a higher percentage is approved by the Division of Banking.

**UNIFORM COMMERCIAL CODE**

Currently, under this state’s version of the Uniform Commercial Code, when collateral is disposed of by a secured party following a default by the debtor, all
subordinate security interests and liens are discharged by the disposition of the collateral, except liens held by this state or a local governmental unit. One result of this exception is essentially to give priority to subordinate liens held by this state or a local governmental unit. These liens include, for example, tax liens, liens related to environmental clean-up payments, public assistance payments, wage claims, unemployment and worker’s compensation payments, and liens on aircraft for nonpayment of certain fees. This bill deletes this exception and, in effect, grants these liens the priority otherwise applicable to them under the law.

Because this bill creates a new crime or revises a penalty for an existing crime, the Joint Review Committee on Criminal Penalties may be requested to prepare a report concerning the proposed penalty and the costs or savings that are likely to result if the bill is enacted.

For further information see the state fiscal estimate, which will be printed as an appendix to this bill.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

1. Section 1. 93.01 (1m) of the statutes is amended to read:

SECTION 10. 186.07 (3m) of the statutes is created to read:

186.07 (3m) WRITTEN CONSENT IN LIEU OF MEETING. (a) Unless the articles of incorporation or bylaws provide otherwise, any action required or permitted by this chapter to be authorized at a board of directors’ meeting may be authorized without a meeting if that action is authorized by all directors and is evidenced by one or more written statements, signed by each director, describing and consenting to the action. Such an action has the same effect as an action authorized by unanimous vote at a meeting at which all directors are present and may be described as such in any document.

ASSEMBLY BILL 2

permitted under sub. (1), or shall disapprove the request if the power is not permitted under sub. (1). The division and the universal bank may mutually agree to extend this 60-day period for an additional period of 60 days. The division shall periodically publish, in the Wisconsin administrative register, a list of all powers approved under this subsection and, upon publication, shall mail a copy of the list to all universal banks. A universal bank need not request the permission of the division under this subsection to exercise any power described in the most current list published under this subsection.

(3) Exercise of federal powers through a subsidiary. The division may require that certain powers exercisable by a universal bank under sub. (1) (a) be exercised through a subsidiary of the universal bank with appropriate safeguards to limit the risk exposure of the universal bank.

222.0403 Loan powers. (1) Permitted purposes. A universal bank may make, sell, purchase, arrange, participate in, invest in, or otherwise deal in loans or extensions of credit for any purpose.

(2) In general. (a) Percentage limitation. Except as provided in subs. (3) to (8), the total liabilities of any person, other than a municipal corporation, to a universal bank for a loan or extension of credit may not exceed 20% of the universal bank’s capital at any time.

(b) Partnership liabilities. In determining compliance with this section, liabilities of a partnership include the liabilities of the general partners, computed individually as to each general partner on the basis of his or her direct liability.

(3) Increased limit for certain secured liabilities. The total liabilities of any person, other than a municipal corporation, to a universal bank for a loan or
extension of credit may not exceed 50% of the universal bank's capital at any time, if the liabilities consist entirely of any of the following types of liabilities:

(a) **Warehouse receipts.** A liability secured by warehouse receipts issued by warehouse keepers who are licensed and bonded in this state under ss. 99.02 and 99.03 or under the federal Bonded Warehouse Act or who are licensed under s. 126.26, if all of the following requirements are met:

1. The receipts cover readily marketable nonperishable staples.
2. The staples are insured, if it is customary to insure the staples.
3. The market value of the staples is not, at any time, less than 140% of the face amount of the obligation.

(b) **Certain bonds or notes.** A liability in the form of a note or bond that meets any of the following qualifications:

1. The note or bond is secured by not less than a like amount of bonds or notes of the United States issued since April 24, 1917, or certificates of indebtedness of the United States.

2. The note or bond is secured or covered by guarantees or by commitments or agreements to take over, or to purchase, the bonds or notes, and the guarantee, commitment, or agreement is made by a federal reserve bank, the federal small business administration, the federal department of defense, or the federal maritime commission.

3. The note or bond is secured by mortgages or trust deeds insured by the federal housing administration.

(4) **Obligations of local governmental units.** (a) **Definition.** In this subsection, “local governmental unit” has the meaning given in s. 22.01 (7).
(b) General limitation. Except as otherwise provided in this subsection, the total liabilities of a local governmental unit to a universal bank for money borrowed may not, at any time, exceed 25% of the capital of the universal bank.

