SECTION #.

- body of bill attached -

2005-2006 DRAFTING INSERT
FROM THE
LEGISLATIVE REFERENCE BUREAU

LRB-1184/lins2
JTK.....

Currently, except in counties having only one town (Menominee County), each county is required to enact a revised supervisory district plan to reflect the results of each federal decennial census. With limited exceptions, each supervisory district that is created under such a plan must consist of contiguous, whole wards or municipalities. For this purpose, the law provides that a district that includes territory that is connected to other territory only from corner to corner is considered to be contiguous. *fix space*

This bill deletes the law which provides that territory in a county supervisory district plan that is connected to other territory from corner to corner is considered to be contiguous, effective with revised county supervisory district plans enacted in response to the 2010 federal decennial census of population.
