### *Analysis by the Legislative Reference Bureau*

This bill prohibits the state, cities, villages, towns, counties, and school districts, and departments, divisions, boards, and agencies of these units of government, from bringing an action against a person who imports, manufactures, or deals in firearms, firearm components, or firearm ammunition or against a firearm trade association, gun or sportsman's club, or sport shooting range owner or operator, under a nuisance theory or for damages or injunctive relief relating to the design, distribution, manufacture, marketing, or sale of firearms, firearm components, or firearm ammunition. The bill does not prevent these units of government from suing the importers, manufacturers, dealers, trade associations, clubs, or ranges for a breach of a warranty or contract for firearms, firearm components, or firearm ammunition purchased by the unit of government or for the design, distribution, manufacture, marketing, or sale of firearms, firearm components, or firearm ammunition in violation of a state or federal law that could result in a civil or criminal penalty.

The bill grants firearm importers, manufacturers, dealers, and trade associations immunity from civil liability in any action for an injury or death caused by a firearm, a firearm component, or firearm ammunition. Immunity from civil

liability is granted also to gun or sportsman's clubs and sport shooting range owners or operators for an injury or death caused by a firearm, a firearm component, or firearm ammunition if the action is based on the club's or range's participation in the distribution, marketing, sale, or other transfer of a firearm, a firearm component, or firearm ammunition.

These immunities do not apply if the injury or death was caused by any of the following:

1. A defect in the workmanship or materials of a firearm, a firearm component, or firearm ammunition.

The negligent handling of a firearm, a firearm component, or firearm ammunition if the negligent handling was by a firearm importer, manufacturer, dealer, or trade association, gun or sportsman's club, or sport shooting range owner or operator in actual physical possession of the firearm, firearm component, or firearm ammunition.

4. A firearm, a firearm component, or firearm ammunition that a firearm importer, manufacturer, dealer, or trade association, gun or sportsman's club, or sport shooting range owner or operator used in violation of a state or federal law that could result in a civil or criminal penalty or used while committing another act that violates a state or federal law that could result in a civil or criminal penalty.

This prohibition does not apply if the injury or death was caused by any of the following:
