

**DRAFTER'S NOTE  
FROM THE  
LEGISLATIVE REFERENCE BUREAU**

LRB-1754/P2dn  
ARG:lmk:pg

February 28, 2005

ATTN: Luanne Kostelic

This redraft reflects the changes that we discussed and a modification to bill Section 1 to address an issue raised by DOT by e-mail. I would recommend, in bill Sections 1 and 4 of the attached "/P2" draft, either eliminating the language referencing "the initial costs of production of the special group plates" or eliminating this language in bill Section 1 and modifying this language in bill Section 4 to read "\$27,600 for initial costs of production ..." There is really no reason to include in the bill text "the initial costs of production ... or \$27,600, whichever is less" when the appropriation increase in bill Section 9 is for exactly \$27,600.

Also, the attached draft could be revised to make the appropriation from the Transportation Fund rather than the General Fund.
