***Analysis by the Legislative Reference Bureau***

***Introduction***

Under current law, the Child Abuse and Neglect Prevention Board (CANPB), conducts certain activities relating to the prevention of child abuse and neglect. Those activities include awarding grants for child abuse and neglect prevention programs, early childhood family education centers, and right from the start projects; recommending policy changes to reduce the problems of child abuse and neglect; and developing public awareness of the problems of child abuse and neglect. Currently, the activities of the CANPB are funded by federal funds, moneys received from the sale of duplicate birth certificates, and moneys from the children's trust fund, which consists of contributions, grants, gifts, and bequests received for the fund and moneys received from the sale of "Celebrate Children" license plates. This bill makes various changes relating to a nonstock, nonprofit corporation organized by the CANPB, the membership of the CANPB, and the grant programs administered by the CANPB.

***Nonstock, nonprofit corporation***

Current law authorizes the CANPB to organize a nonstock, nonprofit corporation that is exempt from federal and state taxation for the purpose of soliciting and accepting tax-deductible contributions, grants, gifts, and bequests for the children's trust fund. The corporation is governed by a board of directors consisting of five members, including the chairperson of the CANPB and four members of the CANPB, elected by the CANPB, of which one must be a legislator. The corporation may not employ staff, but rather receives administrative services from the CANPB as determined by the CANPB.

This bill expands the purposes of the corporation organized by the CANPB to include not only soliciting and accepting contributions, grants, gifts, and bequests for the children's trust fund but also administering any programs that the CANPB contracts with the corporation to administer. The bill also permits the corporation, in addition to depositing those contributions, grants, gifts, and bequests into the children's trust fund, to deposit those contributions, grants, gifts, and bequests into a fund that the corporation must establish and maintain under the bill and to use those moneys for the authorized purposes of the corporation or to pay for the operating costs of the corporation or to permit those contributions, grants, gifts, and bequests to accumulate indefinitely. In addition, the bill requires the Department of Transportation to deposit moneys received from the sale of "Celebrate Children" license plates into the fund established by the corporation, rather than into the

**BILL**

children's trust fund, and requires the secretary of administration to transfer the unencumbered balance in the children's trust fund that is derived from the sale of those license plates to the fund established by the corporation, where those moneys must be permitted to accumulate indefinitely. Under the bill, the corporation must annually submit to the CANPB for its approval a budget specifying how the corporation intends to allocate its moneys. The budget must specify the amount of contributions, grants, gifts, and bequests accepted by the corporation that will be deposited into the children's trust fund and the amount of those contributions, grants, gifts, and bequests that will be deposited into the fund of the corporation and, of the amounts deposited into that fund, the amounts that will be allocated for each of the corporation's purposes or that will be permitted to accumulate indefinitely.

In addition, the bill authorizes the CANPB to award, from the children's trust fund, a grant of not more than \$100,000 in each of fiscal years 2005-06 and 2006-07 to the corporation and requires the corporation to use the grant moneys awarded for the corporation's authorized purposes. The bill also adds four members, elected by the CANPB, to the board of directors of the corporation and eliminates the requirement that one member of the board of directors of the corporation be a legislator. Finally, the bill permits the corporation to employ staff to perform administrative services for the corporation.

***Membership of CANPB***

Under current law, the CANPB consists of 16 members including the governor, the attorney general, the secretary of health and family services, the state superintendent of public instruction, one majority party and one minority party member of each house of the legislature, and eight public members, six of whom must be appointed on the basis of expertise, experience, and interest in the prevention of child abuse and neglect or on the basis of expertise or experience in intervention in cases of child abuse and neglect, one of whom must be an adult who was the victim of abuse or neglect as a child, and one of whom must be a parent who formerly abused or neglected his or her child.

This bill adds the secretary of corrections, the secretary of workforce development, and two additional public members to the CANPB. The bill also eliminates the requirements that one public member be an adult who was the victim of abuse or neglect as a child and that one public member be a parent who formerly abused or neglected his or her child and instead requires that all public members be appointed on the basis of expertise, experience, leadership, or advocacy in the prevention of abuse or neglect.

***Grant programs administered by CANPB***

Under current law, the CANPB awards grants to organizations for child abuse and neglect prevention programs that promote public awareness of the need for child abuse and neglect prevention and that provide community-based education and services for parents, children, and families; early childhood family education centers that provide parenting education and referrals to other social services programs; and right from the start projects that provide outreach services to the parents of newborn infants.

**BILL**

*eliminates a cap of \$30,000 on the amount that may be awarded for a prevention program ~~and a cap of \$150,000 on the amount that may be awarded for a family resource center~~*

This bill eliminates grants for right from the start projects and changes the term "early childhood family education center" to "family resource center." The bill also permits the CANPB to provide technical assistance to an organization to which the CANPB awards a grant, increases from \$75,000 to not more than \$150,000 the amount allocated in each fiscal year for family resource center grants in Milwaukee County, and permits the CANPB to provide child abuse and neglect information and services on a statewide basis.

In addition, the bill requires an organization that applies for a grant from the CANPB to include proof in its grant application that the organization has the cultural competency — which is defined as the ability to understand and act respectfully toward the beliefs, interpersonal styles, attitudes, and behaviors of persons and families of various cultures — to provide services to persons and families in the various cultures in the organization's target population and has the ability to maximize the coordination of services and minimize the duplication of services by coordinating with other organizations, to provide programs that identify and build on a family's strengths to encourage the development of a healthy family, to provide culturally competent services, and to provide community-based services through its program.

*permits <sup>duplicate</sup> birth certificate monies to be expended for statewide projects*

For further information see the *state and local* fiscal estimate, which will be printed as an appendix to this bill.

The biennial budget act establishes the appropriation schedule for the biennium. As such, that schedule may not be changed until the budget is enacted. Accordingly, this draft includes an effective date provision providing that the appropriation changes made in the draft take effect on the day after the budget takes effect.

Because the budget bill repeals and recreates the entire appropriation schedule, theoretically it could repeal ~~ss. 20445 (1)(a) and (k) and 20505 (8)(b) 18dr~~, in which case the appropriation changes made by this draft would have no effect. Accordingly, you might wish to have this draft redrafted as a budget amendment or wait until after the budget is enacted to pursue enactment of this draft.
