2 347.255 (1) and 347.255 (3); *to amend* 347.50 (1); and *to create* 347.385 (1m),
3 347.385 (5) and 347.50 (1m) of the statutes; **relating to:** traffic control signal
4 emergency preemption devices, and providing a penalty.

Analysis by the Legislative Reference Bureau

Under current law, certain authorized emergency vehicles (police and fire department vehicles and ambulances) may be equipped and operated with lamps designed and used to activate traffic control signal emergency preemption devices. No operator of such an authorized emergency vehicle may use these lamps except under specified emergency circumstances. Any person who is convicted of a violation of this prohibition is subject to a forfeiture of not less than \$10 nor more than \$200.

Under this bill, an emergency preemption device is defined as a device on a traffic control signal that permits an approaching vehicle to alter the normal sequence of the signal to provide or maintain a green light for the emergency vehicle. A transmitter emits a signal for the purpose of activating an emergency preemption device. With limited exceptions, this bill prohibits a person from operating a motor vehicle, other than these authorized emergency vehicles, that is equipped with a transmitter or in which a transmitter is located. A person who is convicted of a violation of this prohibition is subject to a fine of not more than \$10,000 or imprisonment for not more than one year or both. The bill also prohibits the use of any transmitter in an authorized emergency vehicle except under specified emergency circumstances. A person who is convicted of a violation of this prohibition

ASSEMBLY BILL 365

is subject to the same forfeiture that applies to a violation under current law, a forfeiture of not less than \$10 nor more than \$200.

Because this bill creates a new crime or revises a penalty for an existing crime, the Joint Review Committee on Criminal Penalties may be requested to prepare a report concerning the proposed penalty and the costs or savings that are likely to result if the bill is enacted.
