### *Analysis by the Legislative Reference Bureau*

Under current law, a pupil enrolled in a public school in the 11th or 12th grade may attend an institution of higher education for one or more courses under the Youth Options Program. The school board of the district in which the pupil is enrolled is responsible for paying the cost of tuition, fees, and books for the pupil under certain circumstances. A pupil may not take more than 15 credits in any semester.

This bill provides that a pupil may take no more than two courses under the program. The 15-credit limitation is eliminated.

The bill also provides that if a pupil receives a grade of D in a course the pupil must reimburse the school board one-half of the amount paid on the pupil's behalf. If the pupil receives a failing grade, the pupil must reimburse the school board the entire amount. If the pupil fails to complete a course, the pupil must reimburse the entire amount unless the incompleteness is the result of a death in the pupil's family or a family emergency.

For further information see the *state and local* fiscal estimate, which will be printed as an appendix to this bill.
