DOA 1/25/2005

LRB Number 05-1303/1	Introduction Number SB-27	Estimate Type Original
Subject Media for recording plats, maps, and floor plans		

Assumptions Used in Arriving at Fiscal Estimate

The change in the definition of media to record plats and certified survey maps will permit flexibility for County Registers of Deeds. This should facilitate imaging technology and digital storage options for these offices, which may reduce the amount of storage space and associated costs of space. However, the potential reduction in costs is unknown.

Long-Range Fiscal Implications

Potential for cost reduction.