(c) Revenue obligations. Liabilities in the form of revenue obligations of a local governmental unit are subject to the limitations provided in par. (b). In addition, a universal bank may invest in a general obligation of that local governmental unit in an amount that will bring the combined total of the general obligations and revenue obligations of a single local governmental unit to a sum not in excess of 50% of the capital of the universal bank.

(d) General obligations. If the liabilities of the local governmental unit are in the form of bonds, notes, or other evidences of indebtedness that are a general obligation of a local governmental unit, the total liability of the local governmental unit may not exceed 50% of the capital of the universal bank.

(e) Temporary borrowings. The total amount of temporary borrowings of any local governmental unit maturing within one year after the date of issue may not exceed 60% of the capital of the universal bank. Temporary borrowings and longer-term general obligation borrowings of a single local governmental unit may be considered separately in determining compliance with this subsection.

(5) Obligations of certain international organizations; other foreign bonds. A universal bank may purchase bonds offered for sale by the International Bank for Reconstruction and Development and the Inter-American Development Bank or any other foreign bonds approved under rules established by the division. The aggregate investment in any of these bonds issued by a single issuer may not exceed 10% of the capital of the universal bank.
(6) FOREIGN NATIONAL GOVERNMENT BONDS. A universal bank may purchase general obligation bonds issued by any foreign national government if the bonds are payable in United States funds. The aggregate investment in these foreign bonds may not exceed 3% of the capital of the universal bank, except that this limitation does not apply to bonds of the Canadian government and Canadian provinces that are payable in United States funds.

(7) LIMITS ESTABLISHED BY BOARD. (a) When financial statements required. A universal bank may not make or renew a loan or loans, the aggregate total of which exceeds the level established by the board of directors without being supported by a signed financial statement of the borrower, unless the loan is secured by collateral having a value in excess of the amount of the loan. A signed financial statement furnished by the borrower to a universal bank in compliance with this paragraph must be renewed annually as long as the loan or any renewal of the loan remains unpaid and is subject to this paragraph.

(b) Treatment of loans complying with limits. A loan or a renewal of a loan made by a universal bank in compliance with par. (a), without a signed financial statement, may be treated by the universal bank as entirely independent of any secured loan made to the same borrower if the loan does not exceed the applicable limitations provided in this section.

(8) EXCEPTIONS. This section does not apply to any of the following:

(a) Liabilities secured by certain short-term federal obligations. A liability that is secured by not less than a like amount of direct obligations of the United States which will mature not more than 18 months after the date on which such liabilities to the universal bank are entered into.
(b) Certain federal and state obligations or guaranteed obligations. A liability that is a direct obligation of the United States or this state, or an obligation of any governmental agency of the United States or this state, that is fully and unconditionally guaranteed by the United States or this state.

(c) Commodity Credit Corporation liabilities. A liability in the form of a note, debenture, or certificate of interest of the Commodity Credit Corporation.

(d) Discounting bills of exchange or business or commercial paper. A liability created by the discounting of bills of exchange drawn in good faith against actually existing values or the discounting of commercial or business paper actually owned by the person negotiating the same.

(e) Certain other federal or federally guaranteed obligations. Obligations of, or obligations that are fully guaranteed by, the United States and obligations of any federal reserve bank, federal home loan bank, the Student Loan Marketing Association, the Government National Mortgage Association, the Federal National Mortgage Association, the Federal Home Loan Mortgage Corporation, the Export–Import Bank of Washington, or the Federal Deposit Insurance Corporation.

(9) Additional authority. (a) In general. In addition to the authority granted under subs. (1) to (8), and except as provided in par. (b), a universal bank may lend under this subsection, through the universal bank or subsidiary of the universal bank, to all borrowers from the universal bank and all of its subsidiaries, an aggregate amount not to exceed 20% of the universal bank’s capital. Except as provided in subs. (3) and (4), neither a universal bank nor any subsidiary of the universal bank may lend to any borrower, under this subsection or any other law or rule, an amount that would result in an aggregate amount for all loans to that borrower that exceeds 20% of the universal bank’s capital. A universal bank or its
subsidiary may take an equity position or other form of interest as security in a project funded through loans made under this paragraph. Every transaction by a universal bank or its subsidiary under this paragraph requires prior approval by the governing board of the universal bank or its subsidiary, respectively. Loans made under this paragraph are not subject to s. 221.0326 or to classification as losses, for a period of 2 years from the date of each loan except as provided in par. (b).

(b) Suspension of additional authority. The division may suspend the authority established under par. (a) and, in such case, may specify how an outstanding loan shall be treated by the universal bank or its subsidiary. Among the factors that the division may consider in suspending authority under par. (a) are the universal bank’s capital adequacy, asset quality, earnings quantity, earnings quality, adequacy of liquidity, and sensitivity to market risk and the ability of the universal bank’s management.

