Analysis by the Legislative Reference Bureau

This bill makes various changes in state law relating to voter registration and voting requirements and procedures and administration of elections. Many of the changes are made for the purpose of implementing numerous federal mandates imposed upon this state under the federal Help America Vote Act of 2002 and enabling receipt of federal aids by this state under that act. Significant provisions include:

STATEWIDE VOTER REGISTRATION

Under current law, voter registration is required in every municipality with a population of greater than 5,000. This bill requires voter registration in every municipality. The bill also establishes a centralized, state-wide voter registration list that is designed and maintained by the state Elections Board. The bill directs the board to require all municipalities to use the list in all elections and permits the board to require any municipality to adhere to procedures established by the board for proper maintenance of the list. Under the bill, the list must be electronically accessible by any person, but access to certain identifying information is limited to the board and municipal clerks and boards of election commissioners, and no person other than the board or an authorized election official may make a change in the list. The bill also permits the board to make changes to the list with notice to the appropriate municipal clerks or boards of election commissioners. Under the bill, each municipal clerk or board of election commissioners must electronically enter
valid registrations or changes of registration and voting record information on the list, except that the bill permits any municipal clerk or board of election commissioners, by mutual consent, to delegate this electronic maintenance function to another municipal clerk or board of election commissioners or to a county clerk or board of election commissioners. Currently, when a registered elector is no longer eligible to vote, the name of the elector is removed from the registration list. Under the bill, all names are retained on the list indefinitely and the list distinguishes between eligible and ineligible status. When an elector is no longer eligible to vote, the elector is changed to ineligible status. Each municipality must retain the original registrations or changes of registration as provided under current law. Under the bill, the original forms are controlling whenever there is a discrepancy between the list and the original forms. Currently, municipalities must maintain records of voter participation in elections manually or electronically. Under the bill, municipalities must maintain voter participation records electronically as a part of the state-wide registration list.

**Requirements for Registration**

Currently, if registration is required, any individual who qualifies as an elector of a municipality but who is not registered to vote may register in person at various locations within the applicable municipality or may mail to the appropriate municipal clerk a completed registration form. With certain exceptions, the deadline for voter registration is 5 p.m. on the second Wednesday preceding the election. Registrations made by mail must be delivered to the office of the municipal clerk or board of election commissioners or postmarked not later than this deadline. However, under current law, voters may also register in person at the office of the municipal clerk or board of election commissioners up to 5 p.m. on the day before the election or, in most cases, may register at the proper polling place on election day. In addition, voters may register at any time after the deadline if the municipal clerk determines that the registration list can be revised to incorporate the registration in time for the election. Currently, an individual who makes a late or election day registration must complete a registration form and a certification of eligibility and must present acceptable proof of residence. If an individual attempting to vote under these late registration or election day registration procedures is not able to present acceptable proof of residence, as an alternative, current law permits another qualified elector who resides in the same municipality to corroborate the information contained in the individual’s registration form or certification. The corroborating elector must then provide acceptable proof of residence.

This bill requires every elector who registers to vote to provide his or her date of birth and a driver’s license number from a valid Wisconsin driver’s license, or if the elector does not have a driver’s license, the last four digits of the elector’s social security number, if the elector has a social security number. The bill also requires the board to assign a registration identification number to every registered elector.

In addition, the bill permits an elector who does not register by the close of registration to register at the office of the municipal clerk or board of election commissioners by 5 p.m. or the close of business, whichever is later, on the day before an election.
Currently, any qualified elector may apply to the municipal clerk or board of election commissioners of any municipality to be appointed as a special registration deputy for the purpose of registering electors of the municipality prior to the close of registration (2nd Wednesday before an election). An elector may apply to and be appointed to serve more than one municipality. This bill permits any elector of the state to apply to the Elections Board for appointment as a special registration deputy for the purpose of registering electors of the state prior to the close of registration.

**Identification Required to Vote**

With certain limited exceptions, before being permitted to vote at any polling place, an elector currently must provide his or her name and address. If registration is required in order to vote and the elector is not registered, the elector must provide a specified form of proof of residence in order to register after the close of registration (usually the second Wednesday preceding an election). If an elector at a polling place claims to be registered but his or her name does not appear on the appropriate registration list, the elector must complete a certification of eligibility and present acceptable proof of residence in order to vote. In addition, an elector who appears to vote at a polling place may be required to provide acceptable proof of residence even if registration is not required. If an elector is not able to present any required proof of residence, as an alternative, current law permits another qualified elector who resides in the same municipality to corroborate the elector’s information. Currently, an elector who votes an absentee ballot and who is registered, if registration is required, is not required to provide acceptable proof of residence.

