DOA:.....Statz, BB0314 - Increase in hunting and fishing fees and approval changes

FOR 2005-07 BUDGET -- NOT READY FOR INTRODUCTION

DO NOT GEN

1 AN ACT ...; relating to: the budget.

Analysis by the Legislative Reference Bureau

NATURAL RESOURCES

FISH, GAME, AND WILDLIFE

This bill increases the following hunting and fishing approval fees:

1. All hunting licenses issued to residents and nonresidents.
2. Annual resident fishing licenses issued to adults and senior citizens.
3. Combination fishing licenses issued to husbands and wives who are state residents.
4. Inland trout stamps.
5. The surcharge for conservation patron licenses.
6. Certain licenses issued as duplicates for lost licenses.
7. The wildlife damage surcharge, which is added to the base fee for most hunting licenses.

The bill decreases the fees for conservation patron licenses issued to adult residents and nonresidents.

Under current law, no person may hunt waterfowl or pheasant without a license authorizing the hunting of small game (underlying license) that is issued by DNR and a waterfowl or pheasant hunting stamp, also issued by DNR, which is attached to or imprinted on the license. DNR charges a fee for both the hunting license and

the stamp. This bill creates a grouse and woodcock hunting stamp which, with certain exceptions, must be attached to, or imprinted on, the underlying license in order for a person to hunt ruffed grouse or woodcock. The bill establishes a fee for this stamp. The moneys received by DNR from these fees is appropriated for the development and management of the ruffed grouse and woodcock populations within the state.

The bill requires that, ~~with limited exceptions~~² lake sturgeon that are taken by hook and line, instead of by spearing, be tagged with a sturgeon hook and line tag issued by DNR. The bill establishes a fee for this tag. The moneys received by DNR from these fees is appropriated for managing the lake sturgeon fishery in inland lakes.

Holders of conservation patron licenses are not required to purchase grouse and woodcock hunting stamps or sturgeon hook and line tags.

Under current law, DNR issues wild turkey hunting licenses and tags according to a cumulative preference system. Under the system, priority is given to license applicants based on residency, land ownership, and the receipt of licenses for earlier seasons. One tag is issued for each license. Before using the preference system, DNR allocates a certain number of wild turkey hunting tags for each wild turkey hunting zone that it establishes and for certain time periods it establishes during the wild turkey hunting seasons. Applicants apply for a specific zone or specific time period and the preference system is used separately in each zone and for each time period. In a zone where or for a time period when the number of applicants does not exceed the number of tags available and there are surplus tags, the bill authorizes DNR to issue these surplus tags. The bill establishes a fee for these tags.

For further information see the *state and local* fiscal estimate, which will be printed as an appendix to this bill.

Analysis by the Legislative Reference Bureau

NATURAL RESOURCES

FISH, GAME, AND WILDLIFE

This bill increases the following hunting and fishing approval fees:

1. All hunting licenses issued to residents and nonresidents.
2. Annual resident fishing licenses issued to adults and senior citizens.
3. Combination fishing licenses issued to husbands and wives who are state residents.
4. Inland trout stamps.
5. The surcharge for conservation patron licenses.
6. Certain licenses issued as duplicates for lost licenses.
7. The wildlife damage surcharge, which is added to the base fee for most hunting licenses.

~~The bill decreases the fees for conservation patron licenses issued to adult residents and nonresidents.~~

Under current law, no person may hunt waterfowl or pheasant without a license authorizing the hunting of small game (underlying license) that is issued by DNR and a waterfowl or pheasant hunting stamp, also issued by DNR, which is attached to or imprinted on the license. DNR charges a fee for both the hunting license and

ANL

the stamp. This bill creates a grouse and woodcock hunting stamp which, with certain exceptions, must be attached to, or imprinted on, the underlying license in order for a person to hunt ruffed grouse or woodcock. The bill establishes a fee for this stamp. The moneys received by DNR from these fees is appropriated for the development and management of the ruffed grouse and woodcock populations within the state.

The bill requires that lake sturgeon that are taken by hook and line, instead of by spearing, be tagged with a sturgeon hook and line tag issued by DNR. The bill establishes a fee for this tag. The moneys received by DNR from these fees is appropriated for managing the lake sturgeon fishery in inland lakes.

Holders of conservation patron licenses are not required to purchase grouse and woodcock hunting stamps or sturgeon hook and line tags.

Under current law, DNR issues wild turkey hunting licenses and tags according to a cumulative preference system. Under the system, priority is given to license applicants based on residency, land ownership, and the receipt of licenses for earlier seasons. One tag is issued for each license. Before using the preference system, DNR allocates a certain number of wild turkey hunting tags for each wild turkey hunting zone that it establishes and for certain time periods it establishes during the wild turkey hunting seasons. Applicants apply for a specific zone or specific time period and the preference system is used separately in each zone and for each time period. In a zone where or for a time period when the number of applicants does not exceed the number of tags available and there are surplus tags, the bill authorizes DNR to issue these surplus tags. The bill establishes a fee for these tags.

For further information see the *state and local* fiscal estimate, which will be printed as an appendix to this bill.

Subject: general wildlife damage change

As you requested, I have reviewed 1258/3 against the schedule sent December 10 as revised. It ties out and your analysis section is accurate.

As we discussed, it has been decided to change the general wildlife damage fee from the current law amount of \$1 to \$2, rather than \$2.50. No change is needed for the base fee of the patron license (it's wildlife damage surcharge will remain at the \$4 level included in 1258/3).

A revised fee schedule is attached. Changes to the current draft are highlighted.

Thank you for your help with this late change.
