RE: WLC: 0150/1, WLC: 0151/1, and WLC: 0152/1 (Veterans Tuition Remission and Property Tax Credits)

DATE: March 14, 2005

Attached are the following three bill drafts prepared at your request:

- **WLC: 0150/1** provides that the University of Wisconsin (UW) Board of Regents and a district board of colleges in the Technical College System (TCS) are required to grant remission of tuition and fees to specified persons. Those persons are a spouse, an unremarried surviving spouse, and a child of an eligible veteran under the draft. An "eligible veteran" is one who has served on active duty in the U.S. Armed Forces or forces incorporated as part of the U.S. Armed Forces and who either died on active duty or has at least a 30% service-connected disability. In addition, the term "eligible veteran" includes a person who has served under honorable conditions in the National Guard or a reserve component of the U.S. Armed Forces and who died while in the line of active or inactive duty for training purposes. Certain residency requirements apply with regard to the eligible veterans.

The draft provides for full remission of tuition and fees for 120 credits or eight semesters, whichever is longer, to any resident student who is a dependent of an eligible veteran. For a spouse, the remission applies only during the first 10 years after the eligible veteran received the service-connected disability. For a surviving spouse, the remission applies only during the first 10 years after the veteran died. For a child who is a dependent of an eligible veteran, the remission applies only until the child reaches 26 years of age.

The draft also increases the appropriations to the TCS Board and to the Board of Regents by unspecified amounts to pay for the tuition and fee remission. The amounts of the appropriation increases should be specified in a future draft.

- **WLC: 0151/1** provides that the Board of Regents of the UW System and a district board of the colleges in the TCS are required to grant remission of 50% of the amount of tuition and fees for 120 credits or eight semesters, whichever is longer, to any resident student who is a veteran. For purposes of

this draft, the term "veteran" is defined by reference to the definition of the term "veteran" in ch. 45, Stats., under which persons are generally eligible for state veterans benefits.

The draft also increases the appropriations to the TCS Board and to the Board of Regents by unspecified amounts to pay for the tuition and fee remission. The amounts of the appropriation increases should be specified in a future draft.

- **WLC: 0152/1** provides a nonrefundable individual income tax credit for eligible veterans or eligible unremarried surviving spouses of veterans for the amount paid in property taxes on the claimant's principal dwelling. A person may not claim a credit under this draft if the person also claims another property tax credit for that dwelling against his or her individual income taxes.

For purposes of the draft, an "eligible veteran" is a person who served on active duty in the U.S. Armed Forces or in forces incorporated as part of the U.S. Armed Forces and has a 100% service-connected disability and is at least 65 years of age. The term "eligible unremarried surviving spouse" is defined as the unremarried surviving spouse of a person who has served on active duty and who either died on active duty, or who was at least 65 years of age at the time of his or her death and had a 100% service-connected disability. In addition, the term also includes the unremarried surviving spouse of a person who has served under honorable conditions in the National Guard or a reserve component of the U.S. Armed Forces and who died while in the line of active or inactive duty for training purposes. Certain residency requirements apply with regard to the veteran.