(10) Exercise of loan powers; prohibited considerations. In determining whether to make a loan or extension of credit, no universal bank may consider any health information obtained from the records of an affiliate of the universal bank that is engaged in the business of insurance, unless the person to whom the health information relates consents.

222.0405 Investment powers. (1) Investment securities. Except as provided in subs. (3) to (8), a universal bank may purchase, sell, underwrite, and hold investment securities, consistent with safe and sound banking practices, up to 100% of the universal bank’s capital. A universal bank may not invest greater than 20% of the universal bank’s capital in the investment securities of one obligor or issuer. In this subsection, “investment securities” includes commercial paper, banker’s
acceptances, marketable securities in the form of bonds, notes, debentures, and similar instruments that are regarded as investment securities.

(2) **Equity Securities.** Except as provided in subs. (3) to (8), a universal bank may purchase, sell, underwrite, and hold equity securities, consistent with safe and sound banking practices, up to 20% of the universal bank’s capital or, if approved by the division in writing, a greater percentage of the universal bank’s capital.

(3) **Housing Activities.** With the prior written consent of the division, a universal bank may invest in the initial purchase and development, or the purchase or commitment to purchase after completion, of home sites and housing for sale or rental, including projects for the reconstruction, rehabilitation, or rebuilding of residential properties to meet the minimum standards of health and occupancy prescribed for a local governmental unit, the provision of accommodations for retail stores, shops, and other community services that are reasonably incident to that housing, or the stock of a corporation that owns one or more of those projects and that is wholly owned by one or more financial institutions. The total investment in any one project may not exceed 15% of the universal bank’s capital, nor may the aggregate investment under this subsection exceed 50% of the universal bank’s capital. A universal bank may not make an investment under this subsection unless it is in compliance with the capital requirements set by the division under s. 222.0305 (1) and with the capital maintenance requirements of its deposit insurance corporation.

(4) **Profit-participation Projects.** A universal bank may take equity positions in profit-participation projects, including projects funded through loans from the universal bank, in an aggregate amount not to exceed 20% of the universal bank’s capital. The division may suspend the investment authority under this subsection.
If the division suspends the investment authority under this subsection, the division may specify how outstanding investments under this subsection shall be treated by the universal bank or its subsidiary. Among the factors that the division may consider in suspending authority under this subsection are the universal bank's capital adequacy, asset quality, earnings quantity, earnings quality, adequacy of liquidity, sensitivity to market risk, and the ability of the universal bank's management. This subsection does not authorize a universal bank, directly or indirectly through a subsidiary, to engage in the business of underwriting insurance.

(5) **Debt Investments.** A universal bank may invest in bonds, notes, obligations, and liabilities described under s. 222.0403 (3) to (7), subject to the limitations under those subsections.

(6) **Certain Liabilities.** This section does not limit investment in the liabilities described in s. 222.0403 (8).

(7) **Certain Investments.** A universal bank may invest without limitation in any of the following:

(a) **Business development corporations.** Stocks or obligations of a corporation organized for business development by this state or by the United States or by an agency of this state or the United States.

(b) **Urban renewal investment corporations.** Obligations of an urban renewal investment corporation organized under the laws of this state or of the United States.

(c) **Certain bank insurance companies.** An equity interest in an insurance company or an insurance holding company organized to provide insurance for universal banks and for persons affiliated with universal banks, solely to the extent that this ownership is a prerequisite to obtaining directors’ and officers’ insurance or blanket bond insurance for the universal bank through the company.
(d) **Certain remote service unit corporations.** Shares of stock, whether purchased or otherwise acquired, in a corporation acquiring, placing, and operating remote service units under s. 214.04 (21) or 215.13 (46) or bank communications terminals under s. 221.0303 (2).

(e) **Service corporations.** Equity or debt securities or instruments of a service corporation subsidiary of the universal bank.

(f) **Federal funds.** Advances of federal funds.

(g) **Certain risk management financial products.** With the prior written approval of the division, financial futures transactions, financial options transactions, forward commitments, or other financial products for the purpose of reducing, hedging, or otherwise managing its interest rate risk exposure.

(h) **Certain fiduciaries.** A subsidiary organized to exercise corporate fiduciary powers under ch. 112.

(i) **Agricultural credit corporations.** An agricultural credit corporation, except that if the universal bank owns less than 80% of the stock of the agricultural credit corporation, the universal bank may not invest more than 20% of the universal bank’s capital in the agricultural credit corporation.

