Representative Boyle:

This draft is based on 2003 Assembly Bill 955. The draft is modified by removing the requirement that individuals forming a domestic partnership may not be related to each other and by adding the requirement that the individuals are living together in the same household. I added a provision [s. 770.05 (2)] that specifies that immediate family members may form a domestic partnership, because that is different from "considering" themselves to be members of each other's immediate family.
