## **Assumptions Used in Arriving at Fiscal Estimate**

This bill creates development zone credit provisions under s. 76.636, Stats., and thus, expands the eligibility to claim development zone credits to include insurers which are subject to state license fees. The bill may increase the number of businesses that claim credits under the development zone programs, and thus, which need to have the information verified by the Department and then submitted to the Office of the Commissioner of Insurance. Nonetheless, it is not anticipated that this bill will not have a fiscal effect on the Department of Commerce

**Long-Range Fiscal Implications**