This bill provides that if an elector other than a military or overseas elector, as defined by federal law, registers to vote by mail and has never voted in a federal election in this state, the elector must provide a form of identification specified by federal law in order to be permitted to vote in a federal election. The form of identification used must be either 1) a current and valid piece of identification containing a photograph of the elector; or 2) a copy of a utility bill, bank statement, paycheck, or a check or other document issued by a unit of government that shows the current name and address of the elector. If the elector votes by absentee ballot, the elector must provide a copy of any identification used. If the identification provided by an elector is in one of the acceptable formats and contains the name and address of the elector as shown on the poll list, the inspectors must accept the identification unless they challenge the ballot of the elector. If an elector who votes at a polling place is required to provide identification and fails to do so, the elector may vote provisionally. If an elector who fails to provide required identification votes by absentee ballot, the ballot is treated as a provisional ballot. A provisional ballot is marked by the poll workers, who immediately contact the municipal clerk or executive director of the board of election commissioners. The clerk or executive director is then directed to determine whether the individual submitting the ballot is a qualified elector where he or she is attempting to vote. If the clerk or executive director notifies the board of canvassers responsible for canvassing the election that the elector is qualified to vote in the ward or election district where the individual’s ballot is cast by 4 p.m. on the day after the election, the board of canvassers must reopen the canvass and count the individual’s ballot.
ASSEMBLY BILL 600

COMPLIANCE WITH HELP AMERICA VOTE ACT

Currently, an elector who believes that the action or inaction of an election official concerning nominations, qualification of candidates, voting qualifications, ward division and numbering, recall, ballot preparation, election administration, or the conduct of elections is contrary to law or that the actions or inactions of an election official with respect to any such matter constitute an abuse of discretion, may file a complaint with the Elections Board and the board may order appropriate relief. The decision of the board may be appealed to the courts. Any elector who believes that an election official is acting in violation of the law may request the appropriate district attorney or, in some cases, the attorney general to petition a court for appropriate relief. However, the recount procedure is the exclusive judicial remedy for addressing any alleged irregularity, defect, or mistake committed during the voting or canvassing process.

This bill creates another procedure for addressing alleged noncompliance with any provision of the federal Help America Vote Act relating to voting system standards, provisional voting, voting information, registration procedure and administration, and voter identification. Under the bill, whenever any person (whether an individual or another entity and whether inside or outside this state) believes that a violation of the act has occurred, is occurring, or is proposed to occur with respect to an election for national office in this state, that person may file a written, sworn complaint with the Elections Board. The board must grant the complainant a formal hearing upon request and must issue a decision on the complaint, together with an order for any appropriate relief, within 89 days. Under the bill, the relief may not include any order affecting the right of any person to hold an elective office or affecting the canvass of an election on or after the date of that election.

VOTING PROCESS

Standards for determining validity of votes

Currently, state law specifies in detail whether particular indications of elector intent shall be counted as votes cast for particular candidates or propositions. The standards for determining the validity of votes are to some degree applicable to votes cast using electronic voting systems. This bill directs the Elections Board to prescribe, by rule, uniform standards for determining the validity of votes cast or attempted to be cast with each electronic voting system that the board approves for use in this state. The rules apply only in situations that are not addressed under current law.

Federal absentee ballot procedures

Currently, when a uniformed service or overseas voter (as defined by federal law) requests an absentee ballot in a timely manner, the voter is sent an absentee ballot for the next election. Under this bill, such a voter may request and receive an absentee ballot for the next two general (national) elections at the same time, unless the voter is subject to a registration requirement and the voter is no longer registered to vote in this state at the time that an absentee ballot would otherwise be transmitted.
The bill also provides that if any municipal clerk or board of election commissioners rejects a request for an absentee ballot from a uniformed service or overseas voter, the clerk or board must promptly inform the voter of the reason for the rejection.

**Voting after hours pursuant to federal court order**

This bill provides that if a federal court orders that a polling place remain open after the official closing hour of 8 p.m., any electors who vote after hours must vote by ballot and have their ballots marked to indicate that they voted after the official closing hour pursuant to a federal court order. The late ballots are then counted unless the court order is overturned. If the order is overturned after the canvass of the election, the bill requires the canvass to be reopened.