(j) **Deposit accounts and insured obligations.** Deposit accounts or insured obligations of any financial institution, the accounts of which are insured by a deposit insurance corporation.

(k) **Certain federal obligations.** Obligations of, or obligations that are fully guaranteed by, the United States and stocks or obligations of any federal reserve bank, federal home loan bank, the Student Loan Marketing Association, the Government National Mortgage Association, the Federal National Mortgage
Association, the Federal Home Loan Mortgage Corporation, or the Federal Deposit
Insurance Corporation.

(L) Other investments. Any other investment authorized by the division.

(8) INVESTMENTS IN OTHER FINANCIAL INSTITUTIONS. In addition to the authority
granted under ss. 222.0307 and 222.0409, and subject to the limitations of sub. (2),
a universal bank may invest in other financial institutions.

(9) INVESTMENTS THROUGH SUBSIDIARIES. A universal bank may make
investments under this section, directly or indirectly through a subsidiary, unless
the division determines that an investment shall be made through a subsidiary with
appropriate safeguards to limit the risk exposure of the universal bank.

222.0407 Universal bank purchase of its own stock. (1) In general. A
universal bank may hold or purchase not more than 10% of its capital stock, notes,
or debentures, except as provided in sub. (2) or (3).

(2) DIVISION APPROVAL. A universal bank may hold or purchase more than 10%
of its capital stock, notes, or debentures, if approved by the division.

(3) ADDITIONAL AUTHORITY. A universal bank may hold or purchase more than
10% of its capital stock, notes, or debentures if the purchase is necessary to prevent
loss upon a debt previously contracted in good faith. Stock, notes, or debentures held
or purchased under this subsection may not be held by the universal bank for more
than 6 months if the stock, notes, or debentures can be sold for the amount of the
claim of the universal bank against the holder of the debt previously contracted. The
universal bank shall either sell the stock, notes, or debentures within 12 months of
acquisition under this subsection or shall cancel the stock, notes, or debentures.
Cancellation of the stock, notes, or debentures reduces the amount of the universal
bank’s capital stock, notes, or debentures. If the reduction reduces the universal
bank’s capital below the minimum level required by the division, the universal bank shall increase its capital to the amount required by the division.

(4) Loans secured by capital, surplus, or deposits. A universal bank may not loan any part of its capital, surplus, or deposits on its own capital stock, notes, or debentures as collateral security, except that a universal bank may make a loan secured by its own capital stock, notes, or debentures to the same extent that the universal bank may make a loan secured by the capital stock, notes, and debentures of a holding company for the universal bank.

222.0409 Stock in bank-owned banks. With the approval of the division, a universal bank may acquire and hold stock in one or more banks chartered under s. 221.1202 or national banks chartered under 12 USC 27 (b) or in one or more holding companies wholly owning such a bank. Aggregate investments under this section may not exceed 10% of the universal bank’s capital.

222.0411 General deposit powers. (1) In general. A universal bank may set eligibility requirements for, and establish the types and terms of, deposits that the universal bank solicits and accepts. The terms set under this subsection may include minimum and maximum amounts that the universal bank may accept and the frequency and computation method of paying interest.

(2) Pledge of security for deposits. Subject to the limitations of s. 221.0324 that are applicable to banks, a universal bank may pledge its assets as security for deposits.

(3) Securitization of assets. With the approval of the division, a universal bank may securitize its assets for sale to the public. The division may establish procedures governing the exercise of authority granted under this subsection.
(4) Safe deposit powers. A universal bank may take and receive, from any individual or corporation for safekeeping and storage, gold and silver plate, jewelry, money, stocks, securities, and other valuables or personal property, and may rent out the use of safes or other receptacles upon its premises for such compensation as may be agreed upon. A universal bank has a lien for its charges on any property taken or received by it for safekeeping. If the lien is not paid within 2 years from the date the lien accrues, or if property is not called for by the person depositing the property, or by his or her representative or assignee, within 2 years from the date the lien accrues, the universal bank may sell the property at public auction. A universal bank shall provide the same notice for a sale under this subsection that is required by law for sales of personal property on execution. After retaining from the proceeds of the sale all of the liens and charges due the bank and the reasonable expenses of the sale, the universal bank shall pay the balance to the person depositing the property, or to his or her representative or assignee.

222.0413 Necessary or convenient powers, reasonably related or incidental activities, and other approved activities. (1) Necessary or convenient powers. Unless otherwise prohibited or limited by this chapter, a universal bank may exercise all powers necessary or convenient to effect the purposes for which the universal bank is organized or to further the businesses in which the universal bank is lawfully engaged.

