FOR  
ROBSON

City of Madison

1. General Transportation Aids. Set the statutory municipal distribution in 2006 and 2007 at the level that corresponds to a 3% annual increase in funding for General Transportation Aids. Set the general transportation aid to municipalities calendar year distribution as follows: \$291,789,800 in 2006 and \$300,543,500 in 2007. Set the calendar year rate per mile at \$1,880 in 2006 and \$1,936 in 2007.

[Perhaps Fiscal Bureau can confirm these figures (See Paper No. 725 at <http://www.legis.state.wi.us/lfb/2005-07budget/BudgetPapers/725.pdf>) and provide the corresponding SEG figures.]

2. Shared Revenue. Provide an inflationary increase in Shared Revenue payments to local governments. While the language in the current bill does not decrease funding compared to the last Biennium, the costs of providing basic services by local governments have continued to increase. Providing for an inflationary increase based on the Consumer Price Index or other reliable indicator, would more fairly keep pace with such cost increases and would result in property tax relief.

3. Child Care Pass Through. Maintain base funding of \$308,040,600 FED annually during the 2005-07 biennium for direct child care services, as described in LFB Budget Paper # 855, Alternative A1. (See, <http://www.legis.state.wi.us/lfb/2005-07budget/BudgetPapers/855.pdf>)  
). Dane County also supports this request.

PJK 60742

4. Bus Shelter Advertising. Current law generally prohibits advertising on the public right of way, with few exceptions. Municipalities throughout the State of Wisconsin, during these tight fiscal times, need options to increase their revenues. One such source of potential additional revenues is to sell advertising on bus shelters.

In order to permit such revenue-generating initiatives, a statutory amendment is needed. I attach a memo that more fully describes the issue and a recommended solution.

**LEGISLATIVE REFERENCE BUREAU**

LRBb0742/dn

PJK.....  
WJ

This amendment decreases the amounts allocated for direct child care services. The amounts were lower in the original budget bill from what they were in the substitute amendment and are in the engrossed bill because of a number of initiatives in the budget bill that were supposed to have the effect of reducing the amount necessary for direct child care services, such as the quality rating system and increasing the time for which caretakers of newborn infants could receive grants under W-2. Removal of those initiatives required increasing the amounts for direct child care services.