**Protection and advocacy activities**

Under current law, the state protection and advocacy agency implements a system to protect and advocate for the rights of persons with developmental disabilities or mental illness.

The bill authorizes the protection and advocacy agency to engage in activities to ensure full participation in the electoral process for eligible electors with developmental disabilities or mental illness and requires the Department of Health and Family Services to distribute federal funding to the agency for these activities.

**Voting by new residents**

Currently, an individual who has resided in this state for less than ten days at the time of a presidential election may vote for president and vice president only at the office of a municipal clerk or board of election commissioners, by absentee ballot through the mail, or at a polling place on election day. This bill provides that such an individual may only vote at the office of a municipal clerk or board of election commissioners or at a polling place on election day.

**Revision of registration list**

Under current law, municipalities must use either a “negative purge” or a “positive purge” system to maintain their voter registration lists. Under the negative purge procedure, an elector who does not vote for a four-year period and does not respond to a notice by requesting continuation of his or her registration is purged from the list. Under the positive purge procedure, the municipal clerk or board of election commissioners sends a registration verification notice to each elector who does not vote for a four-year period. Each elector whose notice is returned as undeliverable is purged from the list. This bill deletes the “positive purge” procedure.

**Election administration enhancement**

**Federal and state advisory bodies**

In accordance with the Help America Vote Act, the bill creates an Election Administration Council whose members are appointed by the executive director of the board to develop and revise as necessary a proposed state plan for the expenditure of federal moneys under the Help America Vote Act. The bill also directs the board to adopt this plan and revise the plan as necessary. In addition, the bill directs the executive director, in consultation with the Elections Board, to appoint a representative of this state as a member of the federal Election Assistance
Commission standards board, and to supervise the selection by county and municipal clerks and boards of election commissioners in this state of a representative of this state to serve as a member of the standards board.

**Voter educational programs and information systems**

This bill permits the Elections Board, with the assistance of county and municipal clerks and boards of election commissioners, to conduct or prescribe requirements for educational programs to inform electors about voting procedures, voting rights, and voting technology. However, the bill requires the board to conduct an educational program for the specific purpose of educating electors who cast paper ballots, ballots that are counted at a central counting location, and absentee ballots of the effect of casting excess votes for an office. The bill also directs the board, with the assistance of county and municipal clerks, to maintain one or more toll-free telephone lines for electors to report possible voting fraud and voting rights violations, to obtain general election information and to access information concerning their registration status, current polling place locations, and other information relevant to voting in elections. The bill requires the municipal clerks and boards of election commissioners to maintain a free access system under which electors who vote without providing required identification and electors who vote pursuant to a federal court order after a polling place is scheduled to close may ascertain the status of their votes.

**Requirements to match information**

In accordance with the Help America Vote Act, the bill requires the secretary of transportation (secretary) to enter into two agreements. First, the secretary and the executive director of the Elections Board must enter into an agreement to match personally identifiable information on the official registration list maintained by the Elections Board with personally identifiable information in driver licensing and vehicle registration records maintained by the Department of Transportation (DOT), for the purpose of verifying voter registration information. Second, the secretary must enter into an agreement with the commissioner of the federal Social Security Administration to match the name, date of birth, and social security number of individuals in DOT’s driver licensing and vehicle registration records with such information in the records of the Social Security Administration. This agreement must contain safeguards to maintain the confidentiality of any information disclosed and procedures to allow the secretary to use any information disclosed in maintaining the records of DOT.

**Instructions for absentee voters**

The bill directs the Elections Board to prescribe uniform instructions for absentee voters. The instructions must include information concerning the procedure for correcting errors in marking a ballot and obtaining a replacement for a spoiled ballot.

**Electronic voting system standards**

Effective on January 1, 2006, the bill creates new standards for approval by the Elections Board of electronic voting systems for use at elections in this state. Under the bill, all electronic voting systems must enable an elector to privately verify the
votes selected by the elector before casting his or her ballot, they must provide the elector with an opportunity to change his or her votes or to obtain a replacement for a spoiled ballot before casting his or her vote, and, unless a ballot is counted at a central counting location, they must include a mechanism for notifying an elector of an overvote for an office and provide an opportunity for the elector to correct his or her ballot or to cast a replacement ballot to eliminate the overvote. The system must also produce a permanent paper record of the vote cast by each elector who uses an electronic voting system at the time the elector casts his or her vote that enables a manual count or recount of the elector’s vote.

