Kristina,

This draft amendment inserts a cross-reference definition of “lightweight utility vehicle” in s. 340.01 and creates equipment requirements for LUVs. The equipment requirements are in ch. 23 and are the same as for all-terrain vehicles. As we discussed, AB 219 and this draft attempt to parallel the treatment of LUVs with the treatment under current law of ATVs. Thus, LUVs are only specifically included in or exempted from equipment requirements in ch. 347 where ATVs are also included in or exempted under current law.

As we further discussed, this draft may undergo further changes, depending on feedback you receive from DOT and DNR.
