## Oppose Attacks on the Family Planning Waiver

Dear Legislator:

As a constituent, I urge you to oppose AB 634/SB 308 and AB 383/SB 186, which will exclude young women from the important Family Planning Waiver program. This Medicaid program provides low-income women ages 15-44 with access to preventative health care services such as cancer screens, annual and breast exams, sexually transmitted disease testing and treatment, and access to birth control.

The federal government pays 90% of the costs of the program, estimated to save Wisconsin taxpayers \$15 million dollars over the five-year program and will save millions of dollars in Medicaid costs associated with unintended pregnancies. These bills would not only increase costly teen pregnancies, they threaten the continuation of the entire program, jeopardizing health care services that over 50,000 Wisconsin women rely upon.

As Wisconsin citizens struggle to find affordable health care, programs like the Family Planning Waiver should be supported rather than attacked. This is a very important issue to me.

Please stand up for women's health.

Vote against AB 634/SB 308 and AB 383/SB 186.

Sincerely, Katie M Grater

- Dear State Senator Roessler and State Representative Underheim

I urge you to support AB 634 and SB 308, legislation that would eliminate minor children's access to free, taxpayer-funded birth control and other "family planning" services under the *Medicaid Family Planning Demonstration Project*.

Federal law prohibits parents from being notified that their 15, 16 and 17 year-old sons and daughters are receiving free contraceptives under this *Project*. This undermines parental authority and increases underage pregnancy and abortion by encouraging sexual promiscuity. Oral contraceptives offer no protection against sexually transmitted diseases (STDs), which have become a full-blown epidemic among our teens.

Please support AB 634 and SB 308. This common-sense legislation respects parents and protects our kids. Thank you for your consideration.

Sincerely, Mrs. Jackie Stenson from Winnebago County.

I would like to be contacted about your position on these bills.

My address is: 605-SCHOOL AVE.

OSHKOSH, WI. 54901

Sen. Roessler

Sen. Roessler

Dear State Senator Roessler and State Representative Owens

I urge you to support AB 634 and SB 308, legislation that would eliminate minor children's access to free, taxpayer-funded birth control and other "family planning" services under the *Medicaid Family Planning Demonstration Project*.

Federal law prohibits parents from being notified that their 15, 16 and 17 year-old sons and daughters are receiving free contraceptives under this *Project*. This undermines parental authority and increases underage pregnancy and abortion by encouraging sexual promiscuity. Oral contraceptives offer ~~no~~ protection against sexually transmitted diseases (STDs), which have become a full-blown epidemic among our teens.

**Please support AB 634 and SB 308.** This common-sense legislation respects parents and protects our kids. Thank you for your consideration.

Sincerely, Jeff + Macy Brayton from Winnebago County.

I would like to be contacted about your position on these bills.

My address is: 2315 W. Waukau Ave  
Oshkosh, WI 54904