**Enforcement of federal voting system standards**

Effective on January 1, 2006, the bill directs the Elections Board to audit the performance of each voting system used in this state, including any paper ballot voting system, following each general election. In the audit, the board must determine the error rate of the system in counting ballots that are validly cast by electors. If the error rate exceeds the rate permitted by the federal government, the bill directs the board to take remedial action and to order affected counties and municipalities to take remedial action. The bill requires counties and municipalities to comply with remedial orders.

**Polling place accessibility, equipment and materials**

Currently, each polling place in the state is required to be accessible to elderly and handicapped individuals, unless the Elections Board otherwise permits in accordance with guidelines prescribed by rule. This bill requires, effective January 1, 2006, that each polling place in the state be accessible to all individuals with physical or mental disabilities, except individuals who are currently disqualified from voting due to mental disability. The bill also directs the board to ensure that the voting system used at each polling place allows all such individuals to vote without the need for assistance and with the same degree of privacy that is accorded to nondisabled electors voting at the same polling place. Under the bill, any individual with a disability who intends to vote at a polling place on election day may request that a specific type of accommodation be provided to facilitate his or her voting. Municipalities must make reasonable efforts to comply with such requests where feasible, but municipalities must still make all polling places accessible to all individuals with disabilities (except individuals who are currently disqualified from voting due to mental disability) regardless of whether an advance request for accommodation is made. In any jurisdiction that is currently subject to federal requirements to provide voting materials in any language other than English, the board must ensure that the voting system used at each polling place in the jurisdiction is in compliance with those requirements. In addition, the bill deletes the authority of the board to waive compliance with accessibility requirements.

**Notices posted at polling places**

Currently, municipalities are required to post at each polling place relevant voting instructions, a copy of state election fraud laws, two sample ballots, special information concerning voting at partisan primaries, and other information directed to be posted by the Elections Board. This bill requires, in addition, that municipalities post information concerning the date of the election, the hours during
which the polling place is open, special instructions for electors who are required to provide identification in order to vote, and general information prescribed by the board concerning voting rights under applicable state and federal laws and federal laws relating to election fraud and misrepresentation in elections.

**Statistical reports**

This bill requires each municipal clerk and board of election commissioners to report to the Elections Board, within 30 days after each general election, the number of absentee ballots transmitted to absent uniformed services and overseas voters, as defined by federal law, for that election and the combined number of those ballots that were cast by those electors in that election. The bill then directs the board, within 90 days after each general election, to compile the information received from municipal clerks and boards of election commissioners and transmit the compiled information to the federal Election Assistance Commission. Currently, there is no similar requirement.

The bill also permits the Elections Board to request that county or municipal clerks or boards of election commissioners provide information to the board relating to election administration, performance of electronic voting systems and voting machines, and use of paper ballots in elections, and directs the clerks and boards to provide the board with any such requested information.

Currently, the Elections Board conducts information and training meetings for election officials and also conducts a training program for chief inspectors (supervising poll workers). This bill directs county and municipal clerks and boards of election commissioners to assist the board in conducting those training programs.

**Performance evaluation audit**

The bill directs the Legislative Audit Bureau to perform a performance evaluation audit relating to compliance by the state and local governments with election laws and the appropriateness of procedures used to implement those laws. The audit must address compliance with the terms of the act resulting from enactment of this bill, including polling place accessibility requirements. The audit must also address the treatment of complaints of electors concerning election law violations, including denial of the right to vote and the right to corroborate registration information for electors, any attempts to require identification that is not authorized by law, any incidence of inadequate availability of ballots, allegations of voter fraud and the treatment of those allegations, and the legality and appropriateness of procedures used to identify ineligible electors whose names may appear on the registration list. The bureau must report its findings within an appropriate time period determined by the bureau upon consultation with the Elections Board.

For further information see the *state and local* fiscal estimate, which will be printed as an appendix to this bill.

The agent shall present this statement along with all other information required under this subdivision. Except as otherwise provided in this subdivision, the agent shall in every case present acceptable proof of the elector's residence under s. 6.55 (7). If the agent cannot present this proof, the registration form shall be signed and substantiated by another elector residing in the elector's municipality of residence, corroborating the information in the form. The form shall contain the full name and address of the corroborating elector. The agent shall then present acceptable proof of the corroborating elector's residence under s. 6.55 (7).

