

DRAFTER'S NOTE
FROM THE
LEGISLATIVE REFERENCE BUREAU

LRBa0679/1dn
RNK:kjf:rs

May 31, 2005

The draft language that you provided with your drafting instructions for this amendment called for DNR to manage forest resources in a manner that is consistent with the “property’s designation by statute, rule or the natural resources board.” Please look closely at the language I used in the draft which is more specific than your language. I have assumed that by the use of the term “designation,” you were referring to the designation of property as a state forest, state park, state natural area, or a similar kind of purpose-based designation. The use of the term “designation” without further description could be interpreted to include other kinds of designations such as geographical designation which I assume is not your intent. If my assumptions were incorrect and the draft does not reflect your intent, please let me know and I will redraft accordingly.
