## 2001 ASSEMBLY BILL 415

May 18, 2001 - Introduced by Representatives POWERS, GRONEMUS, HAHN, SKINDRUD, MUSSER, SYKORA and TOWNSEND. Referred to Committee on Natural Resources.

1     **AN ACT to amend** 29.235 (2m), 29.241 (1), 29.351 (3), 29.597 (5) (a), 29.597 (6) (b)  
2             1., 29.597 (6) (b) 2. and 29.597 (6) (b) 3.; and **to create** 29.563 (6) (am) of the  
3             statutes; **relating to:** trapping licenses issued to nonresidents.

---

### *Analysis by the Legislative Reference Bureau*

Under current law, the department of natural resources (DNR) may issue trapping licenses only to residents. To be issued a license, most residents must successfully complete instruction under the trapper education program administered by DNR. Residents who are exempt from this requirement include persons who held state trapping licenses on or before May 12, 1992, and farmers.

This bill creates a nonresident trapping license and establishes a fee for the nonresident license that is substantially higher than the fee for the resident license. Under the bill, DNR may issue a trapping license only to a nonresident who successfully completes the trapper education course in this state or a similar course in another state. The bill provides no exemptions for nonresidents from this licensing requirement.

For further information see the *state and local* fiscal estimate, which will be printed as an appendix to this bill.

~~PRELIMINARY DRAFT - NOT READY FOR INTRODUCTION~~

1 AN ACT <sup>Gen</sup> ...; relating to: trapping licenses and permits issued to certain  
2 nonresidents

*Analysis by the Legislative Reference Bureau*

Under current law, the Department of Natural Resources (DNR) may issue trapping licenses only to state residents. To be issued a license, most residents must successfully complete instruction under the trapper education program administered by DNR. Residents who are exempt from this requirement include persons who held state trapping licenses on or before May 12, 1992, and farmers.

This bill creates a nonresident trapping license and establishes a fee for the nonresident license that is substantially higher than the fee for the resident license. Under the bill, DNR may issue a trapping license only to a nonresident who successfully completes the trapper education course in this state or a similar course in another state. The bill provides no exemptions for nonresidents from this licensing requirement.

Under current law, DNR may limit the number of bobcats, fishers, or otters that may be trapped in any area of the state and may do so by issuing trapping permits, with higher priority for persons given to those persons who apply for such permits in previous seasons but who do not receive any permit. This bill allows DNR in administering the issuance of these trapping permits to impose greater or stricter limitations on trapping by nonresidents than on trapping by state residents and to give greater preference to state residents over nonresidents.

For further information see the *state and local* fiscal estimate, which will be printed as an appendix to this bill.