**SECTION 104.** 6.86 (3) (b) of the statutes is amended to read:

6.86 (3) (b) When each properly executed form and statement required under par. (a) is presented to the municipal clerk, if the elector who proposes to vote is qualified, an absentee ballot shall be issued and the name of such hospitalized elector shall be recorded by the clerk or special registration deputy. An agent who is issued an absentee ballot under this section shall present identification documentation of his or her identity, provide his or her name and address, and attest to a statement that the ballot is received solely for the benefit of a named elector who is hospitalized, and the agent will promptly transmit the ballot to such person.

**SECTION 105.** 6.86 (3) (c) of the statutes is amended to read:

6.86 (3) (c) An application under par. (a) 1. may be made and a registration form under par. (a) 2. may be filed in person at the office of the municipal clerk not earlier
than 7 days before an election and not later than 5 p.m. on the day of the election. A list of hospitalized electors applying for ballots under par. (a) 1. shall be made by the municipal clerk and used to check that the electors vote only once, and by absentee ballot. If identification is required, the municipal clerk shall so inform the agent and the elector shall enclose identification in the envelope with the ballot. The ballot shall be sealed by the elector and returned to the municipal clerk either by mail or by personal delivery of the agent; but if the ballot is returned on the day of the election, the agent shall make personal delivery at the polling place serving the hospitalized elector’s residence before the closing hour for the ballot to be counted.

**SECTION 106.** 6.865 (title) of the statutes is amended to read:

6.865 (title) **Federal postcard request form absentee ballot requests.**

**SECTION 107.** 6.865 of the statutes is renumbered 6.865 (2).

**SECTION 108.** 6.865 (1) of the statutes is created to read:

6.865 (1) In this section, “military elector” and “overseas elector” have the meanings given under s. 6.36 (2) (c).

**SECTION 109.** 6.865 (3) and (4) of the statutes are created to read:

6.865 (3) If the elector making a timely request for an absentee ballot is a military elector or an overseas elector and the elector requests that he or she be sent an absentee ballot for the next 2 general elections, the municipal clerk or board of election commissioners shall comply with the request except that no ballot shall be sent for a succeeding general election if the elector’s name appeared on the registration list for a previous general election and no longer appears on the registration list for the succeeding general election. If the elector’s address for the succeeding general election is in a municipality that is different from the municipality in which the elector resided for the first general election, the clerk or
board of election commissioners shall forward the request to the clerk or board of
election commissioners of the municipality where the elector resides.

(4) If the municipal clerk or board of election commissioners rejects a request
for an absentee ballot from a military elector or an overseas elector, the clerk or board
of election commissioners shall promptly inform the elector of the reason for the
rejection.

SECTION 110. 6.869 of the statutes is created to read:

6.869 Uniform instructions. The board shall prescribe uniform instructions
for absentee voters. The instructions shall include information concerning the
procedure for correcting errors in marking a ballot and obtaining a replacement for
a spoiled ballot. The procedure shall, to the extent possible, respect the privacy of
each elector and preserve the confidentiality of each elector’s vote.

SECTION 111. 6.87 (3) (d) of the statutes is amended to read:

6.87 (3) (d) A municipal clerk of a municipality may, if the clerk is reliably
informed by an absent elector of a facsimile transmission number or electronic mail
address where the elector can receive an absentee ballot, transmit a facsimile or
electronic copy of the absent elector’s ballot to that elector in lieu of mailing under
this subsection if, in the judgment of the clerk, the time required to send the ballot
through the mail may not be sufficient to enable return of the ballot by the time
provided under sub. (6). An elector may receive an absentee ballot under this
subsection only if the elector has filed a valid application for the ballot under sub. (1).
If the clerk transmits an absentee ballot under this paragraph, the clerk shall also
transmit a facsimile or electronic copy of the text of the material that appears on the
certificate envelope prescribed in sub. (2), together with instructions prescribed by
the board. The instructions shall require the absent elector to make and subscribe
to the certification as required under sub. (4) and to enclose the absentee ballot in a separate envelope contained within a larger envelope, that shall include the completed certificate. The elector shall then mail the absentee ballot with postage prepaid to the municipal clerk. An absentee ballot received under this paragraph shall not be counted unless it is cast in the manner prescribed in this paragraph and in accordance with the instructions provided by the board.

