

**DRAFTER'S NOTE**  
**FROM THE**  
**LEGISLATIVE REFERENCE BUREAU**

LRB-2652/1dn  
RPN:kjf:rs

April 25, 2005

This draft expands the definition of "harassment" for purposes of obtaining a harassment injunction and refers to that expanded definition instead of the current reference to the criminal definition of "harassment" when determining if the person should be subject to the injunction, but does not expand the criminal definition of harassment. Is that OK?
