Analysis by the Legislative Reference Bureau

Under current law, a person who is 16 years of age or older may operate a motorboat without completing a boating safety course or otherwise being tested as to his or her knowledge regarding boating operation and safety. Under this bill, a person who is 16 years of age or older and who is born after January 1, 1989, must complete a boating safety course established by the Department of Natural Resources (DNR) and must be issued a certificate of completion. Under current law, a certificate issued by another state or a Canadian province will be honored in this state if the course content substantially meets the requirements for the course established by DNR.