**SECTION 112.** 6.87 (4) of the statutes is amended to read:

6.87 (4) Except as otherwise provided in s. 6.875, the elector voting absentee shall make and subscribe to the certification before one witness. The absent elector, in the presence of the witness, shall mark the ballot in a manner that will not disclose how the elector’s vote is cast. The elector shall then, still in the presence of the witness, fold the ballots if they are paper ballots so each is separate and so that the elector conceals the markings thereon and deposit them in the proper envelope. If a consolidated ballot under s. 5.655 is used, the elector shall fold the ballot if it is a paper ballot so that the elector conceals the markings thereon and deposit the ballot in the proper envelope. If the elector has registered by mail and has not, or is not certain whether the elector has, previously voted in an election for national office in this state, the elector shall enclose identification in the envelope. Identification is required if the elector is not a military elector or an overseas elector, as defined in s. 6.36 (2) (c), and the elector registered by mail and has not voted in an election for national office in this state. The elector may receive assistance under sub. (5). The return envelope shall then be sealed. The witness may not be a candidate. The envelope shall be mailed by the elector, postage prepaid, or delivered in person, to the municipal clerk issuing the ballot or ballots. Failure to return an unused ballot in
a primary does not invalidate the ballot on which the elector’s votes are cast. Return of more than one marked ballot in a primary or return of a ballot prepared under s. 5.655 or a ballot used with an electronic voting system in a primary which is marked for candidates of more than one party invalidates all votes cast by the elector for candidates in the primary.

SECTION 113. 6.88 (3) (a) of the statutes is amended to read:

6.88 (3) (a) Any time between the opening and closing of the polls on election day, the inspectors shall open the carrier envelope only, and announce the name of the absent elector or the identification serial number of the absent elector if the elector has a confidential listing under s. 6.47 (2). When the inspectors find that the certification has been properly executed, the applicant is a qualified elector of the ward or election district, and the applicant has not voted in the election, they shall enter an indication on the poll or registration list next to the applicant’s name indicating an absentee ballot is cast by the elector. They shall then open the envelope containing the ballot in a manner so as not to deface or destroy the certification thereon. The inspectors shall take out the ballot without unfolding it or permitting it to be unfolded or examined. Unless the ballot is cast under s. 6.95, the inspectors shall verify that the ballot has been endorsed by the issuing clerk. If the poll list indicates that identification is required and no identification is enclosed or the name or address on the document that is provided is not the same as the name and address shown on the poll list, the inspectors shall proceed as provided under s. 6.97 (2). The inspectors shall then deposit the ballot into the proper ballot box and enter the absent elector’s name or voting number after his or her name on the poll or registration list in the same manner as if the elector had been present and voted in person.
SECTION 114. 6.94 of the statutes is amended to read:

6.94 **Challenged elector oath.** If the person challenged refuses to answer fully any relevant questions put to him or her by the inspector under s. 6.92, the inspectors shall reject the elector’s vote. If the challenge is not withdrawn after the person offering to vote has answered the questions, one of the inspectors shall administer to the person the following oath or affirmation: “You do solemnly swear (or affirm) that: you are 18 years of age; you are a citizen of the United States; you are now and for 10 days have been a resident of this ward except under s. 6.02 (2); you have not voted at this election; you have not made any bet or wager or become directly or indirectly interested in any bet or wager depending upon the result of this election; you are not on any other ground disqualified to vote at this election”. If the person challenged refuses to take the oath or affirmation, the person’s vote shall be rejected. If the person challenged answers fully all relevant questions put to the elector by the inspector under s. 6.92, takes the oath or affirmation, and fulfills the applicable registration requirements, where applicable, and if the answers to the questions given by the person indicate that the person meets the voting qualification requirements, the person’s vote shall be received.