(2) Reasonably related and incidental activities. (a) Subject to any applicable state or federal regulatory or licensing requirements, a universal bank may engage, directly or indirectly through a subsidiary, in activities reasonably related or incident to the purposes of the universal bank. Activities reasonably related or incident to the purposes of the universal bank are those activities that are
part of the business of financial institutions, or closely related to the business of
financial institutions, or convenient and useful to the business of financial
institutions, or reasonably related or incident to the operation of financial
institutions, or financial in nature. Activities that are reasonably related or incident
to the purposes of a universal bank include the following:

1. Business and professional services.
2. Data processing.
3. Courier and messenger services.
4. Credit-related activities.
5. Consumer services.
6. Real estate-related services, including real estate brokerage services.
7. Insurance and related services, other than insurance underwriting.
8. Securities brokerage.
9. Investment advice.
10. Securities and bond underwriting.
11. Mutual fund activities.
14. Community development and charitable activities.
15. Debt cancellation contracts.
16. Any activities that are reasonably related or incident to activities under
subds. 1. to 15., as determined by the division.

(b) An activity that is authorized by statute or regulation for financial
institutions to engage in as of the effective date of this paragraph .... [revisor inserts
date], is an activity that is reasonably related or incident to the purposes of a
universal bank. An activity permitted under the Bank Holding Company Act is an activity that is reasonably related or incident to the purposes of a universal bank. The division may expand the list of activities under par. (a) 1. to 15. that are reasonably related or incident to the purposes of a universal bank. Any activity approved by the division under this paragraph shall be authorized for all universal banks.

(3) NOTICE REQUIREMENT. A universal bank shall give 60 days’ prior written notice to the division of the universal bank’s intention to engage in an activity under this section.

(4) STANDARDS FOR DENIAL. The division may deny the authority of a universal bank to engage in an activity under this section, other than those activities described in sub. (2) (a) 1. to 15., if the division determines that the activity is not an activity reasonably related or incident to the purposes of a universal bank. The division may deny the authority of a universal bank to engage in an activity under this section if the division determines that the universal bank is not well-capitalized, that the universal bank is the subject of an enforcement action, or that the universal bank does not have satisfactory management expertise for the proposed activity.

(5) INSURANCE INTERMEDIATION. A universal bank, or an officer or salaried employee of a universal bank, may obtain a license as an insurance intermediary, if otherwise qualified. A universal bank may not, directly or indirectly through a subsidiary, engage in the business of underwriting insurance.

(6) OTHER ACTIVITIES APPROVED BY THE DIVISION. A universal bank may engage in any other activity that is approved by rule of the division.

(7) ACTIVITIES PROVIDED THROUGH A SUBSIDIARY. A universal bank may engage in an activity under this section, directly or indirectly through a subsidiary, unless
the division determines that the activity must be conducted through a subsidiary with appropriate safeguards to limit the risk exposure of the universal bank.

(8) Limitations on Investments through Subsidiaries. The amount of the investment in any one subsidiary that engages in an activity under this section may not exceed 20% of a universal bank's capital or, if approved by the division, a higher percentage. The aggregate investment in all subsidiaries that engage in an activity under this section may not exceed 50% of a universal bank's capital or, if approved by the division, a higher percentage.

(9) Ownership of Subsidiaries. A subsidiary that engages in an activity under this section may be owned jointly, with one or more other financial institutions, individuals, or entities.

222.0415 Trust powers. Subject to rules of the division, a universal bank may exercise trust powers in accordance with s. 221.0316.

Section 49. 409.617 (1) (c) of the statutes is amended to read:

409.617 (1) (c) Discharges any subordinate security interest or other subordinate lien other than liens held by this state or a local governmental unit, as defined in s. 19.42 (7u).

Section 50. Nonstatutory provisions.

(1) Emergency Rules; Universal Banking. Except as otherwise provided in this subsection, using the procedure under section 227.24 of the statutes, the division of banking may promulgate rules authorized under chapter 222 of the statutes, as created by this act, for the period before permanent rules become effective, but not to exceed the period authorized under section 227.24 (1) (c) and (2) of the statutes. Notwithstanding section 227.24 (1) (a), (2) (b), and (3) of the statutes, the division of banking is not required to provide evidence that promulgating a rule under this
subsection as an emergency rule is necessary for the preservation of the public peace, health, safety, or welfare and is not required to provide a finding of emergency for a rule promulgated under this subsection.

SECTION 50. Effective dates. This act takes effect on the day after publication, except as follows:

(1) The treatment of sections 220.04 (9) (a) 2. and 220.14 (5) and chapter 222 of the statutes takes effect on the first day of the 3rd month beginning after publication.

(END)
