### ***Analysis by the Legislative Reference Bureau***

Under current law, a county may assign to a person the county's right to take judgment on property that is subject to foreclosure for delinquent taxes, if the parcel is a brownfield and if the person to whom the property is assigned agrees to clean up the property. Under current law, a brownfield is, generally, any abandoned, idle, or underused industrial or commercial property that has not been expanded or redeveloped because of actual or perceived environmental contamination. Under this bill, for purposes of assigning contaminated property, a brownfield is any abandoned, idle, or underused industrial or commercial property or any abandoned residential property.

For further information see the ***state and local*** fiscal estimate, which will be printed as an appendix to this bill.