SECTION 115. 6.95 of the statutes is amended to read:

6.95 **Voting procedure for challenged electors.** Whenever the inspectors under ss. 6.92 to 6.94 receive the vote of a person offering to vote who has been challenged, they shall give the elector a ballot. Before depositing the ballot the inspectors shall, before giving the elector a ballot, the inspectors shall write on the back of the ballot the serial number of the challenged person corresponding to the number kept at the election on the registration or poll list, or other list maintained under s. 6.79, and the notation “s. 6.95”. If voting machines are used in the municipality where the
person is voting, the person’s vote may be received only upon an absentee ballot furnished by the municipal clerk which shall have the corresponding serial number from the registration or poll list or other list maintained under s. 6.79 and the notation “s. 6.95” written on the back of the ballot before the ballot is deposited by the inspectors before the ballot is given to the elector. The inspectors shall indicate on the list the reason for the challenge. The inspectors shall then deposit the ballot. The challenged ballots shall be counted under s. 5.85 or 7.51. The municipal board of canvassers may decide any challenge when making its canvass under s. 7.53. If the returns are reported under s. 7.60, a challenge may be reviewed by the county board of canvassers. If the returns are reported under s. 7.70, a challenge may be reviewed by the chairperson of the board or the chairperson’s designee. The decision of any board of canvassers or of the chairperson or chairperson’s designee may be appealed under s. 9.01. The standard for disqualification specified in s. 6.325 shall be used to determine the validity of challenged ballots.

SECTION 116. 6.96 of the statutes is created to read:

6.96 Voting procedure for electors voting pursuant to federal court order. Whenever any elector is allowed to vote at a polling place pursuant to a federal court order after the closing time provided under s. 6.78, the inspectors shall, before giving the elector a ballot, write on the back of the ballot the notation “s. 6.96”. If voting machines are used in the municipality where the elector is voting, the elector’s vote may be received only upon an absentee ballot furnished by the municipal clerk which shall have the notation “s. 6.96” written on the back of the ballot by the inspectors before the ballot is given to the elector. When receiving the elector’s ballot, the inspectors shall provide the elector with the written voting information prescribed by the board under s. 7.08 (8). The inspectors shall indicate
on the list the fact that the elector is voting pursuant to a federal court order. The inspectors shall then deposit the ballot. The ballot shall be counted under s. 5.85 or 7.51 unless the order is vacated. If the order is vacated after the ballot is counted, the appropriate board or boards of canvassers or the chairperson of the board or his or her designee shall reopen the canvass to discount any ballots that were counted pursuant to the vacated order and adjust the statements, certifications, and determinations accordingly.

SECTION 117. 6.97 of the statutes is created to read:

6.97 Voting procedure for individuals not providing required identification. (1) Whenever any individual who is required to provide identification in order to be permitted to vote appears to vote at a polling place and cannot provide the required identification, the inspectors shall offer the opportunity for the individual to vote under this section. If the individual wishes to vote, the inspectors shall provide the elector with an envelope marked “Ballot under s. 6.97, stats.” on which the serial number of the elector is entered and shall require the individual to execute on the envelope a written affirmation stating that the individual is a qualified elector of the ward or election district where he or she offers to vote and is eligible to vote in the election. The inspectors shall, before giving the elector a ballot, write on the back of the ballot the serial number of the individual corresponding to the number kept at the election on the poll list or other list maintained under s. 6.79 and the notation “s. 6.97”. If voting machines are used in the municipality where the individual is voting, the individual’s vote may be received only upon an absentee ballot furnished by the municipal clerk which shall have the corresponding number from the poll list or other list maintained under s. 6.79 and the notation “s. 6.97” written on the back of the ballot by the inspectors before the
ballot is given to the elector. When receiving the individual’s ballot, the inspectors shall provide the individual with written voting information prescribed by the board under s. 7.08 (8). The inspectors shall indicate on the list the fact that the individual is required to provide identification but did not do so. The inspectors shall notify the individual that he or she may provide identification to the municipal clerk or executive director of the municipal board of election commissioners. The inspectors shall also promptly notify the municipal clerk or executive director of the name, address, and serial number of the individual. The inspectors shall then place the ballot inside the envelope and place the envelope in a separate carrier envelope.

(2) Whenever any individual who votes by absentee ballot is required to provide identification in order to be permitted to vote and does not provide the required identification, the inspectors shall write on the back of the absentee ballot the serial number of the individual corresponding to the number kept at the election on the poll list or other list maintained under s. 6.79 and the notation “s. 6.97”. The inspectors shall indicate on the list the fact that the individual is required to provided identification but did not do so. The inspectors shall promptly notify the municipal clerk or executive director of the municipal board of election commissioners of the name, address, and serial number of the individual. The inspectors shall then place the ballot inside an envelope on which the name and serial number of the elector is entered and shall place the envelope in a separate carrier envelope.

