Subject: AB 9

Robin:

We ran into a "germane" issue in committee regarding AA 1 (LRBa0249) to AB 9 (LRB 1163). Therefore, we would like to draft a new bill which incorporates AB 9 and AA1.

Thank you.

1 AN ACT *to amend* 28.11 (5) (a) of the statutes; **relating to:** the plan period for
2 county forest land use plans *and eligibility for grants for county forest administrators and sustainable forestry*

Analysis by the Legislative Reference Bureau

Under current law, a county board may enact an ordinance designating a committee to manage lands designated as county forests in that county. A comprehensive county forest land use plan must be prepared for the county forest land by that committee. The plan must include land use designations, land acquisition, forest protection, annual allowable timber harvests, recreational developments, projects to be undertaken during the plan period, and other information. The plan must be prepared for a 10-year period and must be revised when the plan period expires. ✓

This bill requires that each county forest land use plan be prepared for a 15-year period rather than a 10-year period. It also requires that the plan be revised every 15 years. The bill specifies that if the plan is not revised, the plan remains in effect until it is revised and the revised plan takes effect. ✓

For further information see the **state and local** fiscal estimate, which will be printed as an appendix to this bill.

Insert Analysis

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

3 SECTION 1. 28.11 (5) (a) of the statutes is amended to read:

INSERT ANALYSIS

★ 4 ② Under current law, the Department of Natural Resources (DNR) administers ^{TWO} programs for the purpose of making grants to counties having lands designated as county forest lands. Under one of these programs DNR may make grants for the purpose of funding a portion of the salary for a county forest administrator or assistant administrator. Under the other grant program, DNR may make grants for the purpose of funding the cost of activities designed to improve sustainable forestry. ✓ This bill provides that DNR may choose not to make ✓ either type of grant to an eligible county if the county board for that county is more than one year delinquent in approving a comprehensive county forest land use plan or revised plan. ✓
