2005 BILL

Reger

1 AN ACT *to create* 20.465 (3) (b), 166.02 (6u) and 166.03 (2) (b) 9. of the statutes;

2 relating to: payments for natural disasters, granting rule-making authority,

3 and making an appropriation.

*Analysis by the Legislative Reference Bureau*

Currently, the Division of Emergency Management in the Department of Military Affairs (DMA) provides grants to counties for emergency management programs, including programs related to hazardous substance releases and planning and responding to natural disasters. Funding for these programs comes from federal, state, and county funds and from fees paid by private businesses. The adjutant general of DMA provides the state share of grants to individuals and contributions to local governments for major disaster recovery assistance in the event of a presidential disaster declaration.

This bill allows the adjutant general, based on rules promulgated by DMA, to make payments to individuals and local units of government for the losses or costs they incurred as the result of a major catastrophe if the governor requests a presidential disaster declaration and that declaration is denied.

For further information see the *state and local* fiscal estimate, which will be printed as an appendix to this bill.

*The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:*