(3) Whenever the municipal clerk or executive director of the municipal board of election commissioners is informed by the inspectors that a ballot has been cast under this section, the clerk or executive director shall promptly provide written notice to the board of canvassers of each municipality, special purpose district, and county that is responsible for canvassing the election of the number of ballots cast
under this section in each ward or election district. The municipal clerk or executive
director then shall determine whether each individual voting under this section is
qualified to vote in the ward or election district where the individual’s ballot is cast.
The municipal clerk or executive director shall make a record of the procedure used
to determine the validity of each ballot. If, prior to 4 p.m. on the day after the election,
the municipal clerk or executive director determines that the individual is qualified
to vote in the ward or election district where the individual’s ballot is cast, the
municipal clerk or executive director shall notify the board of canvassers for each
municipality, special purpose district and county that is responsible for canvassing
the election of that fact.

(4) Whenever a board of canvassers receives timely notification from the
municipal clerk or executive director of the board of election commissioners under
sub. (3) that an individual who has voted under this section is qualified to vote in the
ward or election district where the individual’s ballot is cast, the board of canvassers
shall promptly reconvene and, if the ballot cast by the individual is otherwise valid,
shall count the ballot and adjust the statements, certifications and determinations
accordingly. If the municipal clerk or executive director transmits returns of the
election to the county clerk or board of election commissioners, the municipal clerk
or executive director shall transmit to the county clerk or board of election
commissioners a copy of the amended returns together with all additional ballots
counted by each board of canvassers.

fraudulent registration or voting through use of the form. Forms are not required
to be furnished by the board.

7.08 (6) **ENFORCEMENT OF FEDERAL VOTING SYSTEM STANDARDS.** Following each
general election, audit the performance of each voting system used in this state to
determine the error rate of the system in counting ballots that are validly cast by
electors. If the error rate exceeds the rate permitted under standards of the federal
election commission in effect on October 29, 2002, the board shall take remedial
action and order remedial action to be taken by affected counties and municipalities
to ensure compliance with the standards. Each county and municipality shall
comply with any order received under this subsection.

(8) **ELECTORS VOTING WITHOUT IDENTIFICATION OR PURSUANT TO COURT ORDER.**

Where ballots are distributed to electors, the inspectors shall then open the ballot box and remove and count the number of ballots therein without examination except as is necessary to ascertain that each is a single ballot. If 2 or more ballots are folded together so as to appear as a single ballot, the inspectors shall lay them aside until the count is completed; and if, after a comparison of the count and the appearance of the ballots it appears to a majority of the inspectors that the ballots folded together were voted by the same person they may not be counted but the inspectors shall mark them as to the reason for removal, set them aside and carefully preserve them. The inspectors shall then proceed under par. (b).

SECTION 130. 7.51 (2) (c) of the statutes is amended to read:

All ballots so removed may not be counted but shall be specially marked as having been removed by the inspectors on original canvass due to an excess number of ballots, set aside and preserved. When the number of ballots and total shown on the poll or registration list agree, the inspectors shall return all ballots to be counted to the ballot box and shall turn the ballot box in such manner as to thoroughly mix the ballots. The inspectors shall then open, count and record the number of votes. When the ballots are counted, the inspectors shall separate

immediately complete inspectors’ statements in duplicate. The inspectors shall state
the excess, if any, by which the number of ballots exceeds the number of electors
voting as shown by the poll or registration list, if any, and shall state the number of
the last elector as shown by the registration or poll lists. At least 3 inspectors,
including the chief inspector and, unless election officials are appointed under s. 7.30

All other election officials assisting with the tally shall also certify to the correctness of the tally sheets. SECTION 134. 7.51 (5) (a) of the statutes is amended to read:

10.02 (3) (a) Upon entering the polling place and before being permitted to vote,
an elector shall give state his or her name and address before being permitted to vote
and provide identification if required by federal law. Where ballots are distributed
to electors, the initials of 2 inspectors must appear on the ballot. Upon being
permitted to vote, the elector shall retire alone to a voting booth or machine and cast
his or her ballot, except that an elector who is a parent or guardian may be
accompanied by the elector’s minor child or minor ward. An election official may
inform the elector of the proper manner for casting a vote, but the official may not
in any manner advise or indicate a particular voting choice.

SECTION 138. 11.30 (title) of the statutes is amended to read:
